

# QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

4th Quarter 2014  
(October 1 - December 31)

*Protecting the Splendor of our Natural Places*

## Highlights

**The Quarterly Environmental Enforcement Summary for Q4 2014 outlines 8 Orders, 93 Administrative Sanctions, 704 Tickets, and 19 Court Convictions for a combined total of almost \$210,000 in penalties.**

Notable Highlights this Quarter:

**Dr. Fan Liu** of Nanaimo pled guilty to three charges of trafficking in bear gall bladders, and was ordered to pay over \$17,500 in penalties. A tip from the public led to an undercover investigation by the Conservation Officer Service which resulted in the charges. Bear gall bladders are sought after in many Asian cultures for medicinal purposes. Global trade in illegal gall bladders is estimated at \$2 billion annually.

The BC Supreme Court upheld a lower court decision on the case of two grizzly bears that were shot illegally. **Robbie Shirey** was convicted in Provincial Court earlier in 2014 on four counts under the *Wildlife Act* for the illegal shooting of a grizzly bear sow and one of her cubs and fined \$3,200. Shirey argued that he was within his rights to protect his property and pets from the bears. However, the judge dismissed the appeal, finding Shirey at fault for not following through on his promise to remove attractants from his property, which included a moose carcass and a freezer full of salmon. Had the attractants been dealt with as arranged, the bears likely would not have returned to his property.

**Amit Bawa** has the distinction of being the first person convicted under BC's *Integrated Pest Management Act*. Bawa was found guilty on two counts of making false statements to the administrator during his role in certifying pesticide applicators and fined over \$13,000. Undercover Conservation Officers performed an investigation finding that Bawa was putting the public at risk by compromising the integrity of the provincial training and certification program. The certification program is a key element in ensuring that pesticide applicators and dispensers are knowledgeable in pesticide safety, while protecting human health and the environment.

In keeping with their public safety mandate, the Conservation Officer Service (COS) participates in joint road check operations with other enforcement agencies during the busy hunting season. In Q4 2014 the COS issued 163 tickets totalling \$37,510 in fines under the *Firearm Act* for having a loaded firearm in a vehicle. Hunters have a very important responsibility to ensure that firearms are transported in a safe, secure manner. Non-compliance with this requirement may result in a \$230 ticket as well as possible seizure of the firearm.
