MOUNT POLLEY MINING CORPORATION
SUITE 200
580 HORNBY ST
VANCOUVER, BC V6C 3B6

POLLUTION ABATEMENT ORDER AMENDMENT

I have reasonable grounds to believe that pollution is being caused in the receiving environment as a result of the tailings storage facility breach incident that occurred on August 4, 2014 at the Mount Polley Mine. The incident occurred from a property located approximately 7 kilometers southwest of Likely, BC and is legally described as Mineral Claim 514039, Cariboo Mining Division, Cariboo Land District, owned and/or operated by MOUNT POLLEY MINING CORPORATION (MPMC).

This order amends Order 107461 last amended May 27, 2015.

Pursuant to Section 83 of the *Environmental Management Act*, MOUNT POLLEY MINING CORPORATION is hereby ordered to comply with the following revised requirements:

1.0 Post-Event Impact Assessment Report

- (a) The first additional Post-Event Environmental Impact Assessment Report must be submitted by April 29th, 2016 with a draft provided for review by February 29th, 2016

2.0 Delineation of Mine Affected Material and Sediment

- (a) Provide the report delineating the extent of mine affected materials and sediment in the environment by January 15 2016. The delineation report must include a series of maps, one for each media (water, sediment, invertebrate, fish, etc.) sampling set locating all samples taken for that media as they relate to the delineation of the spill impacted areas and including the data table of the associated media sampling that indicates sampling results, dates and rationale for their location.

3.0 Additional Provisions

- (a) Every requirement of this Order must be carried out to the satisfaction of the director.
- (b) Subject to the conditions at the site, the director may require additional action, as deemed necessary by the director, to protect human health and the environment.

Failure to comply with the requirements of this order is a contravention of the *Environmental Management Act* and may result in legal action. I direct your attention to Section 120(10) of the *Environmental Management Act*, which reads:

“(10) A person who contravenes an order...that is given, made or imposed under this Act by a ...director...commits an offence and is liable on conviction to a fine not exceeding \$300 000 or imprisonment for not more than 6 months, or both.”

Failure to comply with the requirements of this order may also result in an administrative penalty under the *Administrative Penalties Regulation (Environmental Management Act) (B.C. Reg 133/2014)* (Regulation). I direct your attention to Section 12(4) of the *Regulation*, which reads:

“(4) A person who fails to comply with an order under the [Environmental Management] Act is liable to an administrative penalty not exceeding \$40 000.”

This order does not authorize entry upon, crossing over, or use for any purpose of private or crown lands or works, unless and except as authorized by the owner of such lands or works. The responsibility for obtaining such authority rests with you. It is also your responsibility to ensure that all activities are carried out with due regard for the rights of third parties, and comply with other applicable legislation that may be in force, such as municipal bylaws relating to the discharge of waste to municipal storm or sanitary sewers.

This decision may be appealed to the Environmental Appeal Board in accordance with Part 8 of the *Environmental Management Act*. An appeal must be delivered within 30 days from the date notice is given. For further information, please contact the Environmental Appeal Board at (250) 387-3464.

If you have any questions, please call the undersigned.

Yours truly,

Hubert Bunce
