

2017 CARBON NEUTRAL ACTION REPORT – SMALL EMITTERS FORM

DUE: May 31, 2018

This form is for the use of BC Public Sector Organizations whose GHG emissions were less than 600 tonnes CO₂e during the previous reporting year (2017). Please fill in the required information below:

Organization Name:

School District No.19 (Revelstoke)

Contact name:

Mark Jummun

GHG Emissions and Offsets for 2017 (tCO ₂ e)	
GHG Emissions created in Calendar Year 2017 (from SMARTTool Homepage):	
Total Emissions (tCO ₂ e)	285
Total Offsets (tCO ₂ e)	205
Adjustments to GHG Emissions Reported in Prior Years (from SMARTTool Homepage):	
Total Emissions (tCO ₂ e)	18
Total Offsets (tCO ₂ e)	18
Grand Total Offsets for the 2017 Reporting Year (from SMARTTool Homepage): (This is the total emissions that must be offset for Reporting Year 2017)	
Grand Total Offsets (tCO ₂ e)	223

To enable comparisons with all B.C. public sector organizations, please provide the following data for your organization:

1. How many Full Time Equivalent (FTE) employees were part of your organization as of Dec 31, 2017? 126 FTE
2. What was the total amount of floorspace (m²) in your organization (including occupied and unoccupied space, owned or leased) as of Dec 31, 2017: 22,585 (m²)
3. What was the primary use of that space (office, education, warehousing, health services, lodging, arts and recreation, other)? Education
4. How many motor vehicles did your organization own or lease as of Dec 31, 2017? 10

Briefly describe the top three actions taken by your organization in 2017 to reduce GHG emissions and/or improve sustainability from its operations:

Action
1. Connected one of our schools to the city sewer. The school was on a septic field which required annual maintenance. The new system will reduce maintenance activity and be better for the environment.
2. Completed an external envelope project at one of our schools, which included upgrading the external doors and cladding materials. The materials used are low maintenance and will be sustainable over the long term.
3. Completed maintenance work at one of our schools to ensure that the onsite surface water drainage system works as designed.

Briefly describe plans your organization has for continuing to reduce your GHG emissions in future years:

We have requested the installation of solar panels at one of our elementary schools as a pilot project. Capital funding has been requested from the Ministry of Education. The project will move forward if funding is approved for the purpose.

Describe any actions your organization took during 2017 to strengthen its ability to manage the likely effects of climate change in the coming years and decades (e.g., have assessed whether increased frequency of extreme weather events and/or long term changes in climate will affect your organization's infrastructure, its employees and/or its clients.)

More closely monitor energy consumption.

Retirement of Offsets:

In accordance with the requirements of the *Greenhouse Gas Reduction Targets Act* and Carbon Neutral Government Regulation, *School District No.19 (Revelstoke)* (the Organization) is responsible for arranging for the retirement of the offsets obligation reported above for the 2017 calendar year, together with any adjustments reported for past calendar years. The Organization hereby agrees that, in exchange for the Ministry of Environment and Climate Change Strategy ensuring that these offsets are retired on the Organization's behalf, the Organization will pay the associated invoice to be issued by the Ministry in an amount equal to \$25 per tonne of offsets retired on its behalf plus GST.

Executive Sign-off
