shíshálh Nation / British Columbia

FOUNDATION AGREEMENT
shíshálh Foundation Agreement

Dated October 4, 2018

BETWEEN:

Her Majesty the Queen in Right of the Province of British Columbia, as represented by the Premier, the Minister of Indigenous Relations and Reconciliation, and the Minister of Forests, Lands, Natural Resource Operations and Rural Development

(the “Province”)

AND:

Sechelt Indian Band, established under the Sechelt Indian Band Self-Government Act, on behalf of itself and shíshálh people, as represented by the hiwus (Chief) and Council

(“shíshálh Nation”)

(individually a “Party” and collectively the “Parties”)

WHEREAS:

A. shíshálh people have a unique relationship to and connection with the land and resources throughout the shíshálh swiya, which are important to shíshálh Nation’s community, culture, health and future, and to the maintenance of shíshálh Nation’s governance, laws and economy;

B. The Supreme Court of Canada in Tsilhqot’in Nation v British Columbia, 2014 SCC 44, found that the Tsilhqot’in Nation had established Aboriginal title in British Columbia;

C. The Province recognizes that shíshálh Nation’s Title and Rights exist in the shíshálh swiya, and it is in our respective interests to continue to foster a deeper collaborative relationship in relation to the land, resources, and economic development opportunities within the shíshálh swiya, and to ensure that shíshálh Nation’s right to self-determination, including the inherent right of self-government, is realized;
D. The Province introduced Draft Principles that Guide the Province of British Columbia’s Relationship with Indigenous Peoples on May 22, 2018 to help guide the Province on a path of respect, partnership and collaboration, as the Province implements the UN Declaration and the Truth and Reconciliation Commission of Canada’s Calls to Action;

E. The UN Declaration is a statement of the rights that are necessary for the survival, dignity and well-being of Indigenous peoples around the world. Among other things, the UN Declaration recognizes the right to self-determination and self-government, and to the preservation, practice and revitalization of Indigenous cultures and traditions;

F. The UN Declaration provides that states shall consult and cooperate in good faith with the Indigenous peoples concerned through their own representative institutions in order to obtain their free and informed consent prior to the approval of any project affecting their lands or territories and other resources, particularly in connection with the development, utilization or exploration of mineral, water or other resources;

G. Implementation of the UN Declaration requires transformative change in the Province’s relationship with Indigenous people, including with shíshálh Nation;

H. The Province is committed to true, lasting reconciliation with shíshálh Nation through a renewed Government-to-Government relationship based on recognition of rights, respect, cooperation and partnership, and as part of that commitment will be fully adopting and implementing the UN Declaration, the Calls to Action of the Truth and Reconciliation Commission, and the Supreme Court of Canada’s decision in Tsilhqot’in Nation;

I. The Province is looking for new, different and creative ways to collaboratively implement Aboriginal title and other Aboriginal rights, and has empowered its representatives to work with Indigenous communities, including shíshálh Nation, to explore all interests and topics to find potential solutions to the problems that have led to conflict in the past;

J. Building on and in furtherance of the Reconciliation Agreement and Government-to-Government Agreement that we signed in 2016, we are interested in furthering reconciliation through forms of shared decision-making, clarifying the relationship between shíshálh laws and jurisdiction and the Province’s laws and jurisdiction, revenue-sharing, and other initiatives and are committed to advancing this work in a respectful, open, principled, pragmatic and collaborative way;

K. We understand that now is the time for a history-making shift and that this Foundation Agreement represents an opportunity to create a better future for all residents of the shíshálh swiya.
THEREFORE WE AGREE AS FOLLOWS:

Joint Vision

3.1 We share the joint, long-term vision and aspirations set out in this Part which we intend to realize through this Foundation Agreement.

A Transformed Relationship

3.2 We acknowledge that shíshálh people are Aboriginal peoples of Canada who have contributed immensely to society at large, and we will work together to enable and enhance those contributions for generations to come.

3.3 We acknowledge the Province’s commitment to take an active role in enabling the exercise of the rights of Indigenous peoples as enshrined in the UN Declaration, and in adopting and implementing the UN Declaration, and we will work together to implement related measures within the shíshálh swiya, including building processes aimed at securing consent.
3.4 We will systematically move away from an adversarial relationship to a true partnership that encourages collaboration and joint problem-solving. We both seek to avoid paths of conflict.

3.5 We are committed to taking multiple and diverse steps to transform and evolve our relationship with each other and for all people, organizations, and communities in the shíshálh swiya over the long term. Through this transformed relationship, we will systematically advance individual, community, cultural, environmental and economic well-being.

3.6 The work of transforming our relationship will take place progressively and dynamically through flexible approaches. We acknowledge that this requires tangible action and measures, immediately and over the longer term. Through this relationship we will foster peace, predictability, and prosperity.

3.7 As part of the transformation of our relationship, our Senior Representatives will meet annually to jointly review any reports that may be prepared by the Relationship and Implementation Forum under section 4.34(e) discuss how to improve our relationship, and address any issues arising in relation to the implementation of this Foundation Agreement.

3.8 Our joint vision includes shíshálh Nation having the resources required to meet its responsibilities as a government, and to support the movement of shíshálh Nation towards greater economic self-sufficiency.

Strengthening Community and Culture

3.9 To support the revitalization of shíshálh Nation’s culture and community, our shared goals are to ensure that:

(a) shíshálh Nation’s culture and language continue to thrive;

(b) shíshálh people, for generations to come, remain deeply connected with their community and rooted in their identity as shíshálh people;

(c) we achieve standards of living for shíshálh people on par with or exceeding non-Indigenous communities, including standards related to housing, infrastructure, roads, education, participation in the economy, well-being, health, access to safe drinking water, and recreation opportunities for youth; and

(d) shíshálh Nation can achieve economic self-sufficiency in order to support and maintain the well-being of, and maintain healthy standards of living for, shíshálh people.
3.10 To achieve our joint goals, we will take a collaborative, innovative, and progressive approach to design and implement appropriate and adequate social and health services, community-based and culturally appropriate education and training opportunities, language programs, housing and infrastructure, and measures for the exercise of shíshálh Nation’s laws, jurisdiction and government responsibilities.

Building the Economy and Stewarding the Environment

3.11 Areas and resources in the shíshálh swiya are vital to shíshálh peoples’ way of life, and hold economic, social, cultural, and spiritual importance for shíshálh Nation and shíshálh people. At the same time, the shíshálh swiya is the home for many who have chosen to live and work there. Through reconciliation, our goals are to:

(a) achieve a strong and sustainable economy for the region, in which shíshálh Nation is a major participant;

(b) ensure that the lands and resources in the shíshálh swiya are managed and used in ways that are respectful of, and align with, the cultural, ecological, and social values critical for shíshálh people, as well as the values shared by all residents in the shíshálh swiya; and

(c) strengthen the ways in which all governments and residents in the shíshálh swiya can collaborate and build common approaches to stewarding the land and resources in the shíshálh swiya.

3.12 Strengthening the economy in ways that provide significant roles for shíshálh Nation and steward the shíshálh swiya will be achieved through efforts to:

(a) align values and objectives for the use of lands and resources in the shíshálh swiya;

(b) align how decisions are made regarding lands and resources in the shíshálh swiya through predictable and transparent decision-making regimes; and

(c) clarify the relationship between shíshálh laws and jurisdiction and the Province’s laws and jurisdiction.

Building Partnerships

3.13 The work of reconciliation cannot be done between us alone. We have approached Canada to be a part of this work, and we will jointly encourage Canada to join us in implementing the joint vision set out under this Foundation Agreement.

3.14 Individuals, communities, organizations and industry throughout the shíshálh swiya will have roles to play to support the work under this Foundation Agreement and will be engaged in various ways throughout the life of this Foundation Agreement, including building understandings in relation to the work being done together through this Foundation Agreement.
Principles

3.15 The success of this Foundation Agreement will require an effort from us that is, on the one hand, inventive, bold and courageous and, on the other hand, systematic, timely and disciplined. To that end, we agree that our respective officials, representatives and teams will:

(a) act honestly with one another, based on trust and respect for each other’s perspectives and constraints;

(b) be mindful, always, of the ongoing legacies of colonialism that have had destructive impacts on Indigenous peoples’ education, cultures and languages, health, child welfare, governance, administration of justice, and economic opportunities and prosperity;

(c) endeavour to engage in new ways of thinking with a view to creating a more equitable and inclusive society by closing the gaps in social, health, and economic outcomes that exist between Indigenous and non-Indigenous Canadians;

(d) apply a “solutions-oriented” approach to all discussions, negotiations and the implementation of this Foundation Agreement; and

(e) deepen awareness of and respect for shíshálh Nation’s culture and way of life and understanding of the shíshálh people.

PART 4 - IMMEDIATE MEASURES

4.1 We will implement the Immediate Measures set out in Part 4 of this Foundation Agreement within five years of the Effective Date.

Gravel Lands

4.2 As soon as practicable after the Effective Date the Province will transfer fee simple title to the Gravel Lands, including the gravel on and under the Gravel Lands, in accordance with the Land Transfer Agreement.

DL 1592

4.3 As soon as practicable after the Effective Date, the Province will transfer fee simple title to the DL 1592 Lands in accordance with the Land Transfer Agreement.

BCTFA Lands

4.4 Under section 8.1 of the Land Transfer Agreement, the BC Transportation Finance Authority has agreed to determine whether or not the BCTFA Lands should be declared surplus to its purposes under the Transportation Act within three years of the Effective Date, or such other date as may be agreed to among the BC Transportation Finance Authority, the Province and shíshálh Nation.
4.5 If the BCTFA Lands are declared surplus within three years of the Effective Date, then the Province will negotiate and attempt to reach an agreement:

(a) with the BC Transportation Finance Authority on a purchase agreement to acquire the BCTFA Lands for fair market value and, subject to concluding that acquisition, transfer the BCTFA Lands to shíshálh Nation in accordance with the Land Transfer Agreement; or

(b) with shíshálh Nation on a contribution agreement that would enable shíshálh Nation to purchase the BCTFA Lands for fair market value directly from the BC Transportation Finance Authority in accordance with the terms and conditions of an agreement to purchase that shíshálh Nation and the BC Transportation Finance Authority may conclude.

4.6 If the BCTFA lands have not been declared surplus by the BC Transportation Finance Authority within three years of the Effective Date, then in the event that the BCTFA Lands are declared surplus at any time in the future during the term of this Foundation Agreement, the Province will negotiate and attempt to reach an agreement:

(a) with the BC Transportation Finance Authority on a purchase agreement to acquire the BCTFA Lands for fair market value and, subject to concluding that acquisition, enter into an agreement with shíshálh Nation on substantially the same terms as the Land Transfer Agreement to transfer the BCTFA Lands to shíshálh Nation; or

(b) with shíshálh Nation on a contribution agreement that would enable shíshálh Nation to purchase the BCTFA Lands for fair market value directly from the BC Transportation Finance Authority in accordance with the terms and conditions of an agreement to purchase that shíshálh Nation and the BC Transportation Finance Authority may conclude.

4.7 We acknowledge that the agreements of the Province under sections 4.5 and 4.6 are subject to the Province obtaining required financial mandates and approvals.

**Block B Parcel**

4.8 Within five years of the Effective Date, we will negotiate and attempt to conclude an agreement that will provide for the transfer of the Block B Parcel to shíshálh Nation or to a Designated Company.

4.9 The agreement we will negotiate and attempt to conclude under section 4.8 will include terms and conditions substantially the same as those set out in the Land Transfer Agreement relating to the transfer of the Gravel Lands, including provisions addressing:

(a) existing third party interests, including, if applicable, sand and gravel quarrying licence number 241793;
(b) permitted encumbrances as agreed to by shíshálh Nation and the Province;

(c) the exclusion and grant of statutory rights-of-way for roads and utility infrastructure as agreed to by shíshálh Nation and the Province;

(d) the potential relocation of existing roads; and

(e) the environmental condition of the parcel.

4.10 We acknowledge that the agreement of the Province under section 4.9 to negotiate and attempt to reach an agreement regarding the transfer of the Block B Parcel is subject to the Province obtaining required financial mandates and approvals.

**Golf Course Lands**

4.11 We will work with the District of Sechelt to transfer fee simple title to the Golf Course Parcel to shíshálh Nation as set out in the Golf Course Letter.

4.12 If the Golf Course Parcel cannot be transferred to shíshálh Nation, we will attempt to reach agreement on alternate lands or benefits to be transferred to shíshálh Nation.

4.13 If, by February 28, 2021, the Golf Course Parcel has not been transferred to shíshálh Nation or we are unable to reach agreement on alternate lands to be transferred to shíshálh Nation, the Province will, on or before March 31, 2021, provide shíshálh Nation with the equivalent cash value of the Golf Course Parcel in accordance with the Golf Course Letter.

**Residential Lands**

4.14 The Province acknowledges the importance to shíshálh Nation of addressing shíshálh peoples’ current housing needs as an Immediate Measure and shíshálh Nation’s view that the provision of the Residential Lands and, if necessary, funds to acquire alternate private lands to make up any shortfall in the Residential Lands quantum, are critical to the successful implementation of this Foundation Agreement.

4.15 Within 18 months of the Effective Date, we will work together to attempt to identify 80 hectares of provincial Crown land within the shíshálh swiya suitable for the Residential Lands.

4.16 If suitable provincial Crown lands are identified under section 4.15, we will negotiate and attempt to conclude an agreement within two years of the Effective Date to transfer those provincial Crown lands to shíshálh Nation within five years of the Effective Date.

4.17 If suitable provincial Crown lands are not identified, or less than 80 hectares of provincial Crown land are identified under section 4.15, we will, within 18 months of the Effective Date, work together to identify alternate private lands that may be available on a willing seller-willing buyer basis to make up any shortfall in the Residential Lands quantum.
4.18 If alternate private lands are identified under section 4.17, we will negotiate and attempt to conclude a contribution agreement within two years of the Effective Date to provide shíshálh Nation with the funds required to purchase the identified private lands on a fair market value basis within five years of the Effective Date.

4.19 Given that as of the Effective Date the Residential Lands have not been identified and agreed to, we acknowledge that we will require applicable mandates and approvals to transfer and to accept the transfer of the Residential Lands or, if applicable, to conclude a contribution agreement to provide the funding to acquire the identified private lands.

Nelson Island Land Payment

4.20 The Province will provide shíshálh Nation with a cash payment of $900,000 as soon as practical after the Effective Date to enable shíshálh Nation to work with BC Hydro to purchase the Nelson Island Lands.

Lands Status

4.21 We will jointly seek to engage with Canada to attempt to establish within five years of the Effective Date a tripartite process to add lands transferred under this Foundation Agreement to Sechelt Lands and to discuss the potential recognition and establishment of those lands as another agreed-to form of land ownership, including Aboriginal title lands.

4.22 The Province acknowledges the importance to shíshálh Nation of fully implementing its self-government arrangements under the *Sechelt Indian Band Self Government Act* S.C. 1986, c. 27 and confirms its support, in principle, for the addition of the Gravel Lands, DL 1592 Lands, the lands transferred pursuant to the Reconciliation Agreement and any other lands transferred pursuant to this Foundation Agreement to Sechelt Lands, subject to us and Canada working together to address our respective interests associated with the additions, including:

(a) access on and over the lands;

(b) access to and maintenance of public utility infrastructure on and near the lands;

(c) local government fiscal and service delivery implications associated with the addition;

(d) the application of applicable environmental and safety standards being met in relation to the regulation of gravel extraction; and

(e) such other interests as either of us may identify.
4.23 The Province acknowledges that, notwithstanding the terms and conditions of the Land Transfer Agreement, it is a goal of shíshálh Nation to have the exceptions and reservations established under section 50 of the *Land Act* R.S.B.C. 1996, c. 245 not apply to the Gravel Lands, the DL 1592 Lands or any other lands that may be transferred to shíshálh Nation under this Foundation Agreement and, as part of the tripartite process that may be established under section 4.21, we will explore the status and ongoing need for those exceptions and reservations.

**Tenures**

4.24 The Province will work with shíshálh Nation to identify foreshore areas within the areas fronting Sechelt Lands and shíshálh Nation-owned fee simple parcels as shown in Schedule D and recommend that the responsible Minister withdraw the identified areas from disposition under section 16 or 17 of the *Land Act* R.S.B.C. 1996, c.245 as appropriate.

4.25 The Province will work with shíshálh Nation to identify, and assist it to apply for, water licences for both domestic purposes and hydro-electric power generation purposes within the shíshálh swiya.

4.26 The Province will work with shíshálh to facilitate the transfer of the Vacant Trapline Licences to shíshálh Nation designates and to explore the reactivation of the Abandoned Trapline Licences.

4.27 The Resource Management Table will work to develop a process to identify, manage and potentially transfer vacant trapline licences and outfitter guide licences to shíshálh Nation or its designates.

**Forestry**

4.28 Over the first five years of the term of this Foundation Agreement, we will work to attempt to increase the share of the volume of timber that may be harvested under replaceable tenures issued to shíshálh Nation, or entities owned or controlled by shíshálh Nation, to 210,000 cubic meters, representing approximately 35% of the annual allowable cut within the shíshálh swiya.

4.29 To increase shíshálh Nation’s participation in the forest economy in the shíshálh swiya, the Province will provide shíshálh Nation with the interim forestry revenue sharing payments set out in Schedule E.

4.30 In connection with the goal set out in section 4.28, to enable shíshálh Nation to purchase replaceable timber volume within the shíshálh swiya on a willing-seller willing-buyer basis, or for such other economic development purposes as shíshálh Nation determines, the Province will provide shíshálh Nation with the following payments:

(a) **$2.5 million**, payable as soon as practicable after the Effective Date;
(b) **$2.5 million**, within each of the four Fiscal Years following the Effective Date, payable as soon as practicable after receipt of the annual report required under section 30(c) of Schedule P for the applicable prior Fiscal Year; and

(c) an amount determined in accordance with Schedule F, within the fifth Fiscal Year after the Effective Date, payable as soon as practicable after receipt of the annual report required under section 30(c) of Schedule P for the prior Fiscal Year.

4.31 The calculation and the resulting payment amount set out in Schedule F are confidential in nature and may not be disclosed except as provided for in accordance with Schedule F.

4.32 We acknowledge that in furtherance of the goal in section 4.28, we have entered into or will enter into the following agreements:

(a) a Forestry Tenure Opportunity Agreement dated March 31, 2018;

4.50 The Board and Working Group will be responsible for developing their respective policies and rules of procedure in a manner consistent with this Foundation Agreement.
**Annual Review**

4.51 Unless the Board otherwise agrees, the Board will meet annually to review the Shared Decision-Making Process in light of the performance criteria and metrics agreed upon by the Board from time to time and will consider how the Shared Decision-Making Process may be improved or re-designed to create additional efficiencies or resolve any issues that may have arisen with respect to the operation of the Shared Decision-Making Process and how this Foundation Agreement may be amended accordingly.

4.52 We acknowledge that the full, effective and successful implementation of the Shared Decision-Making Process will require innovation, learning and new understandings. Our mutual goal in implementing the Shared Decision-Making Process is to continue to strengthen our relationship to allow us to continue collaboration into the future on the path laid out in this Foundation Agreement.

**Suspension**

4.53 To help support the successful implementation of the Shared Decision-Making Process, where a demonstrable pattern of significant challenges arises in implementing the Shared Decision-Making Process in relation to specific types of Applications, which creates a climate of serious conflict between us, we wish to ensure that there is a mechanism for us to suspend the operation of the Shared Decision-Making Process in relation to those specific types of Applications and a process to seek to address the challenges.

4.54 If one of us is of the view that the Shared Decision-Making Process should be suspended for specific types of Applications, due to the challenges and conflict referenced in section 4.53, that Party may provide notice in writing to the other Party advising of its intention to suspend the Shared Decision-Making Process for those specific types of Applications within 45 Business Days.

4.55 The notice under section 4.54 must provide detailed written reasons why the Party is of the view that a demonstrable pattern of challenges exists in the Shared Decision-Making Process in relation to the specific types of Applications that has given rise to a climate of serious conflict.

4.56 Within 10 Business Days of a notice being provided by one of us pursuant to section 4.54, the Solutions Forum must meet to discuss the issues raised in the notice, including our respective views on whether there is a demonstrable pattern of challenges in relation to a specific type of Application that has given rise to a climate of serious conflict.

4.57 For greater certainty, the following are not valid grounds for suspension of the Shared Decision-Making Process:

(a) disagreement or divergence between us in relation to our respective decisions on specific Applications;
(b) disagreement or divergence between us in relation to decisions on one, or an insignificant number of, specific Applications; or

(c) timelines for review of specific types of Applications.

4.58 Once the Solutions Forum has completed its meetings pursuant to section 4.56:

(a) the Party that provided the notice will provide final written notice to the other Party indicating whether or not it is suspending the Shared Decision-Making Process in relation to the specific types of Applications identified in the notice provided under section 4.54; and

(b) if the Party indicates in its final written notice that it is suspending the Shared Decision-Making Process in relation to the specific types of Applications identified in the notice provided under section 4.54, the Shared Decision-Making Process will be suspended for those Applications effective as of the end of the 45-Business-Day notice period.

4.59 Where the Shared Decision-Making Process has been suspended in relation to specific types of Applications pursuant to section 4.58, we will:

(a) refer the suspension issue to the Solutions Forum, with a view to addressing the reasons for the suspension so as to permit us to bring the specific types of Applications back into the Shared Decision-Making Process; and

(b) meet to determine how to address:
   i) the specific Applications that were in the process of being reviewed in accordance with the Shared Decision-Making Process when the process was suspended for those types of Applications; and
   ii) the engagement process for additional Applications for which engagement will be required while the Shared Decision-Making Process for those specific types of Applications is suspended.

4.60 For greater certainty, nothing in sections 4.53 to 4.59 limits our respective rights, or the process, to terminate this Foundation Agreement pursuant to sections 34 to 41 of Schedule P.

K’ats’awattsut kwe sninishinmitit te seysiyayem ᖈे ᑕchief ᖈe shíshálh swiya (Forest Licensee Engagement Table)

4.61 We will establish a Forest Licensee Engagement Table with participating Licensees as a tool for addressing both strategic and operational obstacles to collaborative relations and building a strong forestry economy in the shíshálh swiya, in accordance with Schedule G.
4.62 The Province will provide shíshálh Nation with $450,000 for the establishment and operation of the Forest Licensee Engagement Table as follows:

(a) $200,000 payable as soon as practicable after the Effective Date; and

(b) $62,500 within each of the first, second, third and fourth Fiscal Years after the Effective Date, payable as soon as practicable after receipt of the annual report required under section 30(c) of Schedule P for the applicable prior Fiscal Year.

k’ats’awattsut kwe sninishinmitit te syichams te shíshálh swiya (Land Use Planning Table)

4.63 We acknowledge that the development of a joint land use plan for the shíshálh swiya would be of mutual benefit, advance reconciliation, advance collaborative management and contribute to predictability for all those living within the shíshálh swiya.

4.64 We acknowledge that prior to the Effective Date substantial information gathering and pre-planning work has already been undertaken that will contribute to the development of a joint land use plan for the shíshálh swiya, including:

(a) the development by shíshálh Nation of the shíshálh land use plan; and

(b) the completion of studies, including in relation to archaeology and environmental values.

4.65 We will establish a Land Use Planning Table comprised of our respective technical representatives to undertake the following work:

(a) compile and review the relevant studies and information identified in section 4.64(b);

(b) based on the studies and information compiled under section 4.65(a), identify agreed to information gaps that need to be addressed to assist in the development of a joint land use plan for the shíshálh swiya, including information and studies respecting:

i) ecosystem identification and mapping;

ii) contaminated site and area identification;

iii) forest annual allowable cut inventory;

iv) mineral and aggregate potential;

v) foreshore resource (habitat and marine life) inventory; and
vi) such other information or study as the Land Use Planning Table may agree;

(c) develop and recommend to the Province terms of reference for the Province to commission the studies identified and agreed to under section 4.65(b), with the goal of having the agreed to studies completed within three years of the Effective Date; and

(d) using the base line studies and information compiled and commissioned under sections 4.65(b) and (c), develop and recommend to the Parties steps to be implemented to design and complete a joint land use planning process and to develop a draft joint land use plan for the shíshálh swiya for our respective review and approval.

4.66 We acknowledge that completion of a draft joint land use plan as soon as practicable is a mutual goal, and that specific timelines for completion, and the required approval of the land use plan by each of us, will be established based on agreed to recommendations from the Land Use Planning Table as it completes its work under section 4.65. We further acknowledge that the development, adoption, and approval by each of us of a joint land use plan may take place in stages, with some elements of the plan, or initiatives related to the plan, being adopted and implemented by our mutual agreement prior to the full completion of the studies undertaken pursuant to section 4.65 or the full completion of the plan.

4.67 The Land Use Planning Table will develop a public engagement and information sharing process in respect of its work and the development of the draft joint land use plan will include public and stakeholder engagement.

4.68 The Land Use Planning Table will set its own operating procedures and meeting schedule.

*k’ats’awattsut kwe sninishinmitit te ṝewkw’ sʔayʔiy ni ṝe tems swiya* (Resource Management Table)

4.69 We will establish a Resource Management Table that will make recommendations to shíshálh Council and relevant provincial ministries or agencies on processes for the joint management of natural resources in the shíshálh swiya, including: fish and wildlife, hunting and fishing, aquaculture, and parks and conservancies.

4.70 Recommendations under section 4.69 may include joint compliance and enforcement mechanisms.

*k’ats’awattsut kwe skwennexws she tala kwe skwenamts te shíshálh* (Socio-Cultural Table)

4.71 We will establish a Socio-Cultural Table comprised of at least two, and no more than three, representatives with social cultural expertise from each Party.
4.72 The terms of reference for the Socio-Cultural Table are set out in Schedule J.

Evolution of shíshálh Nation Self-Government

4.73 We acknowledge that the evolution and implementation of shíshálh Nation's inherent right of self-government, as expressed in the UN Declaration, is a fundamental aspect of advancing reconciliation between us, and we agree to:

(a) work collaboratively to further identify and define the relationship between shíshálh Nation laws and jurisdiction and the Province’s laws and jurisdiction;

(b) support shíshálh Nation’s governance, including strengthening shíshálh Nation’s political, social, cultural, and economic structures in accordance with this Foundation Agreement; and

(c) explore, design and implement agreed-to models of consent-based decision-making and the operationalization of the standard of free, prior, and informed consent as expressed in the UN Declaration.

4.74 In addition to establishing the Board, Land Use Planning Table, Resource Management Table and Socio-Cultural Table, we will work together to support the evolution and implementation of shíshálh Nation’s inherent right of self-government as contemplated under section 4.73 through the following additional initiatives:

(a) within 18 months of the Effective Date, we will negotiate and attempt to reach agreement on consent-based decision-making initiatives that can be implemented in relation to land and resource decisions in the shíshálh swiya under existing provincial and shíshálh Nation laws as part of further operationalizing the principle of free, prior, and informed consent;

(b) we will discuss other consent-based decision-making initiatives in relation to land and resource decisions in the shíshálh swiya that we may agree to implement that would require legislative and regulatory amendments to implement and, if such amendments are made, negotiate and attempt to reach agreement on those additional consent-based decision-making initiatives;

(c) shíshálh Nation will conduct a self-government needs assessment and develop a work plan to identify its priorities for the evolution of shíshálh Nation’s model of self-government, including the continued rebuilding of shíshálh Nation’s political, social, cultural and economic structures;

(d) as soon as practicable after the completion of the work plan identified in section 4.74(c), we will determine which priorities set out in the work plan we mutually share and which of those shared priorities could be met through the Milestones, or whether additional initiatives should be jointly designed and implemented in order to achieve the mutually shared priorities set out in the work plan; and
(e) we will jointly endeavour to engage and include the federal government in implementing this section of the Foundation Agreement as may be appropriate and necessary.

Law and Policy Review

4.75 The Relationship and Implementation Board will discuss how engagement with respect to the on-line filing of mineral claims within the shíshálh swiya under the Mineral Tenure Act R.S.B.C. 1996, c. 292 may occur.

4.76 The Province will ensure that shíshálh Nation is included in any provincial process that may be established to review and amend provincial laws, regulations and policies to ensure alignment with the UN Declaration.

Social, Culture, and Community

4.77 The Relationship and Implementation Board will identify and recommend geographical features and locations within the shíshálh swiya to be re-named with shíshálh Nation place names within five years of the Effective Date.

4.78 The Relationship and Implementation Board will identify and recommend the installation of highway and road signage with shíshálh Nation place names within five years of the Effective Date.

4.79 The Province will provide a payment of $950,000 to shíshálh Nation as soon as practical after the Effective Date for socio-cultural or community initiatives to be identified by shíshálh Nation, such as:

(a) housing and infrastructure related initiatives, including identifying land options, community needs, and developing a housing strategy;

(b) youth programs;

(c) health gap analysis, including elder care;

(d) developing a strategic plan for cultural revitalisation and language; and

(e) funding for post-secondary education.

4.80 The Relationship and Implementation Forum will discuss future funding for other infrastructure-related priorities for shíshálh Nation, such as for a capital asset management plan and emergency preparedness. We understand that these discussions will be subject to Canada’s participation.

4.81 We will attempt to address the Ministry of Education and shíshálh Nation funding dispute in relation to education funding.
Implementation Funding

4.82 The Province will provide funding to Shíshálh Nation in the amount of **$5.15 million** for implementation of the Foundation Agreement, as follows:

(a) **$1.03 million** payable as soon as practicable after the Effective Date, and;

(b) **$1.03 million** in each of the four Fiscal Years after the Effective Date, payable as soon as practicable after receipt of the annual report required under section 30(c) of Schedule P for the applicable prior Fiscal Year.

For greater certainty, the payments under this section 4.82 are in addition to the amounts provided for elsewhere in this Foundation Agreement.

PART 5 - MILESTONES

Identification of Milestones

5.1 In this Part 5 and Schedules K to O, we have identified medium-term Milestones for negotiation between the fifth and tenth anniversaries of this Foundation Agreement, and long-term Milestones for negotiation between the tenth and 25th anniversaries of this Foundation Agreement.

5.2 We understand that the medium and long-term Milestones cannot be identified with as much detail as the Immediate Measures. We also acknowledge that we may change the Milestones through mutual agreement as circumstances and opportunities change, our relationship evolves and the UN Declaration is implemented. As a result, we will work together, through the implementation of this Foundation Agreement, to further define and negotiate the medium-term and long-term Milestones.

5.3 No later than the fourth anniversary of the Effective Date, and within every five year period thereafter, we will identify the priority Milestones that we will attempt to achieve in the next five-year period and will negotiate and attempt to conclude agreements directed at achieving those Milestones within the identified time frame.

Forestry

5.4 Our Milestone priorities for forestry are identified in Schedule K.

Natural Resources

5.5 Our Milestone priorities for natural resources are identified in Schedule L.

Lands and Tenures

5.6 Our Milestone priorities for lands and tenure are identified in Schedule M.
Governance and Jurisdiction

5.7 Our Milestone priorities for governance and jurisdiction are identified in Schedule N.

Socio-Cultural Well-being

5.9 Our Milestone priorities for socio-cultural well-being are identified in Schedule O.

Investments

5.10 We recognize that reconciliation requires political will, as well as substantial investment of resources. One of the goals of this Foundation Agreement is to close the gaps in social, health and economic outcomes that exist between Indigenous and non-Indigenous Canadians.

PART 6 - OTHER MATTERS

Federal Involvement

6.1 We understand that ongoing reconciliation of our respective interests will require the involvement of Canada. Accordingly, we will endeavour to include Canada in our reconciliation efforts.

Strategic Issues

6.2 In the event that a Strategic Issue arises, either of us may refer the Strategic Issue to the Relationship and Implementation Forum to discuss and attempt to resolve.

6.3 In the event the Relationship and Implementation Forum cannot resolve the Strategic Issue, the Strategic Issue will be referred to the Solutions Forum.

Dispute Resolution

6.4 We agree and acknowledge that unaddressed and unresolved conflicts between us can harm the progress of the implementation of this Foundation Agreement. As such, we agree to adopt the measures set out in sections 6.5 to 6.10 to resolve Disputes in a collaborative, respectful and flexible manner.

6.5 If a Dispute arises at the Socio-Cultural Table, Land Use Planning Table or Resource Management Table, the Dispute will be referred to the Relationship and Implementation Forum. The Relationship and Implementation Forum will have 20 Business Days to attempt to resolve the Dispute and can use whatever processes or approaches our representatives on the Relationship and Implementation Forum agree are appropriate to resolve the Dispute, including a longhouse visit, or other culturally-appropriate venue or community-based mechanisms.
6.6 For a Dispute not referenced in section 6.5, including a Dispute at the Relationship and Implementation Forum, or in the event the Relationship and Implementation Forum is unable to resolve a Dispute referred to it pursuant to section 6.5, the Relationship and Implementation Forum will refer the Dispute to the Solutions Forum, and our Representatives on the Solutions Forum can bring in other representatives to help resolve the Dispute, as they agree are appropriate.

6.7 In the event the Solutions Forum is unable to resolve a Dispute that is referred to it within 30 Business Days, at the request of either the shíshálh or provincial Representative to the Solutions Forum, the matter will be referred to our Senior Representatives for resolution.

6.8 The Solutions Forum and our Senior Representatives, as the case may be, can use whatever processes or approaches they agree are appropriate to resolve the Dispute, including a longhouse visit, or other culturally-appropriate venue or community-based mechanism, and can consider whether amendments to this Foundation Agreement or additional agreements are required to address the Dispute, in which case they can recommend those amendments or other agreements to our respective decision-making bodies for consideration.

6.9 If Senior Representatives agree that the Dispute be mediated, we will refer the Dispute to a mutually agreed-upon mediator, with each of us paying our own costs of the mediation and one-half of the costs of the mediator.

6.10 The Relationship and Implementation Forum or the Solutions Forum, as applicable, may agree to extend or shorten timelines for each stage of this dispute resolution process as required by the nature of the Dispute at issue and any external time constraints.

Engagement

6.11 We are committed to engaging with local governments and stakeholders in the shíshálh swiya about this Foundation Agreement and its implementation. SCHEDULE E

Interim Forestry Revenue Sharing

1. INTERPRETATION

1.1 In this Schedule, “Minister” means the Minister of Forests, Lands and Natural Resource Operations and Rural Development having the responsibility, from time to time, for the exercise of powers in respect of forests and range matters.

2. SCOPE

2.2 This Schedule applies to forest and range activities in the shíshálh swiya.

3. PROJECT PAYMENTS

3.1 Subject to suspension in accordance with section 19 of Schedule P of this Foundation Agreement, the Province will during each of Fiscal Years 2018/2019, 2019/2020 and 2020/2021 make annual forestry revenue sharing payments to shíshálh Nation, calculated in accordance with Appendix 1 to this Schedule E (the “Revenue Sharing Contribution Methodology”), and the forestry revenue sharing payments will be disbursed in two equal payments: the first payment to be paid on or before September 30th, and the second payment to be paid on or before March 31st.

3.2 For the purposes of determining the amount of a forestry revenue sharing payment for a partial Fiscal Year, the amount will be prorated for each month or part thereof that this Foundation Agreement is in effect and forestry revenue sharing payments are to be made in accordance with section 3.1.

3.3 Before November 30th of each year that annual forestry revenue sharing payments are to be made in accordance with section 3.1, the Province will give the shíshálh Nation notice of the forestry revenue sharing payment for the following Fiscal Year, including the summary document and calculations identified in the Revenue Sharing Contribution Methodology, and the shíshálh Nation agrees that such notice will have the effect for the purposes of this Schedule E of describing the amount of the forestry revenue sharing payment under this Schedule E for that following Fiscal Year.

4. ACKNOWLEDGEMENTS AND COVENANTS

4.1 The shíshálh Nation acknowledges that forest revenues received by the Province fluctuate and that the forestry revenue sharing payments under this Schedule E will vary over time.
5. **RECIPIENT ENTITY**

5.1 Unless shíshálh Nation elects to have a designate receive the forestry revenue sharing payments pursuant to section 5.2, recognizing that any such election does not relieve shíshálh Nation of its obligations under this Schedule E, shíshálh Nation will be the recipient of the revenue sharing payments.

5.2 Where shíshálh Nation chooses to have a designate receive the revenue sharing payments under this Schedule E, the Province may withhold payment of the revenue sharing payments until it is satisfied that shíshálh Nation’s designate is a registered corporation or society with the legal authority and capacity to receive the funds for the purposes described in this Schedule E on behalf of shíshálh Nation.

6. **SECURITY DEPOSITS**

6.1 In recognition of shíshálh Nation entering into this Foundation Agreement, the Province may choose not to request a silviculture deposit(s) pertaining to licence(s) entered into as a result of the invitation to apply under a Forest Tenure Opportunity Agreement entered into between shíshálh Nation (or a legal entity controlled by the shíshálh Nation) and the Province.

6.2 shíshálh Nation agrees that the Province may apply any payment that shíshálh Nation is entitled to receive under section 3.1, to a maximum of the amounts that the Province would have obtained in a silviculture deposit, in order to fully or partially satisfy any unfulfilled financial obligations of shíshálh Nation to the Province arising from a licence(s) entered into as a result of the invitation to apply under a Forest Tenure Opportunity Agreement entered into between shíshálh Nation (or a legal entity controlled by the shíshálh Nation) and the Province.

6.3 Prior to the Province applying any payment to satisfy unfulfilled financial obligations of the shíshálh Nation arising from a licence in accordance with section 6.2, the Province will notify the shíshálh Nation of the unfulfilled financial obligation and will discuss the proposed action with the shíshálh Nation.

7. **STABILITY FOR LAND AND RESOURCE USE**

7.1 shíshálh Nation will respond promptly to any discussions sought by the Province in relation to any acts of intentional interference by members of shíshálh Nation with provincially authorized forest and/or range activities and will work co-operatively with the Province to assist in resolving any such matters.

8. **SUSPENSION AND TERMINATION**

8.1 Subject to the process set out in section 19 of Schedule P – General Provisions, the Province may suspend the making of further forestry revenue sharing payments under this Schedule if it determines, acting reasonably, that shíshálh Nation has outstanding unfulfilled financial obligations to the Province arising from a licence(s) issued further to an agreement between the shíshálh Nation and the Province.
8.2 If, during the Term of this Foundation Agreement, shíshálh Nation:

(a) challenges or supports a challenge to an Administrative or Operational Decision or an Operational Plan or activities carried out pursuant to those decisions or plans, by way of legal proceedings or otherwise, that asserts that the forestry revenue sharing payments provided for in section 3.1 do not provide a component of accommodation for impacts on shíshálh Nation’s Aboriginal Rights; or

(b) supports or participates in any physical acts that frustrate, delay, stop or otherwise physically interfere with provincially authorized forest activities;

then, without limiting any actions that may be taken by the Province and subject to the process set out in section 19 of Schedule P – General Provisions, the revenue sharing payments provided for in section 3.1 may be suspended.

9. **AMENDMENT OF THE FOREST REVENUE SHARING AMOUNT**

9.1 The Province acknowledges shíshálh Nation’s interest in obtaining forestry revenue sharing at a level equal to 75% of provincial stumpage repayment on all forestry volumes harvested under tenures issued to shíshálh Nation (or a Designated Company).

9.2 If changes are made to the Province’s general First Nation forestry revenue sharing program, the Province will provide shíshálh Nation with the benefit of any improvements to the program and we will amend this Schedule accordingly.
APPENDIX 1 to Schedule E

Revenue Sharing Contribution Methodology

1. The shíshálh swiya Forest Revenue Sharing Component Calculation

1.1 Subsequent to the Minister of Finance’s release of the previous Fiscal Year’s public accounts, in each Fiscal Year that revenue sharing payments are to be provided to shíshálh Nation under section 3.1 of this Schedule E, the Province will prepare a written summary of the two previous Fiscal Years’ forest revenues from the Sunshine Coast Natural Resource District, based on the total of stumpage, waste and annual rent payments received by the Crown for that period. The two annual revenues will be added together and divided by two to produce an average (the “Sunshine Coast Forestry Revenue”).

1.2 The stumpage payments from Eligible Volume in any shíshálh Nation or shíshálh Nation affiliate Forest Licence (if applicable) will not be included in the Sunshine Coast Forestry Revenue calculation.

1.3 The amount of Sunshine Coast Forestry Revenue attributed to the shíshálh Nation’s swiya ("swiya Forestry Revenue") will be calculated by determining the percentage of the shíshálh swiya that falls within the Timber Harvesting Land Base in the Sunshine Coast Natural Resource District, multiplied by the Sunshine Coast Forestry Revenue. The swiya Forestry Revenue will be prorated to account for overlapping asserted territories of other First Nations within the shíshálh swiya.

1.4 shíshálh Nation’s share of swiya Forestry Revenue ("shíshálh swiya Forest Revenue Sharing Component") will be calculated by multiplying swiya Forestry Revenue by 0.05.

1.5 For each Fiscal Year that this Foundation Agreement is in effect, the calculations outlined in sections 1.1 to 1.4 of this Appendix will be performed.

2. Direct Award Tenure Forest Revenue Sharing Component

2.1 Subsequent to the Minister of Finance’s release of the previous Fiscal Year’s public accounts, in each Fiscal Year that revenue sharing payments are to be provided to shíshálh Nation under section 3.1 of this Schedule E, the Province will prepare a written summary of shíshálh Nation’s or shíshálh Nation affiliates’ Forest Licence (if applicable) forest revenue, based on the total stumpage payments received by the Crown for the previous Fiscal Year from Eligible Volume within shíshálh Nation’s or shíshálh Nation affiliates’ Forest Licences ("shíshálh Licence Stumpage”).

2.2 shíshálh Nation’s share of shíshálh Licence Stumpage (“Direct Award Forest Tenure Revenue Sharing Component”) will be calculated by multiplying shíshálh Licence Stumpage by 0.75.
2.3 For each Fiscal Year that this Foundation Agreement is in effect, the calculations outlined in sections 2.1 and 2.2 of this Appendix will be performed.

3. **Revenue Sharing Calculation**

3.1 For each Fiscal Year that revenue sharing payments are to be provided to shíshálh Nation under this Foundation Agreement, the revenue sharing payments will be calculated by adding the total shíshálh swiya Forest Revenue Sharing Component to the Direct Award Tenure Forest Revenue Sharing Component for that Fiscal Year.

3.2 Subject to section 3.3 of this Appendix 1, for each Fiscal Year that revenue sharing payments are to be provided to shíshálh Nation under this Foundation Agreement, if the calculation under s. 3.1 of this Appendix is less than the payments made to shíshálh Nation under the *shíshálh Nation Interim Forestry Agreement* which was signed in 2004 and expired on March 31, 2010, the Province will provide an additional revenue sharing payment ("**Transitional Revenue Sharing Component**") to shíshálh Nation, calculated by multiplying the payments that were made by the Province to shíshálh Nation in any given full year under that *shíshálh Nation Interim Forestry Agreement* by the following values for the respective years set out below:

(a) 2018/19 Fiscal Year: 0.40;
(b) 2019/20 Fiscal Year: 0.40; and
(c) 2020/21 Fiscal Year: TBD.

3.3 For each Fiscal Year that revenue sharing payments are to be provided to shíshálh Nation under this Foundation Agreement, if a Transitional Revenue Sharing Component is payable to shíshálh Nation pursuant to section 3.2 of this Appendix, the total amount payable to shíshálh Nation pursuant to sections 3.1 and 3.2 of this Appendix for that Fiscal Year will be no greater than the annual payment received under the *shíshálh Nation Interim Forestry Agreement* which was signed in 2004 and expired on March 31, 2010.

1.0 Commencement of Engagement.

1.1 The Province will commence engagement in respect of an Application by providing the shíshálh Nation and the Working Group with a written Review Package in relation to the Application.

1.2 A Review Package will include a copy of the Application and any additional information that the Board agrees needs to be included in a Review Package for a specific category of Application.

1.3 If engagement between shíshálh Nation and a Proponent has taken place with respect to an Application prior to a Review Package being submitted to the Working Group and shíshálh Nation Chief and Council has determined that it is not opposed to the Application, shíshálh Nation will advise the Working Group, the Board and the Decision Maker accordingly, and the Decision Maker may proceed to make a decision on the Application without the process set out in this Schedule H being followed.

2.0 Working Group Review

2.1 Within 40 Business Days of receiving a Review Package, the Working Group will undertake a review of the Review Package and provide the Board with the Working Group’s Initial Assessment setting out the Working Group’s:

(b) recommendation as to the estimated timeframe (20, 40, 60, or 90 Business Days) for the Board to review the Application and provide its Recommendations;

(c) summary of any concerns the Working Group may have with respect to the Application; and

(d) recommendations to the Board, based on the Working Group’s assessment of the Application.

2.2 If the Working Group determines by consensus that additional information is required to assess the Application, the Working Group may request in writing that information from the Province, shíshálh Nation or the Proponent, as the case may be.

2.3 The timelines under section 2.1 will be suspended as of the date that the Working Group makes a request under section 2.2 and will begin to run again once the requested information has been provided to the Working Group.
2.4 If the Province, shíshálh Nation or a Proponent notifies the Working Group that it will not or cannot provide information requested under section 2.2, the timelines under section 2.1 will begin to run again as of the date of that notification.

2.5 Concurrently with the Working Group providing its Initial Assessment to the Board, it will notify shíshálh Nation and the Province of its recommendation to the Board under section 2.1(b) regarding the estimated timeframe for the Board to develop its Recommendations.

2.6 The members of the Working Group will endeavour to reach consensus on the content of an Initial Assessment.

2.7 If the Working Group cannot reach consensus on an Initial Assessment, the members of the Working Group will, within 40 Business Days of the Working Group receiving a Review Package, provide the Board with non-consensus assessments, recommendations and summaries of concerns regarding the matters set out in section 2.1, together with an explanation of why differences amongst Working Group members exist.

2.8 In developing an Initial Assessment, the Working Group may consider the:

(a) completeness and sufficiency of information provided with the Review Package;

2.9 The Working Group may establish sub-groups to focus on specific topics associated with an Application.

3.0 Board Review

3.1 No earlier than three and no later than 14 Business Days after receiving an Initial Assessment from the Working Group under section 2.1, the Board will meet to consider the Application and the Initial Assessment provided by the Working Group.

3.7 If requested by the Province, the Board will provide documentation and the rationale supporting the Recommendations on the basis and understanding that such material may be disclosed by the Province to a Proponent to support the making of the decision on the Application.

3.8 Notwithstanding section 3.7, any material provided to a Proponent will not include confidential information that has been provided by shíshálh Nation to the Province, unless otherwise agreed by the shíshálh Nation or where such disclosure is required by law.

3.9 For certainty, nothing in this Agreement limits or affects any obligation the Province may have under law with respect to the disclosure of any confidential information that has been provided to it by shíshálh Nation.

3.10 The Province acknowledges that the disclosure of confidential information to any other party requesting such information under the Freedom of Information and Protection of Privacy Act could be reasonably expected to harm the relations between the Province and shíshálh Nation and that if the Province receives a request under the Freedom of Information and Protection of Privacy Act or is otherwise required by law to disclose confidential information, the Province will provide shíshálh Nation with notice of the request and the opportunity to express any views regarding the disclosure.

4.0 Responses after receipt of a Recommendation

4.1 If either Party makes a decision on an Application that is consistent with the Board’s Recommendations, that Party will, within 10 Business Days, provide written notification of the decision to the other Party and, if requested by that other Party, will also identify how that Party’s interests and written comments have been addressed.

4.2 If either Party intends to make a decision that is not consistent with the consensus Recommendations of the Board or, if the Board has not made consensus Recommendations, the Recommendations of the Board members appointed by the other Party, that Party will provide notice to the Board and the other Party.

4.3 At the written request of either Party, the Solutions Forum will meet within 10 Business Days of receiving notice under section 4.2, or at a time otherwise agreed to by the Parties, to discuss the decision on the Application.

4.4 Neither shíshálh Nation nor the Province will make a decision on an Application prior to the earlier of meeting under section 4.3 or the expiry of the time period to meet under section 4.3.
4.5 Both shíshálh Nation and the Province will give serious consideration to the issues raised by the other Party at any meeting that may occur under section 4.3 when making a decision on an Application.

4.6 Where a decision by shíshálh Nation or the Province is not consistent with the Board’s Recommendations or the issues raised by the other Party at the meeting under section 4.3, shíshálh Nation or the Province, as the case may be, will, within 10 Business Days after the decision has been made, notify the other Party of the decision and, if requested, provide a written rationale for the decision identifying how the other Party’s interests and concerns have been addressed.
