It is acknowledged that other accommodations, including economic accommodations, may be jointly developed by the Parties during the term of this Agreement.

2007-12-14

2. Purpose and Objectives

The purposes and objectives of this Agreement are to:

- 2.1. Create viable economic opportunities and to assist in the improvement of social conditions of NOOAITCH through economic diversification.
- 2.2. Provide interim payment and other economic benefits to the NOOAITCH through a forest tenure opportunity and/ or economic benefits related to forestry received by British Columbia from forest resource development.
- 2.3. Address consultation and provide Interim Accommodation, as set out in this Agreement.
- 2.4. Provide a period of stability to forest and/or range resource development on Crown lands within the Traditional Territory of the NOOAITCH during the term of this Agreement, while longer term interests are addressed through other agreements or processes.

3. Economic Benefits to the NOOAITCH

During the term of this Agreement, British Columbia will provide one or more of the following economic benefits to NOOAITCH:

- 3.1. Forest Tenure
 - 3.1.1. For the purposes of the provisions of section 3.1, Licence includes a non replaceable Forest Licence, a Forestry Licence to Cut, a Woodlot Licence or other forms of agreement as agreed to by the Parties.
 - 3.1.2. After the execution of this Agreement, and if applicable, once volume becomes available through the timber reallocation process, the Minister will invite the NOOAITCH INDIAN BAND, or such legal entity as the NOOAITCH INDIAN BAND has appointed as its representative to hold the licence to apply under the *Forest Act* for a Non Replaceable Forest Licence (the "Licence") on a non-competitive basis for up to 10,069 cubic meters {composed of 5,594 m3 of Bill 28 (long term Allowable Annual Cut) volume plus 4,475 m3 of short-term MPB targeted uplift volume} annually in the Merritt Timber Supply Area.

2007-12-14

- 3.1.3. For greater certainty, the maximum volume that may be available under the Licence referred to in Section 3.1 will be up to 50,345 cubic meters over 5 years.

If the intended holder of the licence is a legal entity other than Nooaitch Indian Band, this Agreement must include supporting documentation, as specified in Appendix C, stating that the intended holder has been validly appointed by the Nooaitch Indian Band as its representative.

- 3.1.4. The Parties will strive to ensure that the assigned operating area for the Licence in the Merritt Timber Supply Area has a representative timber profile and logging chance relative to other licensees and BC Timber Sales, taking into account the quality of timber, access and commercial viability. Prior to NOOAITCH making an application for the Licence, the Parties will work, cooperatively and with appropriate staff resources to identify within 90 calendar days of both parties signing this Agreement, the location of an operating area for the Licence which to the extent that it is operationally feasible will be within the Traditional Territory.
- 3.1.5. Licence entered into as a result of an invitation under section 3.1 will be for a term of 5 years.
- 3.1.6. If the Licence remains in effect beyond the term of this Agreement, the Licence will continue to be considered by the Parties to be Interim Accommodation until the Licence expires or is terminated.
- 3.1.7. The Minister may invite NOOAITCH to apply for a subsequent Licence under the *Forest Act* for a term that would commence after the expiry of this Agreement.

3.2. Range Tenure

If Crown range vacancy is available for disposition to the NOOAITCH, then subject to the *Range Act*, the Cascades (and or Kamloops) District Manager may be directed to enter into a Range Permit, within NOOAITCH Traditional Territory to NOOAITCH for up to 500 Animal Unit Months (AUMs).

2007-12-14

3.3. Interim Payment

- 3.3.1. During the term of this Agreement, British Columbia will make an interim payment to NOOAITCH Indian Band of approximately \$ 93,229 annually.
- 3.3.2. The funding commitment set out in section 3.3.1 is subject to the availability of annual appropriations for that purpose by British Columbia.
- 3.3.3. For the purposes of determining amounts for partial years, one-fourth (i.e. $\frac{1}{4}$) of the annual amount will be used for each fiscal quarter or part thereof that the Agreement is in effect. Payments will be made quarterly.
- 3.3.4. Upon signing of this Agreement, the NOOAITCH Indian Band will be paid the full revenues for the quarter in which the Agreement is signed (e.g. if this Agreement is signed at the end of the quarter, the Band would receive payment for that entire quarter), with subsequent payments being made at the end of each quarter.
- 3.3.5. British Columbia will not seek to direct or influence the expenditure of the funds provided to the Band.

4. Consultation and Accommodation Regarding Operational and Administrative Decisions and Plans

- 4.1. NOOAITCH is entitled to full consultation with respect to all potential infringements of their Aboriginal Interests arising from any Operational or Administrative Decisions or Plans affecting NOOAITCH's Aboriginal Interests, regardless of benefits provided under this Agreement.
- 4.2. During the term of this Agreement, and subject to the terms and the intent of this Agreement being met and adherence by British Columbia, NOOAITCH agrees that British Columbia will have provided an Interim Accommodation with respect to the economic component of potential infringements of NOOAITCH's Aboriginal Interests as an interim measure as a result of forest and range activities occurring within their Traditional Territory.

2007-12-14

- 4.3. The interim payment set out in this Agreement reflects an amount that British Columbia, through the Minister of Forests and Range, is able to pay as an interim measure, which the NOOAITCH has agreed to accept.
- 4.4. The Province acknowledges that the timber opportunities and funding provided through this Agreement are an interim accommodation only and that broader processes are underway that will assist in determining the appropriate accommodation in respect of impacts on the NOOAITCH's Aboriginal Interests as a result of forest and range activities occurring within their Traditional Territory.
- 4.5. Nothing in this Agreement restricts the ability of NOOAITCH to seek additional accommodation for impacts on its Aboriginal Interests from forest resources development within its Traditional Territory.
- 4.6. The Parties agree to develop consultation processes to address both Operational and Administrative Decisions and Operational Plans, which may affect NOOAITCH's Aboriginal Interests within their Traditional Territory. The framework for this process is set out in Appendix C.
- 4.7. In developing such consultation processes, the Parties further agree to address consultation on Administration Decisions, Operational Decisions and Operational Plans through participation of NOOAITCH in strategic level planning and policy development processes.
- 4.8. Unless agreed to otherwise, the Parties will use every reasonable effort to agree upon a consultation process guided by Appendix C, within 6 months of signing this Agreement and, in helping to achieve this, will endeavour to develop draft processes to govern consultation under this Agreement within 60 days after signing this Agreement.
- 4.9. Where NOOAITCH is a member of a larger Tribal Nation, this Agreement does not limit the obligation of British Columbia to fulfill its consultation obligations with the Tribal Nation.

5. Dispute Resolution

- 5.1. If a dispute arises between British Columbia and NOOAITCH regarding the interpretation of a provision of this Agreement, the

2007-12-14

Parties or their duly appointed representatives will meet as soon as is practicable to attempt to resolve the dispute.

- 5.2. If the Parties are unable to resolve differences at the appropriate level, the interpretation issue will be raised to more senior levels of British Columbia and the NOOAITCH.
- 5.3. If the interpretation dispute cannot be resolved by the Parties directly, they may appoint an independent and mutually agreeable mediator to resolve that dispute within 60 days, or such period as agreed upon, or the Parties may choose other appropriate approaches to assist in reaching resolution of the interpretation issue.

6. Term and Termination

- 6.1. The term of this Agreement is 5 years.
- 6.2. This Agreement will take effect on the date on which the last Party has executed it.
- 6.3. This Agreement will terminate on the occurrence of the earliest of any of the following events: expiry of its term; 90 days notice; or mutual agreement of the parties.
- 6.4. Neither Party shall terminate this Agreement on the grounds that the other Party has challenged an Administrative or Operational Decision by way of legal proceedings.
- 6.5. Prior to the expiry of the 90 days when 90 day notice of termination has been given under Section 6.3, the Parties agree to meet and endeavour to resolve the issue that has given rise to the 90 day notice of termination.

7. Renewal of the Agreement

- 7.1. Prior to the expiry of the term of this Agreement, if the terms and conditions of this Agreement are being met, British Columbia and NOOAITCH will seek the necessary authorities and approvals to enter into negotiations to renew this Agreement, or to conclude a new forestry agreement, consistent with the New Relationship.
- 7.2. Any subsequent forestry agreement between British Columbia and NOOAITCH may provide for an opportunity to acquire a licence, other forest tenures, and/or other economic benefits, as well as other terms and conditions that are agreed to by the Parties.

2007-12-14

8. Amendment of Agreement

- 8.1. Any alteration or amendment to the terms and conditions of the Agreement must be in writing and duly executed by the Parties.
- 8.2. Either Party may request the participation of the other Party to review the effectiveness of this Agreement annually and consider amendments to this Agreement.
- 8.3. The Parties agree that new approaches for consultation and accommodation, including benefit and revenue sharing, will be developed as a priority under the New Relationship by British Columbia and the Leadership Council. NOOAITCH may choose to opt into such approaches as they become available, through amendment of this Agreement or other mutually agreeable methods.

9. Entire Agreement

- 9.1. This Agreement and any amendment to it constitutes the entire Agreement between the Parties with respect to the subject matter of this Agreement.

10. Notice

- 10.1. Any notice or other communication that is required to be given or that a Party wishes to give to the other Party with respect to this Agreement, will be in writing and will be effective if delivered, sent by registered mail, or transmitted by facsimile to the address of the other Party as in this section of the Agreement.
- 10.2. Any notice or other communications will be deemed to have been given on the date it is actually received, if received before 4:00 p.m. If received after 4:00 p.m., it will be deemed to have been received on the next business day.
- 10.3. The address of either Party may be changed by notice in the manner set out in this section of the Agreement.

Appendix C Consultation Framework

The following consultation framework will be applied to the extent possible to decisions and processes that were initiated prior to, and are underway at the time of, signing this agreement.

The Parties will establish a Joint Consultation Committee (the "Committee") which will be comprised of representatives of Nooaitch Indian Band and a matching number of representatives from the Ministry of Forests and Range, including representatives from the Cascades Forest District (and Kamloops Forest District) as well as the Southern Interior Forest Region, depending on the nature of the issues to be addressed at any given meeting. The purpose of the Committee is to improve understanding on the part of both Nooaitch Indian Band and British Columbia as to the nature of Nooaitch Indian Band's concerns with respect to impacts of forestry and range decisions and operations on Nooaitch Indian Band Aboriginal Interests and the opportunities for British Columbia to address these concerns.

The duties of the Committee shall be:

- 1) To develop, update and amend as needed, mutually agreed, detailed consultation processes for specific categories of decisions.**
 - a) As part of developing and maintaining detailed consultation processes, British Columbia will provide to Nooaitch Indian Band a draft consultation matrix on an annual basis listing all proposed Administrative and Operations Decisions and who the decision makers are for each forestry and/or range decision that will have an effect in Nooaitch Indian Band's Area of Interest.
 - b) With the understanding that it is important for Nooaitch Indian Band to be aware of and have an opportunity to participate in all relevant decisions, but that different decisions may require different consultation approaches, on an annual basis the Committee will jointly review the list of decisions and agree on consultation approaches, including the level of consultation, for each decision. The table below is a starting point for defining the necessary details for each type of decision and identifying special cases which need specific consultation approaches.
 - c) The Committee will explore opportunities to include guidelines or portions of guidelines provided by Nooaitch Indian Band in specific consultation approaches to the extent that doing so is consistent with the Ministry of

2007-12-14

Forests and Range's statutory jurisdiction, authorities, responsibilities and legal advice.

- d) The Committee will extend an invitation to the other provincial land use agencies to sit on the Committee where and when appropriate.
- e) To address unforeseen and emergent issues, either upon the request of Nooaitch Indian Band or when British Columbia becomes aware of other proposed Decisions, British Columbia will provide to Nooaitch Indian Band an updated list of decisions and the parties will discuss how to adapt an existing consultation approach to the new situation and/or develop a new consultation approach appropriate to the new situation.

1. Planning- FN involvement 2. Available on Request 3. Notification 4. Expedited process 5. Normal Consultation: 6. Deep consultation

Description and intent of consultation spectrum levels:

Level	Description	Comment on Intent
1) Planning referral: prior to formal consultation process	Referral to Nooaitch Indian Band during planning to provide opportunity to incorporate aboriginal interests <i>prior</i> to submitting plan/request to Statutory Decision Maker	3 rd party volunteer effort
2) Available on request (low level notification)	Type of notification whereby British Columbia notifies Nooaitch Indian Band they will not be sending out information about very low impact decisions.	Intent is to notify (or negotiate) on an annual basis which decisions fall in this category. Nooaitch Indian Band can request more detail if they wish
3) Notification	Notify Nooaitch Indian Band in writing about an upcoming decision and provide overview information. Would be an opportunity for comment	Intent is to provide base level information and time to comment. Limited follow-up.
4) Expedited Consultation process.	Where there is an imminent threat to the public (i.e. wild fire) or a resource value (mountain pine beetle) an expedited consultation process is undertaken. Full process on a short timeline (e.g. 10 days for suppression harvesting of beetle attacked trees)	A justification for shortening the period would be given by describing the imminent threat.
5) Normal course Consultation (standard response period)	Follow policy on "normal" track for consultation. Resolve issues where possible and make decision in a timely manner	Intent to follow this course in most circumstances of low to medium probability of impact.

2007-12-14

6) Deep Consultation	Use reasonable effort to inform in an accessible manner and to engage in full discussions around the proposed decision. Make reasonable efforts to accommodate where appropriate.	Follow provincial guidelines on consultation and accommodation. Would involve meaningful discussion in respect of appropriate accommodation. Probably undertake a strength of claim analysis.
-----------------------------	---	---

2. To share relevant and reasonably available information on proposed forest and range developments and related decisions.
3. To identify key information gaps and potential strategies to address them.
4. To share information on possible economic opportunities for participation of NOOAITCH in the forest and range sector.
5. To facilitate cooperative planning to address NOOAITCH's Aboriginal Interests at the appropriate level of Crown land use planning, including:
 - a) NOOAITCH participation in planning and processes that establish Annual Allowable Cut in the Traditional Territory; and,
 - b) NOOAITCH providing comments or recommendations to Statutory Decision Makers regarding Forest Tenures and licences for consideration.
6. To identify objectives and strategies to resolve issues or strategic importance for NOOAITCH's Aboriginal Interests with British Columbia's forest management objectives.
