(the "Agreement")

Between:

Whispering Pines Indian Band
(as represented by Chief Michael LeBourdais and Council)
High Bar Indian Band
(as represented by Chief Lenora Fletcher and Council)
Little Shuswap Indian Band
(as represented by Chief Felix Arnouse and Council)
Shuswap Indian Band
(as represented by Chief Paul Sam and Council)

(hereinafter "the Bands")

and

Her Majesty the Queen in Right of the Province of British Columbia
as represented by the Minister of Forests and Range
(the "Government of British Columbia")

(Collectively the "Parties")

Whereas

- The Bands are part of the Secwepemc Nation.
- The Bands have Aboriginal Interests (aboriginal rights and/or title) within the area of the Secwepemc Nation asserted traditional territory.
- The Government of British Columbia wishes to support economic development opportunities for the Bands in keeping with the principles of the Transformative Change Accord.

Purpose

1. The purposes of this Economic Development Agreement are to:
 - a. increase the participation of the Bands in the salvage of (Grade Code 4 – Lumber reject) mountain pine beetle killed timber and to facilitate the construction of a proposed pellet facility;

- b. provide an economic development opportunity for the Bands to apply for a non-replaceable forest licence to assist the Province in the utilization of mountain pine beetle killed stands of timber;
- c. assist with the development of relations between the Bands and the Province through discussion and negotiation versus litigation;
- d. provide for a stable working environment for all forest resource development in areas of Secwepemc Nation territory traditionally used by the Bands; and,
- e. provide a facility for other licensees to dispose of timber that is not suitable for the manufacture of sawlogs by utilizing the provisions of the cut control regulation.

Therefore the Parties agree as follows:

- 2. After execution of this Agreement by the Parties, the Minister of Forests and Range (the "Minister") will invite the Bands to apply for a non-replaceable forest licence (the "Licence") under section 47.3 of the *Forest Act* to harvest a total of up to three (3) million cubic meters of dead mountain pine beetle attacked timber over a 15 year term within the Kamloops Timber Supply Area. The licence area will exclude BC Timber Sales operating areas and Controlled Recreation Areas unless otherwise authorized by the District Manager.
- 3. If the intended holder of the Licence is a legal entity other than the Bands, this Agreement must include supporting documentation as specified in Appendix A stating that the intended holder has been validly appointed by the Bands as their representative.
- 4. The Licence holder will ensure that a pellet plant will be constructed at its own cost, within two (2) years of the direct award of the Licence, that can consume a minimum of 300 000 cubic metres annually of round logs or equivalent.
- 5. The Licence entered into as a result of the invitation to apply under this Agreement will:
 - a. be for a term of no longer than 15 years, with an allowable annual cut (AAC) of 200 000 cubic metres, as determined by the Minister;
 - b. restrict harvesting to stands comprised primarily of timber that has been dead for several years resulting in a very low percentage of sawlog (grade 1 and 2) quality timber and that the sawmilling industry is unable to utilize. The exact definition for eligible stands will be defined in the forest licence invitation;
 - c. restrict the AAC under the Licence to allow harvesting of up to 100 000 cubic metres prior to the substantial completion of the pellet facility. After substantial completion of the pellet facility, the total AAC of the Licence will increase to a maximum of 200 000 cubic metres;
 - d. contain other terms and conditions required by law, including the condition that the Bands must comply with this Agreement;

- e. not be guaranteed to be economically viable and does not carry any business endorsement;
- f. include a term that the Bands may not dispose of the Licence except in accordance with the *Forest Act*; and,
- g. include other terms and conditions as may be required by the Regional Manager.

Enhancing Relationships

- 6. The spirit and intent of this Economic Development Agreement is to foster discussion and communication between the two Parties, who commit to continually work in good faith to improve communication and to have a positive working relationship.
- 7. Where the Bands hold signed Forest and Range Opportunity Agreements (FROs) and have not yet formed Joint Consultation Committees, they are encouraged by the Government of British Columbia to complete that task in a timely manner.
- 8. Where Bands have not signed FROs, they are encouraged by the Government of British Columbia to enter into negotiations in order to achieve such agreements.

Stability for Land and Resources

- 9. As part of a positive working relationship, the Bands and the Government of British Columbia will each communicate, negotiate and work together in good faith to improve the working relationship in respect of authorized provincial activities.

Dispute resolution

- 10. If a dispute arises between the Government of British Columbia and the Bands regarding the interpretation of a provision of this Agreement, the Parties or their duly appointed representatives will meet as soon as is practicable to attempt to resolve the dispute.
- 11. If the Parties are unable to resolve differences at the appropriate level, the interpretation issue will be raised to more senior levels of the Government of British Columbia and the Bands.
- 12. The Parties may choose other appropriate approaches to assist in reaching resolution of the interpretation issue.

Amendments

13. Any alteration or amendment to the terms and conditions of this Agreement must be in writing and duly executed by the Parties.
14. Either Party may request in writing the participation of the other Party to review the effectiveness of this Agreement annually and consider amendments to this Agreement.

Term

15. Upon the written request of any Party, the Parties may agree in writing to amend this Agreement to include an additional Band or Bands as a Party to the Agreement.
16. This Agreement will terminate on the occurrence of the earliest of any of the following events:
 - a. 15 years from the date this Agreement is executed; or,
 - b. the mutual agreement of the Parties; or,
 - c. 90 days written notice by either Party to the other.

Cancellation and Suspension

17. Without limiting the actions that may be taken by the Minister or by the Government of British Columbia, the Minister of Forests and Range or a person authorized by the Minister, may suspend or cancel the licence entered into as a result of this Agreement, if the Minister determines that the Bands are not in compliance with this Agreement.
18. Prior to taking any action referred to in section 17, the Government of British Columbia will provide notice to the Bands of any alleged contravention of this Agreement that may lead to the Bands not being in compliance with this Agreement and will provide a reasonable period of time for the Bands to remedy the default.

Notice

19. Any notice or other communication that is required to be given or that a Party wishes to give to the other Party with respect to this Agreement will be in writing and will be effective if delivered, sent by registered mail, or transmitted by facsimile to the address of the other as in this section of the Agreement.
