## Highlights

The Quarterly Environmental Enforcement Summary for the 3<sup>rd</sup> Quarter of 2017 includes environmental enforcement actions from July 1<sup>st</sup> – September 30<sup>th</sup> 2017: 19 Orders, 72 Administrative Sanctions, 934 Tickets, three Administrative Penalties, and 18 Court Convictions. Penalties for this Quarter total \$364,318.

Notable Highlights this Quarter:

The 2017 wildfire season in British Columbia was unprecedented. This resulted in increased activity and enforcement of wildfire laws in the Province. The third Quarter of 2017 (July to September) includes 124 violation tickets issued by the Conservation Officer Service under the **Wildfire Act**, totaling over \$134,000 in fines. On April 1, 2016, increased fines for a variety of wildfire-related violation tickets came into force. British Columbia now has some of the highest wildfire-related violation ticket fines in Canada. Learn more about wildfire management at [www.bcwildfire.ca](http://www.bcwildfire.ca) and report wildfires to 1 800 663-5555 or \*5555 on a cell phone.

Under the Recycling Regulation of the *Environmental Management Act*, producers of “Bluebox” recyclables are required to take responsibility for the life-cycle management of their packaging and paper products. **Fruiticana Produce Ltd.** of Surrey received a \$20,000 Administrative Penalty for not meeting these requirements.

The *Agricultural Land Commission Act (ALCA)* preserves the Province’s agricultural lands by disallowing the non-farm use of agricultural lands, unless permitted. In July 2017, **the first Administrative Penalty was issued under the ALCA** for \$7,500 for the contravention of a Stop Work Order. The Order was issued in response to an unauthorized well and water service business taking place on the property. The storage of heavy machinery and the construction of buildings for the business severely reduced the agricultural capability of the land.

In August 2013, a tailings breach from **Basin Coal Mine** caused the discolouration of the Tulameen River near the Village of Coalmont. The containment area of the mine failed, resulting in the release of waste to neighbouring water courses. Coalmont Energy Corporation and managers of the mine, Allan McGowan and Rockland Leong, were charged under the *Environmental Management Act (EMA)* and the federal *Fisheries Act*. Charges against the company were stayed due to bankruptcy. In September 2017, both McGowan and Leong were found guilty under *EMA* and sentenced to pay \$10,000 each. The majority of the penalties were directed to the Habitat Conservation Trust Foundation (HCTF) for the conservation of fish habitats in the Okanagan Region.

In August 2017, Randy Watson and Burc Colins of Kelowna were sentenced for offences related to the **killing of a cow moose out of season** near Beaverdell. Watson, who took responsibility for killing the moose, pleaded guilty to three counts under the *Wildlife Act*. He received a total of \$2,200 in fines, six month probation, as well as a one year hunting prohibition. Colins, who took responsibility for aiding in the killing and retrieval of the moose, pleaded guilty to two counts under the *Wildlife Act*. He received a total of \$1,000 in fines and a one year hunting prohibition. In lieu of the forfeiture of seized firearms, both accepted an option to provide an **apology letter to the public** (for the purpose of publishing) acknowledging the facts of the incident and taking responsibility for their actions with the option to express remorse. The majority of the penalties were directed to the HCTF to be used for the benefit of conservation projects in the Province.
