

# QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

4th Quarter 2013  
(October 1 - December 31)

*Protecting the Splendor of our Natural Places*

## Highlights

**The Quarterly Environmental Enforcement Summary for Q4 2013 outlines one Order, 101 Administrative Sanctions, 667 Tickets, and 28 Court Convictions for a combined total of over \$393,000 in penalties.**

Notable Highlights this Quarter:

**Teck Metals Ltd.** was sentenced to pay \$210,000 for offences under the *Fisheries Act* and the Spill Reporting Regulation of the *Environmental Management Act* related to a release of sodium hydroxide into the Columbia River. Approximately 350,000 litres of highly caustic effluent was discharged into the Columbia River through an effluent system at Teck Metals in Trail. The toxic release occurred following the disposal of a 50% sodium hydroxide solution into the plant's effluent stream. The unlawful discharge was not reported to Environment Canada and the Provincial Emergency Program until several days after the incident. In total, Teck Metals Ltd. has been sentenced to pay \$210,000 which has been allocated as follows:

- \$5,000 fine for the charge under the *Fisheries Act (Canada)*;
- \$5,000 fine for the charge under the Spill Reporting Regulation of the *Environmental Management Act*;
- \$100,000 payable to the Environmental Damages Fund; and
- \$100,000 payable to the Habitat Conservation Trust Foundation.

The Ministry of Environment's Conservation Officers Service and Environment Canada conducted a joint investigation into this incident. Money paid to the Environmental Damages Fund will fund projects specific to proper management and control of fisheries or fish habitat, or the conservation and protection of fish or fish habitat in the Kootenay River or Columbia River watersheds. The factors the court considered in sentencing included the culpability of the accused, prior record, acceptance of responsibility, damage to the environment, and deterrence.

**Zhen Kun Chen** was attempting to export three bear paws from at least two different bears harvested in the southwestern part of B.C. He was apprehended at Vancouver International Airport and convicted under the *Wildlife Act* for illegal export of bear paws that are separate from the carcass or hide. Wildlife crime is a major global business and often involves the same organized criminal elements as drugs and arms trafficking. Mr. Chen was sentenced to pay a \$575 fine and an additional \$3,500 to the Habitat Conservation Trust Foundation.

BC Parks issued a **Park Act Order** requiring the removal of a winter snowmobile camp in the Upper Soo Conservancy, near Pemberton. The unauthorized camp included a large raised wooden platform holding a yurt (a large 12' x 12' tent structure), complete with a wood stove and BBQ. After identifying the responsible party, they were ordered to remove all traces of the camp and return the area to its pristine natural condition.
