Register of Eligible Business Corporations

CONSENT TO INCLUDE EBC IN PUBLIC REGISTER

The Investment Capital Branch (ICB) maintains a register of Eligible Business Corporations (EBCs) that are actively raising investment. **The register is made available to Venture Capital Corporations and other investors who are seeking investment opportunities and want to know which companies are registered as EBCs in the Venture Capital Tax Credit Program (VCP) and are actively raising investment.**

The Register of EBC's is posted on the ICB's public website and is updated monthly.

Company names appear on the register from the time an Equity Authorization is issued to the EBC to five years after the date the last tax credit supported investment was made. Specific information that will appear on the register includes:

- EBC Name and Registration Number
- Registration Date
- Registered Office Address
- Place of Business Address

If you wish your company to be added to the register, please sign below:

In the event that the EBC is granted an Equity Authorization, I provide my consent to the ICB to include the EBC's corporate name, registration number, registration date, registered office address and place of business address in a publicly available register of EBCs. The name will appear on the register from the time an Equity Authorization is issued to five years after the date the last tax credit supported investment was made, or the corporation ceases to be an EBC, whichever is sooner. I understand the EBC can be removed from the register at any time by contacting the Investment Capital Branch at InvestmentCapital@gov.bc.ca.

To add your company to the register of Eligible Business Corporations, please sign below and return to your Portfolio Manager or email to InvestmentCapital@gov.bc.ca
