

QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

4th Quarter 2010
(October 1 - December 31)

Protecting the Splendor of our Natural Places

Highlights

The Quarterly Environmental Enforcement Summary for Q4 2010 outlines 4 orders 34 Administrative Sanctions, 546 Tickets, and 15 Court Convictions and for a combined total of over \$95,000 in penalties.

Notable Highlights this Quarter:

Tyler Green and **Donald Mowatt** both entered guilty pleas at the Smithers Provincial Court and were each ordered to pay \$3,000 to the Grizzly Bear Trust Fund (GBTF), as well as an additional \$1,200 each in restitution to parties affected by their illegal activities. Green was charged with hunting without Limited Entry Hunt authorization, while Mowatt was charged with trafficking in dead wildlife parts in connection to the illegal killing and selling of grizzly bears in the Hazelton area.

The GBTF is administered by a Public Advisory Board appointed by the Minister of Environment to fund Grizzly Bear Conservation Strategy initiatives that are aimed at ensuring the continued existence of grizzly bears and their habitats in British Columbia for future generations. GBTF funding comes from enforcement fines (such as those recorded in the Quarterly Environmental Compliance and Enforcement Summary), direct donations and corporate sponsorship. This payment to the GBTF is a creative sentencing option that was chosen by the judge.

Five tickets were issued this quarter to battery carriers under section 10(3)(b) of the *Environmental Management Act* for failing to complete or file the proper manifests in the delivery of hazardous waste - used automotive batteries. Lead-acid batteries help to power or start cars trucks, buses, boats, trains, recreational vehicles, electric wheel chairs, golf carts, backup power supplies for lighting, computers and buildings. Lead is a toxic non-ferrous metal and must be managed in an environmentally friendly manner. In the early 1990s, local governments in BC identified scrap lead-acid batteries as an environmental hazard that posed a risk to human health.

The public plays an important role in keeping our province safe, clean and beautiful. The **Report All Poachers and Polluters (RAPP)** program is a toll free tip-line and web-based service for reporting known or suspected violations of fisheries, wildlife, or environmental protection laws. Calling the RAPP line ensures the crime can be reported anonymously and without risk of confronting the offender. Available 24/7, RAPP is simple, safe and effective. With accurate reporting, RAPP Call Centre staff relay the information to the Conservation Officer Service. Contact RAPP at **1-877-952-7277 (RAPP)** or **#7277** on the TELUS Mobility Network or at <http://www.env.gov.bc.ca/cos/rapp/rapp.html>
