 - 3.1.2 After the execution of this Agreement, and if applicable, once volume becomes available through the timber reallocation process, the Minister will invite the Adams Lake Indian Band, or such legal entity as the Adams Lake Indian Band has

appointed as its representative to hold the licence to apply under the *Forest Act* for a non-replaceable forest licence (the "Licence") on a non-competitive basis with a component coming from forest revitalization for up to 20 800 cubic meters annually in the Kamloops Timber Supply Area(s) and a further component from Mountain Pine Beetle volume in the Kamloops Timber Supply Area for up to 16 709 cubic meters annually for five years.

Prior to the Adams Lake Indian Band making an application for the Licence, the Parties will work together to identify the location of an operating area for the Licence, which to the extent that it is operationally feasible will be within the Traditional Territory.
- 3.1.5 The Licence entered into as a result of an invitation under section 3.1 will be for a term of five years.
- 3.1.6 If the intended holder of the licence is a legal entity other than the Adams Lake Indian Band, the Adams Lake Indian Band must supply the Government of British Columbia with the supporting documentation stating that, the intended holder has been validly appointed by the Adams Lake Indian Band as its representative. Refer to Appendix B.
- 3.1.7 If the Licence remains in effect beyond the term of this Agreement, the Licence will continue to be considered by the Parties to be Interim Accommodation until the Licence expires or is terminated.

- 4.5 Nothing in this Agreement restricts the ability of Adams Lake Indian Band to seek additional accommodation for impacts on its Aboriginal Interests from forest resource development within its Traditional Territory.
- 4.6 The Parties agree to develop consultation processes, guided by the consultation framework in appendix C, to address both Operational and Administrative Decisions and Operational Plans which may affect the Adams Lake Indian Band's Aboriginal Interests within their Traditional Territory.

7.0 Renewal of the Agreement

- 7.1 Prior to the expiry of the term of this Agreement, if the terms and conditions of this Agreement are being met, British Columbia and the Adams Lake Indian Band will seek the necessary authorities and approvals to enter into negotiations to renew this Agreement, or to conclude a new forestry agreement, consistent with the New Relationship.

- 8.2 Either Party may request the participation of the other Party to review the effectiveness of this Agreement annually and consider amendments to this Agreement.
- 8.3 The Parties agree that new approaches for consultation and accommodation, including benefit and revenue sharing, will be developed as a priority under the New Relationship by British Columbia and the Leadership Council. The Adams Lake Indian Band may choose to opt into such approaches as they become available, through amendment of this Agreement or other mutually agreeable methods.

APPENDIX C:

Consultation Framework. *This appendix is a framework which can be modified by agreement of both parties on a regular basis, as it is meant to be a working document.*

For the purpose of the consultation framework, the attached map within Appendix C will be the focus point for consultation. This map may be amended over time by Adams Lake Indian Band as new information comes available and the band will supply the Ministry of Forest and Range with the new version. The Government of British Columbia will provide to Adams Lake a DRAFT consultation matrix on an annual basis listing all proposed Administrative and Operations Decisions and who the decision makers are for each decision that will have an effect within the area outlined for purposes of consultation. Additionally, either upon the request of the Adams Lake Indian Band or when the Government of British Columbia becomes aware of other proposed Decisions, will provide to Adams Lake Indian Band an updated matrix. The matrix will be a communication tool for the consultation committee, as set out below, to jointly agree on consultation approaches (levels), as set out in the table below, for each type of decision and identify special cases which need specific consultation approaches.

Description and intent of consultation spectrum levels

Level	Description	Comment on Intent
1) Planning referral: prior to formal consultation process	Referral to First Nation during planning to provide opportunity to incorporate aboriginal interests <i>prior</i> to submitting plan/request to Statutory Decision Maker	3 rd party volunteer effort
2) Available on request (low level notification)	Type of notification whereby government notifies First Nation they will not be sending out information about very low impact decisions.	Intent is to notify (or negotiate) on an annual basis which decisions fall in this category. FN can request more detail if they wish
3) Notification	Notify in writing the First Nation about an upcoming decision and provide overview information. Would be an opportunity for comment	Intent is to provide base level information and time to comment. Limited follow-up.
4) Expedited Consultation process.	Where there is an imminent threat to the public (i.e. wild fire) or a resource value (mountain pine beetle) an expedited consultation process is undertaken. Full process on a short timeline (e.g. 10 days for suppression harvesting of beetle attacked trees)	A justification for shortening the period would be given by describing the imminent threat.
5) Normal course Consultation (60 day)	Follow policy on "normal" track for consultation. Resolve issues where possible and make decision	Intent to follow this course in most circumstances of low to medium probability of impact.

	in a timely manner	
6) Deep Consultation	Use reasonable effort to inform in an accessible manner and to engage in full discussions around the proposed decision. Make reasonable efforts to accommodate where necessary.	Follow provincial guidelines on consultation and accommodation. Would involve meaningful discussion in respect of appropriate accommodation. Probably undertake a strength of claim.

The Parties may establish a Joint Consultation Committee (the "Committee") which will be comprised of two representatives from the Adams Lake Indian Band and two representatives from the Ministry of Forests and Range. The purpose and duties of the Committee shall be to:

- share information on proposed forest and range developments and related decisions;
- share information on possible economic opportunities for the participation of the Adams Lake Indian Band in the forestry and range sector;
- provide a forum for the Band to identify its Aboriginal Interests and concerns respecting potential infringements of those Interests; and

tailor, update and amend, as needed and mutually agreed, a consultation matrix.
