Briefly describe the top three actions taken by your organization in 2018 to reduce GHG emissions and/or improve sustainability from its operations:

Action
1. Recycling all renewable waste.
2. Turn off monitors and lights when not in use.
3. Identify entry points and remedy to eliminate drafts.

Briefly describe plans your organization has for continuing to reduce your GHG emissions in future years:

Communicate to all staff the importance of conserving energy whenever possible through turning off lights from the last person leaving a room and leaving the shades down at night to conserve heat. Also encourage all staff to recycle as much as possible.

Describe any actions your organization took during 2018 to strengthen its ability to manage the likely effects of climate change in the coming years and decades (e.g., have assessed whether increased frequency of extreme weather events and/or long term changes in climate will affect your organization's infrastructure, its employees and/or its clients.)

Did not consider any effects on climate change in the coming years.

Retirement of Offsets:

In accordance with the requirements of the *Climate Change Accountability Act* and Carbon Neutral Government Regulation, *St. Michael's Centre* (the Organization) is responsible for arranging for the retirement of the offsets obligation reported above for the 2018 calendar year, together with any adjustments reported for past calendar years. The Organization hereby agrees that, in exchange for the Ministry of Environment and Climate Change Strategy ensuring that these offsets are retired on the Organization's behalf, the Organization will pay the associated invoice to be issued by the Ministry in an amount equal to \$25 per tonne of offsets retired on its behalf plus GST.
