

Log of Monitoring Well: MW07-17

Project: 260 12th. St.
Project No.: 398-058.02
Client: Cayes Foundation
Location: New Westminster
Elevation of Ground Surface: 7.51m

Date Drilled: Jan 22, 2007
Drilling Company: Uniwide Drilling Co. Ltd.
Drilling Method: Daylighting / Solid Stem
Logged By: B Lin
Elevation of Top of Pipe: 7.427m

SUBSURFACE PROFILE				SAMPLE			Depth	Well Completion Details
Depth	Symbol	Description	Depth/Elev.	Sample ID	Type	Vapour (ppm)		
0		Ground Surface	0.0				0	
0		Concrete Sidewalk					0	
2		Sand and Gravel Fill Medium grained, grey, trace silt, medium dense, moist	0.8	1	G	<5	2	
4		Sand (Fill?) Medium grain, some gravel and cobbles, trace silt, grey, medium dense, moist		2	G	<5	4	
6		Rootlets at 1.2m		3	G	<5	6	
8		Sand (Fill?) Medium grain, some gravel, trace silt, some wood fragments, brown, medium dense, moist	2.0	4	G	<5	8	
10		Sand Medium grained, trace gravel, trace silt, grey, loose, moist	2.6	5*	G	<5	10	
12				6 / 10	G	<5	12	
14		Sand Medium grained, trace silt, trace gravel, light brown, loose, moist	4.0	7	G	<5	14	
16		Sand Medium grained, trace gravel, trace silt, grey, medium dense, moist	4.6				16	
18							18	
20							20	
22							22	
24							24	
26		End of Log	7.6				26
