## Highlights

The Quarterly Environmental Enforcement Summary for the 2<sup>nd</sup> Quarter of 2017 includes environmental enforcement actions from April 1<sup>st</sup> – June 30<sup>th</sup> 2017: 14 Orders, 49 Administrative Sanctions, 531 Tickets, three Administrative Penalties, 13 Court Convictions, and one Community Environmental Justice Forum. Penalties for this Quarter total \$571,402.

Notable Highlights this Quarter:

Since new off road vehicle laws came into effect in November 2015, **violation tickets under the *Off-Road Vehicle Act (ORVA)*** have come to represent a large portion of the tickets issued by the Conservation Officer Service. In the first two quarters of 2017 (January 1 - June 30), 200 tickets have been reported under *ORVA*. By comparison, a total of 113 tickets under *ORVA* were reported in all of 2016. This increase in enforcement follows a transitional period focused on education and compliance promotion. Note that only tickets deemed guilty are reported. Information about off road vehicle safety and regulations is [available online](#).

To date, all **Administrative Penalties** issued under the *Environmental Management Act (EMA)* and the *Integrated Pest Management Act* have been paid. During the second quarter of 2017, three Administrative Penalties were issued for contraventions of *EMA* or its regulations:

- Under the Recycling Regulation, producers of “Bluebox” recyclables are required to take responsibility for the life-cycle management of their packaging and printed paper products. **DAVIDs TEA** received a \$22,000 Administrative Penalty for not meeting these requirements.
- **Domtar Inc.** and **Seaspan ULC** received a \$35,000 Administrative Penalty for failure to comply with a Remediation Order regarding a high-risk contaminated site.
- **Rio Tinto Alcan Inc.** received a \$10,500 Administrative Penalty for failure to comply with permit requirements which impose effluent discharge limits regarding toxicity and dissolved aluminum levels.

In July 2014, five bighorn sheep were found dead at **Teck Coal Ltd.’s** Greenhills steelmaking coal facility near Elkford. It was determined that the sheep ingested blasting materials. **Maxam Explosives Inc.** was the supplier of the explosives. Teck and Maxam were each found guilty of introducing business waste to the environment. Teck was sentenced to pay a total of \$200,000, with \$195,000 of that going to the Habitat Conservation Trust Foundation (HCTF). Maxam was sentenced to pay a total of \$150,000, with \$145,000 of that to the HCTF. The court directed for the HCTF funds to be used for the environmental enhancement and restoration of the Sparwood and Fernie area.

A **Community Environmental Justice Forum** was held in May 2017 in response to multiple black bear killings at a farm in the Lower Mainland. Caspian Apiaries Inc. agreed to make \$40,000 in upgrades to their operations to deter bears, and undertook a number of community-focused restorative actions in compensation.

## Restorative Justice

Issued To	Location	Act	Reg.	Section	Penalty	Description
Caspian Apiaries Inc.	Maple Ridge	<i>Wildlife Act</i>	Wildlife Act	33.1(2) and 75	\$40,000	<p>Attracting dangerous wildlife and accidental killing of wildlife</p> <p>Community Environmental Justice Forum: A forum was held in May 2017 to address multiple black bear killings by a contractor hired to set up beehives in order to pollinate a blueberry farm in Pitt Meadows. Over a period of time, the bears were causing damage to the hives. Participants in the forum included a director from the blueberry farm; two elders from the Katzie First Nation; a representative from WildsafeBC; and a provincial apiculturist from the Ministry of Agriculture. As a result of the forum, the company agreed to make \$40,000 in upgrades to their operation to ensure that bears are deterred, and to fund a portable e-fence for WildsafeBC. Further, they agreed to speak to the Katzie Nation youth on bee husbandry and apiaries co-existing with bears, and offer training to members of the BC Beekeepers Association on proper prevention measures. The company also agreed to make a public apology in a local newspaper.</p>
