Order for the Establishment of Supplemental Visual Quality Objectives for the Peace Forest District

Pursuant to Section 7(2) of the *Government Actions Regulation (GAR)* (B.C. Reg. 582/2004), I, Jeff Holland, Acting District Manager for the Peace Forest District, establish supplemental visual quality objectives (VQOs) for the Dawson Creek Timber Supply Area (TSA) portion of the Peace Forest District as shown on the enclosed map titled: *Peace Forest District (Dawson Creek Timber Supply Area) – Supplemental Visual Quality Objectives, June 23, 2006*. These VQOs were part of the initial consultation process that occurred in the summer of 2005, but were inadvertently omitted from the VQO Order released on December 16, 2005, due to a database update error. Consequently, this VQO Order must be used in conjunction with the VQO Order released last December. The updated file can be found on the district FTP site and will soon be re-loaded onto the Land and Resource Data Warehouse.

These VQOs apply to those scenic areas established under Section 7(1) of the *GAR* for the Peace Forest District (Dawson Creek TSA), under Order signed by the Associate Deputy Minister, *Ministry of Agriculture and Lands, Integrated Management Land Bureau*, and dated December 14, 2005.

Yours truly,

Jeff Holland
Acting District Manager
Peace Forest District
