Municipal Wastewater Regulation – Certification by Qualified Professionals

Registration # <i>(for office use)</i>	
Registered discharger <i>(company name or first and last name)</i>	
Facility address <i>(facility physical address)</i>	
Discharge type(s) <i>(water, ground, reclaimed)</i>	

With respect to the above wastewater facility, I hereby certify the following to be true:

Section 15 of the Municipal Wastewater Regulation	Name, Company	Designation in (BC)	Seal, Signature, Date
a) the design of the proposed wastewater facility and the associated documentation meet the requirements of this regulation;			
b) the proposed discharge from the wastewater facility will meet the requirements of this regulation;			
c) all required environmental impact studies have been conducted in accordance with this regulation;			

d) the operating plan for the proposed wastewater facility is adequate for its design;			
e) if an assurance plan is provided, the assurance plan is adequate to provide for repairs to, or the operation, maintenance or replacement of, the wastewater facility;			
f) if a director imposes conditions, limitations or requirements in respect of a substitution, notice, authorization, acceptance or waiver referred to in section 9 [Director must act in writing], those conditions, limitations or requirements have been addressed.
