Highlights

The Quarterly Environmental Enforcement Summary for the 1st Quarter of 2017 includes environmental enforcement actions from January 1st – March 31st 2017: 12 Orders, 49 Administrative Sanctions, 362 Tickets, two Administrative Penalties, and 14 Court Convictions. Penalties for this Quarter total \$423,405.

Notable Highlights this Quarter:

The **Agricultural Land Commission (ALC)** was on-boarded to the Quarterly Environmental Enforcement Summaries and the Environmental Violations Database (EVD). The ALC promotes compliance with the *Agricultural Land Commission Act (ALCA)* to ensure that activities taking place within the Agricultural Land Reserve are consistent with the legislated mandate to preserve agricultural land and encourage farm use. Enforcement actions under the *ALCA* include Stop Work Orders, Remediation Orders, and Administrative Penalties. *ALCA* actions from 2016 were also retroactively uploaded to EVD. More information about the ALC's compliance and enforcement initiatives is [available online](#).

Cobble Hill Holdings Ltd.'s waste discharge permit was cancelled in February 2017 under section 18 of the *Environmental Management Act*. The permit allowed the company to accept contaminated soil and process it through bioremediation or landfilling into a landfill facility, as well as discharge treated effluent to a stream. In January 2017, the permit was suspended and a Spill Prevention Order was issued as Cobble Hill Holdings Ltd. had not addressed outstanding non-compliances in a timely manner. More information about this case, including copies of the enforcement actions, is [available online](#).

Under the Recycling Regulation, producers of "Bluebox" recyclables are required to take responsibility for the life-cycle management of their packaging and printed paper products. **BOSA Foods** of Vancouver received an \$18,500 Administrative Penalty for not meeting these requirements.

The *Integrated Pest Management Act (IPMA)* requires a licence to sell, use, or provide services respecting pesticides. Michael Troup applied pesticides on a nut farm near Kelowna without a current licence. In response to the non-compliance, Troup received a \$2,450 Administrative Penalty. This is **the first Administrative Penalty issued under the IPMA** since they came into force in 2014.

Bradley Crook and Jaysun Pinkerton were charged under the *Wildlife Act* for **harassing wildlife** with use of a motor vehicle. Crook and Pinkerton attempted to ride a swimming moose by jumping on the animal from a boat. A video of the activity was posted online. Both persons were sentenced to pay \$2,300 in court fines and a \$2,000 creative sentencing order to the Habitat Conservation Trust Foundation (\$4,300 each).

Teck Coal Ltd. (Elkview Operations) operates a steelmaking coal facility located near Sparwood, in southeastern B.C. In September 2012, scheduled upgrades to a sedimentation pond were being conducted on-site. Teck did not notify the Ministry of Environment and Climate Change Strategy of changes to the works, which is required by permit. Two unauthorized discharges of sediment-laden water were made from the sedimentation pond, which released to Goddard Creek. One of the two discharges was not immediately reported to the ministry. Teck was found guilty on three counts under the *Environmental Management Act* for contravening permit requirements, introducing waste to the environment, and for failing to report a spill. Teck was sentenced to pay a total of \$15,000 in court fines and \$285,000 to the Habitat Conservation Trust Foundation.
