

# QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

3rd Quarter 2010  
(July 1 - September 30)

*Protecting the Splendor of our Natural Places*

## Highlights

**The Quarterly Environmental Enforcement Summary for Q3 2010 outlines 7 Orders, 56 Administrative Sanctions, 588 Tickets, and 16 Court Convictions for a combined total of over \$217,000 in penalties.**

Notable Highlights this Quarter:

The first conviction under B.C.'s new alien species law took place in the Williams Lake Provincial Court. **Kim Carlton** pleaded guilty to one count of possessing a controlled alien species contrary to the *Wildlife Act*. The conviction stems from an investigation by the Conservation Officer Service that culminated in the seizure of two African lion cubs from Carlton's property. Carlton was fined \$500. The cubs were relocated to an accredited wildlife facility for safe care. Violations under this new provision can result in fines as high as \$250,000 or two years of imprisonment, or both.

**Alpha Manufacturing Inc.** company principal **Eleonora J. Anderson** had her appeal of a conviction under the *Waste Management Act* dismissed from the BC Court of Appeal in September. Anderson and Alpha were convicted of introducing waste to the environment in the operation of a landfill in the sensitive Burns Bog area in 2005 and fined \$640,000 (to Alpha Manufacturing Inc.) and another \$75,000 (to Eleonora J. Anderson). These were the largest combined court fines ever levied under the *Waste Management Act* (now entitled the *Environmental Management Act*).

**Daniel Ambrosi** and his company **Valleyview Enterprises Ltd.** were convicted in court for violations under the *Environmental Management Act* after a fire broke out at the landfill facility. The fire burned for 24 hours sending a toxic black smoke plume across a residential area in Kamloops. Ambrosi has had a history of non-compliance with environmental regulations in relation to the management of his landfill operation. However, a recent change in Ambrosi's business practices - working cooperatively with Ministry of Environment officials - impacted the judge's decision. Provincial court judge Chris Cleaveley said a higher penalty could well have been imposed, but took Ambrosi's recent actions into consideration when making his decision. Ambrosi and Valleyview Enterprises Ltd. have been ordered to pay a total of \$53,611 in penalties, with \$22,100 payable to the Habitat Conservation Trust Foundation and \$31,394 payable as restitution to the City of Kamloops Fire Department for costs associated with fighting the fire. Also published on page 5 of this Summary is a Variance Order issued to Ambrosi and Valleyview Enterprises Ltd. to deal with a previous conviction at the landfill operation.

## Highlights

**West Fraser Mills Ltd.** entered a guilty plea on one count of depositing a deleterious substance (sediment) in a fish bearing stream under the *Federal Fisheries Act* and three counts under the *Forest Practices Code of British Columbia Act* for construction and maintenance deficiencies on logging roads over trout bearing streams. The court awarded \$3,100 in fines, and ordered West Fraser to pay \$43,000 to the Habitat Conservation Trust Foundation (HCTF) and \$29,000 to the federal Environmental Damages Fund.

An Order was issued to **Elkink Ranch**, the licensee and owner of the **Testalinden Lake Dam**, following the failure of the dam on June 13th, 2010. The dam failure caused a large debris torrent to wash down a hillside, damaging five homes and a large area of agricultural land. The province commissioned Deputy Solicitor General David Morhart to review the events leading up to the failure of the dam, the circumstances of the debris torrent and provide a broader analysis of dam safety oversight in British Columbia. The Order has been complied with. As part of a renewed emphasis on dam safety in the province, government is taking a number of steps to improve the Provincial Dam Safety Program.

Some of the steps that have already been implemented or are in progress include:

- Completion of the Provincial Rapid Dam Assessment involving more than 1,100 dams across British Columbia to identify any immediate actions that may be required.
- Updating the Dam Safety Regulation, focusing on increasing the accountability and awareness of dam owners.
- New policies and procedures to improve record-keeping, information sharing and emergency call-outs.
- A new requirement for signage at all very-high, high and low-consequence dams on Crown land.
- An updated provincial database for greater access by the public and local governments.
- Additional training by ministry staff over the coming year that will target provincial and local government staff, as well as dam owners on their roles and responsibilities.
- Allocation of four new staff positions dedicated to dam safety.

As a result of government's concerted efforts to address dam safety, a number of Dam Safety orders have been issued and are published in this report.

The public plays an important role in keeping our province safe, clean and beautiful. The **Report All Poachers and Polluters (RAPP)** program is a toll free tip-line and web-based service for reporting known or suspected violations of fisheries, wildlife, or environmental protection laws. Calling the RAPP line ensures the crime can be reported anonymously and without risk of confronting the offender. Available 24/7, RAPP is simple, safe and effective. With accurate reporting, RAPP Call Centre staff relay the information to the Conservation Officer Service. Contact RAPP at **1-877-952-7277 (RAPP)** or **#7277** on the TELUS Mobility Network or at <http://www.env.gov.bc.ca/cos/rapp/rapp.html>
