

QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

1st Quarter 2008
(January 1 - March 31)

Protecting the Splendor of our Natural Places

Highlights

The Quarterly Environmental Enforcement Summary for Q1 2008 outlines 3 orders 43 Administrative Sanctions, 266 Tickets, and 18 Court Convictions and for a combined total of almost \$94,000 in penalties.

Notable Highlights this Quarter:

The Conservation Officer Service (COS) has been working with the Ministry of Tourism, Culture and the Arts and the Ministry of Forests and Range to raise public awareness about the damaging impacts that “mud-bogging” and other off-road activities can have on sensitive wetlands, grasslands, and sub-alpine areas. In 2007, new ticketing provisions were made available to the COS through section 46 (1.1) of the *Forest and Range Practices Act*. This summary highlights the first round of tickets issued under the new provision.

Walker Rook Addison pled guilty to four counts under the *Wildlife Act* for illegally harvesting three California bighorn mountain sheep and a white-tailed deer. The court ordered him to pay a fine of \$400 plus \$17,000 in creative sentencing to the Habitat Conservation Trust Foundation. He was additionally ordered not to hunt for a period of five years and to forfeit his hunting equipment that was seized in the investigation. The Conservation Officer Service wishes to acknowledge the instrumental role played by the public in the successful outcome of this investigation.

The public plays an important role in keeping our province safe, clean and beautiful. The **Report All Poachers and Polluters (RAPP)** program is a toll free tip-line and web-based service for reporting known or suspected violations of fisheries, wildlife, or environmental protection laws. Calling the RAPP line ensures the crime can be reported anonymously and without risk of confronting the offender. Available 24/7, RAPP is simple, safe and effective. With accurate reporting, RAPP Call Centre staff relay the information to the Conservation Officer Service. Contact RAPP at **1-877-952-7277 (RAPP)** or **#7277** on the TELUS Mobility Network or at <http://www.env.gov.bc.ca/cos/rapp/rapp.html>

Our compliance and enforcement reporting includes orders, administrative sanctions, tickets and court convictions, covering hunting and fishing, open burning, mud bogging, dam safety, pesticide and pollution violations.

Orders

Issued To	Location	Act	Reg.	Section	Description
Skore Holdings Ltd., Gurmukh Singh & Lakhbir Kaur Gill	Surrey	<i>Environmental Management Act</i>		77	Information Order Information Order issued after numerous reported incidents of sewage spills at a mobile home park. The Order required that a written report, prepared by a qualified professional (QP), be submitted to the Ministry. The report must include: 1) a statement of qualifications of the QP; 2) the number of mobile homes currently connected to the sanitary sewer line, and the maximum number of mobile homes that the entire property can accommodate and be safely connected to the sanitary sewer line without causing any spills or failures; 3) an assessment of the operating and physical conditions of the sanitary sewer line and all clean-out traps, based on engineering and construction standards; 4) a statement indicating whether the entire sanitary system is either adequate or inadequate to prevent failures; and, 5) copies of the Spill Emergency Response and Maintenance and Repairs Plans.
Chrysanthos, Vann	Enderby / Blomme Brook	<i>Water Act</i>		88	Water Act Order Engineer's Order amending an Engineer's Order originally issued in 2007. This Order gives the landowner additional time to undertake works required in the original order. The original Order addressed an unauthorized diversion of water from a stream. The landowner was ordered to divert the water back to the stream and return the riparian area to its pre-construction state.
South Thompson Holdings Inc. & David Patriquin	Kamloops	<i>Water Act</i>		88	Water Act Order Engineer's Order issued to a landowner requiring the removal of all deposited fill from a wetland area.
