

MEDIA RELEASE

For Immediate Release - Attention Editor

**AIR QUALITY ADVISORY ENDED
FOR PRINCE GEORGE**

(January 9, 2019 7:00 - Prince George). Due to improved air quality conditions, the Ministry of Environment and Climate Change Strategy in collaboration with Northern Health has ended the Air Quality Advisory that was issued for Prince George.

Real-time air quality observations and information regarding the health effects of air pollution can be found at www.bcairquality.ca.
