

QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

1st Quarter 2011
(January 1 - March 31)

Protecting the Splendor of our Natural Places

Highlights

The Quarterly Environmental Enforcement Summary for Q1 2011 outlines 4 orders 27 Administrative Sanctions, 225 Tickets, and 15 Court Convictions and for a combined total of over \$95,000 in penalties.

Notable Highlights this Quarter:

Sable Resources was convicted in court under the *Environmental Management Act* for one count of failing to immediately report the spill of a polluting substance at a mine operation located 500 kilometres north of Mackenzie. The spill involved the discharge of gold cyanidation circuit tailings entering Adit and Galen Creeks. Local First Nations reported the spill which had not been reported by the company. The court fined Sable Resources \$575 and ordered them to pay \$19,500 in creative sentencing to the Habitat Conservation Trust Foundation, to be earmarked for projects contributing to environmental conservation and management in the Mackenzie area.

Surrey based **Speedy Excavating Ltd.** was convicted under the *Environmental Management Act* for the illegal transporting and disposing of drywall materials containing asbestos, a substance which is classified as a hazardous waste. The court fined the company \$1,000 and ordered them to pay an additional \$14,000 in creative sentencing to the Habitat Conservation Trust Foundation. Earlier this year, government launched a new online database making it faster and easier for British Columbians to keep track of the people, businesses and industries running afoul of B.C.'s environmental rules. In addition to the *Quarterly Environmental Compliance and Enforcement Summaries*, published in PDF format, the new database allows information to be searched by violator names, locations, dates or types of violation, dating back to 2006 when the Ministry of Environment began public reporting of violations.

The public plays an important role in keeping our province safe, clean and beautiful. The **Report All Poachers and Polluters (RAPP)** program is a toll free tip-line and web-based service for reporting known or suspected violations of fisheries, wildlife, or environmental protection laws. Calling the RAPP line ensures the crime can be reported anonymously and without risk of confronting the offender. Available 24/7, RAPP is simple, safe and effective. With accurate reporting, RAPP Call Centre staff relay the information to the Conservation Officer Service. Contact RAPP at **1-877-952-7277 (RAPP)** or **#7277** on the TELUS Mobility Network or at <http://www.env.gov.bc.ca/cos/rapp/rapp.html>

Our compliance and enforcement reporting includes orders, administrative sanctions, tickets and court convictions, covering hunting and fishing, open burning, mud bogging, dam safety, pesticide and pollution violations.
