APPENDIX B

Revenue Sharing Contribution Methodology

Traditional Territory Forest Revenue Sharing Component

- 1.0** In each Fiscal Year that this Agreement is in effect, and subsequent to the release by the Minister of Finance of the previous Fiscal Year's public accounts of British Columbia, a summary document will be prepared of the North Island - Central Coast and Chilcotin Districts forest revenue, defined as the total of stumpage, waste and annual rent payments received by the Crown for the previous 2 Fiscal Years. An average amount over 2 years will be calculated for North Island - Central Coast and Chilcotin Districts.
- 1.1** For the purposes of the summary document in section 1.0 of this Appendix, the stumpage payments from Nuxalk Nation's Forest License (if applicable) will not be included in the calculations of forest revenue.
- 1.2** The amount of the forest revenue attributed to the Nuxalk Nation's Traditional Territory will be calculated by determining the percent of Nuxalk Nation's Traditional Territory that falls within the Timber Harvesting Land Base in North Island - Central Coast and Chilcotin Districts, applied against the forest revenue described in section 1.0 of this Appendix. This calculation will prorate for overlapping territories of other First Nations.
- 1.3** The Traditional Territory Forest Revenue Sharing Component will be calculated by multiplying 5 percent of the forest revenue attributed to the Nuxalk Nation as described in section 1.2 of this Appendix.
- 1.4** Where the calculation in section 1.3 of this Appendix is less than \$35,000, Nuxalk Nation will receive a maximum of \$35,000.
- 1.5** For each Fiscal Year that this Agreement is in effect, the calculations outlined in sections 1.0 to 1.4 of this Appendix will be performed.

Direct Award Tenure Forest Revenue Sharing Component

- 2.0** Subsequent to the release by the Minister of Finance of the previous Fiscal Year's public accounts of British Columbia, a summary document will be prepared of Nuxalk Nation's Forest License (if applicable) forest revenue, defined as the total of stumpage payments received by the Crown for the previous Fiscal Year.
- 2.1** The Direct Award Forest Tenure Revenue Sharing Component will be calculated by multiplying 75 percent of the forest revenue as described in section 2.0 of this Appendix.
- 2.2** For each Fiscal Year that this Agreement is in effect, the calculations outlined in sections 2.0 and 2.1 of this Appendix will be performed.

Forest Revenue Sharing Transition

- 3.0 The Parties agree that new methods to calculate the Revenue Sharing Contribution will be phased in over the next 3 years.
- 3.1 For each BC Fiscal Year that this Agreement is in effect, a portion of the Revenue Sharing Contribution is calculated by determining the total of the Traditional Territory Forest Revenue Sharing Component and the Direct Award Tenure Forest Revenue Sharing Component for that BC Fiscal Year (“the sum”) and applying the following percentages to that sum:
 - 3.1.1 2012/13 BC Fiscal Year: 80 percent
 - 3.1.2 2013/14 BC Fiscal Year: 100 percent; and
 - 3.1.3 2014/15 BC Fiscal Year: 100 percent.
- 3.2 For each BC Fiscal Year that this Agreement is in effect, the remaining portion of the Revenue Sharing Contribution is calculated by determining the value of the payments that were made by British Columbia to Nuxalk Nation in any given full year under the *Nuxalk Nation Interim Agreement on Forest and Range Opportunities* which expired on February 11, 2012 (“the Annual Amount”) and applying the following percentages to that Annual Amount:
 - 3.2.1 2012/13 BC Fiscal Year: 55 percent;
 - 3.2.2 2013/14 BC Fiscal Year: 50 percent; and
 - 3.2.3 2014/15 BC Fiscal Year: 0 percent.
