

QUARTERLY ENVIRONMENTAL ENFORCEMENT SUMMARY

2nd Quarter 2014
(April 1 - June 30)

Protecting the Splendor of our Natural Places

Highlights

The Quarterly Environmental Enforcement Summary for Q2 2014 outlines 6 Orders, 48 Administrative Sanctions, 486 Tickets, and 21 Court Convictions for a combined total of over \$171,000 in penalties.

Notable Highlights this Quarter:

The Ministry of Environment has expanded the scope of its enforcement reporting to include Community Environmental Justice Forums (CEJFs). Using the principles of restorative justice to address environmental offences committed by regulated companies, CEJFs recognize the individuals or community affected by the offence and invites representatives to participate in a facilitated session with the company to determine appropriate restitution to restore compliance and repair harm caused by the offence. CEJFs offer an alternative to the sometimes adversarial and costly court process, providing opportunity for meaningful dialogue, problem-solving and relationship building for all parties.

This quarter, the Ministry of Environment successfully facilitated two CEJFs. One forum was held in Bella Coola in response to the unauthorized harvesting of timber by the **Lower Dean River Lodge**, which was in violation of the *Park Act* as it occurred within the Lower Dean River Conservancy and the traditional territory of the Nuxalk Nation. The forum resulted in the Lodge representatives agreeing to provide funding for youth outdoor activities (swift water rescue training and equipment for the Nuxalk Rediscovery Camp) for the Nuxalk Nation, as well as an ongoing commitment to strengthen relationships between the Lodge, First Nation and BC Parks staff.

The second CEJF was held in Lillooet after **BC Trophy Mountain Outfitters** self-reported the accidental shooting of a grizzly bear by one of their guides. The forum resulted in the outfitter operation providing funding and in-kind support for grizzly bear population research and monitoring in the South Chilcotin area, as well as a commitment from the outfitting operation to work with the local St'at'inc First Nation to develop better information sharing protocols in the future (see full details of both CEJFs on page 26).

The public plays an important role in keeping our province safe, clean and beautiful. The **Report All Poachers and Polluters (RAPP)** program is a toll free tip-line and web-based service for reporting known or suspected violations of fisheries, wildlife, or environmental protection laws. Calling the RAPP line ensures the crime can be reported anonymously and without risk of confronting the offender. Available 24/7, RAPP is simple, safe and effective. With accurate reporting, RAPP Call Centre staff relay the information to the Conservation Officer Service. Contact RAPP at **1-877-952-7277 (RAPP)** or **#7277** on the TELUS Mobility Network or at <http://www.env.gov.bc.ca/cos/rapp/rapp.html>
