

LIMITED TIME ADDENDUM APPLICATION

IMPORTANT INFORMATION

This Limited Time Addendum (LTA) is issued to allow the undersigned holder of a Licence to Transport Hazardous Waste, to rent or lease a vehicle and/or trailer to transport hazardous wastes in the province of British Columbia. This LTA is subject to all the conditions that apply to the Licence to Transport Hazardous Waste.

The Licence to Transport Hazardous Waste is issued pursuant to Section 10 of the *Environmental Management Act* and Section 45 of the *Hazardous Waste Regulation*, and authorizes the company or individual to transport hazardous waste within the province of British Columbia under the stated conditions of the licence. In addition, all relevant provisions of the federal *Transportation of Dangerous Goods Act*, the provincial *Transport of Dangerous Goods Act* and regulations under both statutes are applicable.

Section 10 of the *Environmental Management Act* and Section 46 of the *Hazardous Waste Regulation* establish the requirement and associated conditions for the use of a manifest for the transportation of hazardous waste. Carriers must complete the part of the manifest that applies to them, and any necessary supporting documents, in the form and manner prescribed by the regulation. Where required, the carrier must also submit copies of the manifest, with supporting documents, to the ministry in the manner described by the regulation.

Under Section 45 of the *Hazardous Waste Regulation* a licence may be suspended or cancelled where a licensee violates the terms of the licence or contravenes the *Environmental Management Act* or a regulation under the *Act*. Additional enforcement action may also be considered if there is information to suggest that hazardous waste has been transported in non-compliance of the *Environmental Management Act* or a regulation under the *Act*.
