# 1. Introduction

Since launching in July 2018, the ChildCareBC New Spaces Fund (New Spaces Fund) has supported and accelerated the creation of new licensed child care, helping to bring quality, accessible, inclusive, culturally-safe, and affordable child care to more families throughout BC.

In fiscal year 2024/2025, the New Spaces Fund will introduce two grant streams to better support child care projects and continue to focus space creation investments on quality, inclusive, culturally-safe and community-based Child Care Spaces in areas with the greatest needs that meet provincial priorities and commitments under the Canada-Wide Early Learning and Child Care Agreement.

Major Capital Grants will support the creation of new licensed Child Care Spaces that are part of a Major Capital Project. Minor Capital Grants will support Child Care Space creation projects that are part of a Minor Capital Project.

These funding guidelines apply to Major Capital Grants. Details of the Minor Capital Grants stream can be found on the [ChildCareBC webpage](#).

## 1.1 Program Highlights

Highlights of the Major Capital Grants include:

- Supporting Major Capital Projects in the design and construction phase to obtain Preliminary Designs, refine Project Costs and Project Budgets, and see the Project through to completion.
- Supporting space creation projects that maximize the number of Child Care Spaces in Underserved Regions across BC.
- Providing funding for long-term community investments run by Public Bodies, Indigenous Governing Entities, and Not-For-Profits.
- Requiring the Applicant to own the property on which the proposed Child Care Centre and new Child Care Spaces will be created. Indigenous Governing Entities are exempt from this requirement.
- Prioritizing space creation projects that expand access to infant/toddler and school-age care.
- Supporting accessible and inclusive Child Care Centres that welcome children with diverse needs.
- Streamlining Boards of Education capital project proposals through a single application point within the existing Capital Asset Planning System (CAPS). Project proposals from Boards of Education will continue to follow these funding guidelines.

## 2. Eligibility

### 2.1 Eligible Organizations and Projects

Organizations eligible to apply for the Major Capital Grants include:

- Indigenous Governing Entities
- Local Governments
- Public Bodies<sup>1</sup> such as:
  - Health authorities
  - Boards of Education<sup>2</sup>
  - Public post-secondary institutions
  - Crown corporations
- Not-For-Profits and Indigenous Not-For-Profits
- First Nations Schools
- Other Eligible Independent Schools

To be eligible to apply for the Major Capital Grants, the Applicant must:

- Propose the creation of new licensed Child Care Spaces that are part of a Major Capital Project, such as ground-up builds, modular builds, and major renovations (i.e., building expansions and additions), requesting more than \$500,000,
- Own the property on which the proposed Child Care Centre and new Child Care Spaces will exist. <sup>3, 4</sup> Indigenous Governing Entities are exempt from this requirement.
- Have no outstanding debt(s) owing to the ministry for which a province-approved payment plan(s) has/have not been established, or where the organization is not in breach of an established province-approved payment plan,
- Have a history of compliance under the [Community Care and Assisted Living Act](#) and the [Child Care Licensing Regulation](#) (where applicable),
- If a Not-For-Profit or Indigenous Not-For-Profit, be registered as a society under the [Societies Act](#) for a minimum of 4-years at the time of application and be in good standing with BC Registries, and
- If an Other Eligible Independent Schools, have a history of compliance with the [Independent School Act](#) and hold a valid Independent School certification.

---

<sup>1</sup> Excluding Ministries of the Government of British Columbia

<sup>2</sup> Boards of Education must apply for funding under the Major Capital Grant through CAPS.

<sup>3</sup> At the discretion of the ministry, a limited exception may apply to the Conseil Scolaire Francophone (CSF) School District 93 to enable them to receive funding to create new Child Care Spaces on leased land.

<sup>4</sup> At the discretion of the ministry, a limited exception may apply to leaseholds for public entities only, provided the time remaining on the lease is sufficient to meet required funding award commitment periods, to enable them to receive funding to create new Child Care Spaces on leasehold land.

## 2.2 Ineligible Organizations and Projects

Ineligible organizations under the Major Capital Grants include:

- Not-For-Profits and Indigenous Not-For-Profits registered as a society under the [Societies Act](#) for less than 4-years with BC Registries at the time the Application is submitted
- For-Profit Organizations
- Member-Funded Societies

Ineligible Projects include:

- Projects that do not involve creating new licensed Child Care Spaces
- Child Care Spaces for the following care programs/types: Occasional Child Care, Child Minding, recreational care, residential care, preschool, family, or in-home multi-age
- A Project that has been completed and licensed for the proposed Child Care Spaces prior to signing the New Spaces Fund Funding Agreement
- Those relocating without the intent of creating new Child Care Spaces in addition to the existing Child Care Spaces
- Projects and/or Child Care Centres, new or existing, requiring funding to support operational start-up costs only
- Multiple Applications for the same physical address <sup>5</sup>
- Funding requests for more than one licensed care program per designated area<sup>6</sup>

---

<sup>5</sup> Ministry discretion may be applied.

<sup>6</sup> Funding requests will only be considered for one licensed care program per designated area. In instances where more than one licensed care program occupies the same designated area (e.g., the same room within the Child Care Centre) at different times of the day, funding requests will only be considered for one type of licensed care program. For example, a centre holding a School Age Care license and a Group Child Care (30 Months to School Age) license, operating a before and after school program under their School Age Care license and a day program under their Group Child Care license during regular school hours in the same designated space would only be eligible to receive funding for the School Age Care spaces or the Group Child Care (30 Months to School Age) spaces, not both.

# 3. Funding

---

ChildCareBC New Spaces Fund grants are provided under the [Child Care BC Act](#). Funding is provided at the ministry's discretion and subject to budget availability.

---

## 3.1 Funding Request and Provincial Funding Amount

### 3.1.1 Project Budget

Applications for funding under the Major Capital Grants must include a detailed Project Budget based on a Class D cost estimate (or better), including details of costing for Identified Site-Specific Conditions and Risk, and all other eligible costs required to complete the Project and enable licensing of the Child Care Centre. Class D cost estimates, and any other better cost estimates, must be costed by a third-party professional Quantity Surveyor at arm's-length from the Applicant. Indigenous Governing Entities are exempt from the requirement that the professional Quantity Surveyor be a third-party at arm's length from the Applicant. Funding requests must be based on the Project Budget and, if applicable, identify the Required Organization Contribution and other sources of funding.

### 3.1.2 Contingency

To mitigate potential budget and Project risks, Project Budgets must identify a contingency amount based upon a Class D (or better) estimate that accounts for Identified Site-Specific Conditions and Risk associated with the Project.

### 3.1.3 Provincial Funding Amount

For successful Applicants, the ministry will provide funding for eligible costs (see Table 3, [Section 4.1](#)) and the contingency amount for Identified Site-Specific Conditions and Risk in the proposed Project Budget, excluding, if applicable, the Required Organization Contribution (see Table 1 below), at a single Child Care Centre.

Table 1: Required Organization Contributions, Financial Commitments, and Provincial Contribution

Applicant Type	Required Organization Contribution as a % of Project Costs	Organization's Financial Commitment to the Project as a % of Ineligible Costs	Provincial Contribution as a % of Eligible Costs
<b>Indigenous Governing Entities, Local Governments, Public Bodies, First Nations Schools, and Indigenous Not-For-Profits</b>	0%	100%	100%
<b>Not-For-Profits and Other Eligible Independent Schools</b>	10%	100%	90%

Not-For-Profits and Other Eligible Independent Schools must make the minimum Required Organization Contribution, calculated as 10% of the Project Costs. The provincial contribution for Not-For-Profits and Other Eligible Independent Schools is equal to 90% of the eligible costs. The Required Organization Contribution must come directly from the Applicant. The Required Organization Contribution cannot come from other provincial government funding.

Where Green Building Standards are being met or are required to be met based on local building requirements, related expenses must be identified as Project Budget items. Evidence of a requirement to build to such standards can be submitted and will be considered by the ministry as part of the Application.

The ministry recognizes that Project Costs and Project Budgets may include expenses ineligible for funding under the Major Capital Grants. Such expenses may be required to complete the Project or enable the Child Care Operation, however ineligible costs (see Table 5, [Section 4.2](#)) will be the financial responsibility of the Recipient.

Please see [Appendix B](#) for an example of how the ministry may determine a Provincial Funding Amount and, if applicable, the Required Organization Contribution and/or the organization's financial commitment to the Project.

### 3.1.4 Funding Disbursements

Recipients of the Major Capital Grants will receive their Provincial funding over three disbursements, according to their disbursement schedule, as set out in their New Spaces Fund Funding Agreement.

## 3.2 Funding Award Commitment Period

Recipients of grant funding are required to adhere to funding award commitment periods detailed below (see Table 2).

Table 2: Funding Award Commitment Period by Provincial Funding Amount

Provincial Funding Amount	Funding Award Commitment Period
Between \$500,001 and \$2,999,999	Commit to continuing the Child Care Operation for a minimum of 15 years
Between \$3,000,000 and \$4,999,999	Commit to continuing the Child Care Operation for a minimum of 20 years
Between \$5,000,000 and \$9,999,999	Commit to continuing the Child Care Operation for a minimum of 25 years
\$10,000,000 and above*	Commit to continuing the Child Care Operation for a minimum of 30 years

\*Larger funding amounts may require longer funding award commitment periods.

If the Recipient fails to meet the minimum funding award commitment period set out in their New Spaces Fund Funding Agreement with the ministry, they may be required to repay some or all the funding provided.

## 4. Eligible and Ineligible Costs

Funding under the Major Capital Grants will be considered for:

- Building a new Child Care Centre
- The purchase, assembly, and installation of a Modular Building for use as a Child Care Centre
- Major renovation of an existing building, space, or school<sup>7</sup> for use as a Child Care Centre

Ineligible costs will be the financial responsibility of the Recipient. The ministry has the sole discretion and reserves the right to determine Projects, Project components, and items that may receive funding. Exemptions will only be considered in exceptional circumstances, at the discretion of the ministry.

---

<sup>7</sup> Where the creation of new Child Care Spaces is to be located on school grounds or on district-owned property, the Boards of Education must be the Applicant and must apply through CAPS.

- Meet the licensing requirements in the [Child Care Licensing Regulation](#) to hold a valid license under the [Community Care and Assisted Living Act](#).

current condition (including all leasehold improvements), as between persons dealing in good faith and at arm's length. The Province may, in its discretion, require the Recipient to provide an appraisal from a certified land appraiser confirming that the rent payable under the lease is not greater than fair market.

- Submit quarterly reports to the ministry within 15 days of the last day of the applicable quarterly period,
- Submit a financial reconciliation report, as defined in their New Spaces Fund Funding Agreement, for the Project to the ministry within 60 days of Project completion, or a longer period as requested in writing and accepted by the ministry,

- Working with their [regional health authority's](#) Community Care Facility Licensing program to obtain or update their Community Care and Assisted Living Act facility license; and
- Complying with eligibility requirements, applying for, and being approved for enrollment in CCOF and CCFRI or the \$10 a Day ChildCareBC program or Aboriginal Head Start, and/or any future BC Government operating funding initiatives, and, where eligible, ECE-WE.

Recipients of the Major Capital Grants are responsible for ensuring any Authorized Operator operating the Child Care Centre will be able to meet the eligibility requirements for CCOF, CCFRI, or the \$10 a Day ChildCareBC or Aboriginal Head Start, and, where eligible, ECE-WE. Recipients are also responsible for ensuring any Authorized Operator remains current on the requirements for each program, or any future BC Government operating funding initiatives. Recipients remain ultimately responsible for ensuring that all obligations under the New Spaces Fund Funding Agreement continue to be met, regardless of whether it is the Recipient directly operating the Child Care Operation or a contracted Authorized Operator.

## 6. Application Submission and Project Selection Process

---

**Please note, the following information regarding the ministry review and Project selection process applies to all Applicants. Applications from BC Public School Boards of Education, however, must be submitted through Capital Asset Planning System (CAPS).**

---

### 6.1 How to Apply

#### 6.1.1 Prior to Submitting an Application

Prior to applying for the Major Capital Grants, Applicants are encouraged to:

1. Review these Funding Guidelines for the Major Capital Grants and the [program webpage](#).
2. Review the [Child Care Licensing Regulation](#), the [Community Care and Assisted Living Act](#), and the [standards of practice](#).

3. Review the [Major Capital Grants Application Resource](#), as this will provide useful resources and information to support the Application.
4. Contact the local Health Authority and speak to a Licensing Officer to ensure the proposed Child Care Centre meets the requirements to obtain a license under the [Community Care and Assisted Living Act](#) and the [Child Care Licensing Regulation](#).<sup>20</sup>

### 6.1.2 Completing an Application

Applicants are required to submit a completed Application with mandatory supporting documentation<sup>21</sup> (see Table 5 on the following page) that is unique to the Project and proposed Child Care Operation.<sup>22</sup> Funding approval is subject to budget availability and Ministry discretion.

Table 5: Application and Mandatory Supporting Documents

Application and Mandatory Supporting Document Requirements
<ul style="list-style-type: none"> <li>• Completed Application form</li> <li>• Completed <a href="#">Project Budget Template</a>, detailing the Project Budget based on a Class D cost estimate (or better), including a contingency to account for Identified Site-Specific Conditions and Risk associated with the Project<sup>23</sup> and all other eligible costs required to complete the Project and enable licensing of the Child Care Centre</li> <li>• Class D cost estimate (or better)<sup>24</sup></li> </ul>

---

<sup>20</sup> Approval of funding under the Major Capital Grants does not mean the site, floor, or outdoor space plans are approved by your local Health Authority Office or Licensing Officer. It is important to involve your local Licensing Officer in the early stages of planning to ensure the Project proposed can be achieved.

<sup>21</sup> All mandatory supporting documentation must be specific to the legal entity applying for the funding and may not be supplied by a parent company or subsidiary.

<sup>22</sup> Applications and mandatory supporting documentation must be unique to the proposed Project contained in the Application. Submitting any information that is not exclusive to the proposed Project and Child Care Operation (e.g., Project Budgets, community engagement activities, descriptions of operations and services, etc. utilized in another application for a different project) may result in the ministry rejecting the Application (see [Appendix A, 8.3](#)).

<sup>23</sup> Where electrification of primary space and water heating and/or Green Building Standards are being met, or are required based on local building requirements, evidence to build to such a standard should be submitted for consideration by the ministry as part of the Application.

<sup>24</sup> Class D cost estimates and any other better cost estimates must be costed by a third-party professional Quantity Surveyor at arm's-length from the Applicant. Indigenous Governing Entities are exempt from the requirement that the professional Quantity Surveyor be a third-party at arm's length from the Applicant.

- Evidence of financial commitment to the Project if the Applicant is required to make a Required Organization Contribution<sup>25</sup> (see [Section 3.1.3](#)) and/or the Project Budget contains costs not eligible for funding<sup>26</sup> (i.e., ineligible costs, see [Section 4.2](#))
- Preliminary Design concept, including floor plans, site plans, and outdoor space plans demonstrating compliance with requirements under the [Child Care Licensing Regulation](#)<sup>27,28</sup>
- Copy of Community Care and Assisted Living Act license(s) for Projects proposing to expand an existing Child Care Centre
- Recent documentation (i.e., within 2 years of submitting the Application) to support community need (e.g., current Community Child Care Plan, community action plan, Child Care Needs Assessment, waitlist data, etc.). Indigenous Governing Entities are exempt from this requirement.
- Documentation of recent community engagement (i.e., within 1 year of submitting the Application) (e.g., hosting a townhall or community meeting, results of a parent survey; Applicants are encouraged to consult with local First Nations). Indigenous Governing Entities are exempt from this requirement.
- If the Applicant will be leasing the Child Care Centre to an Authorized Operator, a copy of the executed lease between the parties must be submitted as part of the Application, or once a lease has been executed, if later. The rent payable under such lease must not be greater than the then-fair market rent for the Child Care Centre, being the rent that would be paid for the Child Care Centre in its then-current condition (including all leasehold improvements), as between persons dealing in good faith and at arm's length. The Province may, in its discretion, require the Applicant to provide an appraisal from a certified land appraiser confirming that the rent payable under the lease is not greater than fair market.

---

<sup>25</sup> For Not-For-Profit Societies and Other Eligible Independent Schools evidence (i.e., source and proof) of sufficient financial contributions to meet the 10% Required Organization Contribution is required.

<sup>26</sup> For not-For-Profit Societies and Other Eligible Independent Schools evidence (i.e., source and proof) of sufficient financial contributions to meet the costs of Project Budget not eligible for funding is required. For Indigenous Governing Entities, Local Governments, Public Bodies, crown corporations, Indigenous not-for-profit societies, and First Nation Schools, confirmation of commitment to cover the portion of the Project Budget not covered by funding is required (e.g., Band Council letter or board resolution showing support for the Project and confirming funding for the remaining Project Costs).

<sup>27</sup> Plans must include details of square feet/metres for retained and new spaces, as well as details of features such as sinks, toilets, windows, doors, fixed cabinetry, and major appliances, and, where applicable, nap rooms (section 15(3) of the CCLR) and change tables (section 14(4) of the CCLR), and rotation schedules.

<sup>28</sup> For Applicants proposing a new purpose build for school age care on school grounds, the size of the area that is designated to be used by the children in care should, at a minimum, meet the basic physical space requirements of group child care (i.e. 3.7 m<sup>2</sup> per child of usable floor area, 6m<sup>2</sup> per child of outdoor play area).

- If the Applicant is proposing the creation of school-age spaces located off school grounds, a letter from a Licensing Officer approving the transportation plan<sup>29</sup>

If the Applicant is proposing to use offsite outdoor play space, an approval letter from a Licensing Officer<sup>30</sup>

### 6.1.3 Submitting an Application

Applicants, excluding Boards of Education, must submit their completed Application, along with the mandatory supporting documents, by email to [CCCF@gov.bc.ca](mailto:CCCF@gov.bc.ca). Please note that links to any external documents, information sources and/or storage drives will not be reviewed.

Boards of Education must submit completed Applications, along with the mandatory supporting documentation, through the Capital Asset Planning System (CAPS). Please contact the [Planning Officer or Regional Director for Child Care](#) for questions or support with the application process.

By applying, Applicants agree to the terms and conditions governing the ChildCareBC New Spaces Fund for Major Capital Grants (see [Appendix A](#)), the funding award commitment periods (see [Section 3.2](#)), and the grant deliverables (see [Section 5](#)). An Application is not considered complete and will not be evaluated for a funding decision until the rectification period has ended, if applicable (see [Section 6.2](#) and [Appendix A, 8.15](#)).

## 6.2 Project Selection Process

Timelines for review, evaluation, and funding decisions may vary depending on Application completeness, project complexity, and cost considerations. The ministry will conduct an initial review of submitted Applications to identify any additional, required information. Based on the review, the ministry may provide Applicants with an opportunity to address deficiencies in accordance with the rectification process, depending on the nature of the deficiency<sup>31</sup> (see [Appendix A, 8.15](#) for additional details). In addition to requiring Applicants to rectify deficiencies, the ministry reserves the right to perform additional investigations and to request additional information as it deems necessary as part of the Project selection process.<sup>32</sup> Failure on the part of an Applicant to provide additional information to the ministry when requested could result in a rejection of their Application.

---

<sup>29</sup> If approval from a Licensing Officer has not been obtained at the time of application, evidence of consultation with a Licensing Officer may be accepted at the discretion of the ministry.

<sup>30</sup> If approval from a Licensing Officer has not been obtained at the time of application, evidence of consultation with a Licensing Officer may be accepted at the discretion of the ministry.

<sup>31</sup> Only missing information will be rectified. Inaccurate information will not be rectified.

# Appendix A – Terms and Conditions

The following terms and conditions apply to all Applicants of the ChildCareBC New Spaces Fund for Major Capital Grants. Submission of an Application indicates acceptance of these terms.

## **8.1 Non-Binding Process**

The ChildCareBC New Spaces Fund for Major Capital Grants is a Provincial government grant program. It is not a procurement process. The ministry is under no obligation to enter into a Funding Agreement with the Applicant or any Applicant that applies for the program.

The Project Budget will be evaluated during the evaluation stage and the Applicant must ensure that the Project Budget is accurate and complete as of the date of Application, subject to any noted contingencies in the Project Budget. Any inaccurate, misleading, or incomplete information, including withdrawn or altered pricing, could adversely impact any such evaluation, or decision to enter into a Funding Agreement.

## **8.2 Ministry Discretion to Waive Deficiencies**

The ministry will be under no obligation to reject an Application that fails to comply with a stated rule or requirement and may allow the Applicant to rectify their Application. This is the case even where the terms “must”, “shall”, “will” or “mandatory” are used in these funding guidelines and Application form.

## **8.3 Applicant Representations and Warranties**

By applying under the ChildCareBC New Spaces Fund for Major Capital Grants, the Applicant represents and warrants that they have not knowingly made any false representations or warranties. The ministry may reject an Application or may terminate a New Spaces Fund Funding Agreement already entered if the ministry discovers that the Applicant’s Application contains misrepresentations or any other inaccurate or misleading information. Examples include, but are not limited to, the omission of pertinent information, making false claims and misleading program staff, misrepresenting the Applicant’s business and personal relationships, misrepresenting Ministry and Applicant interactions, discrepancies within the information provided to the ministry, or discrepancies between information provided to the ministry and other governing bodies.

## **8.4 Unacceptable Behaviour**

The ministry may reject an Application or may terminate a New Spaces Fund Funding Agreement already entered if the Applicant displays and/or conducts unacceptable behaviour, in the opinion of the ministry. Examples of unacceptable behaviour include, but are not limited

to, violating applicable laws, impersonating a person or entity, the use of verbally abusive language, threatening Ministry staff, and breaching the ministry's privacy and security.

### **8.5 Ministry Due Diligence**

The ministry may, in its sole discretion, verify information provided in the Application. This includes, but is not limited to, seeking and/or confirming information from other government ministries. The ministry may further, after receiving consent from the Applicant, seek and/or confirm information independently with third parties outside of government ministries. The ministry may reject an Application if the ministry determines that the Application contains misrepresentations or any other inaccurate, misleading, or incomplete information, including information that the ministry was unable to seek and/or confirm independently with third parties due to the Applicant withholding consent. The ministry may consider the Applicant's past performance on previous contracts with the ministry and other investigations as the ministry deems appropriate.

### **8.6 Applicant Responsibility**

It is the sole responsibility of the Applicant to ensure all the fields and documents in its ChildCareBC New Spaces Fund for Major Capital Grants Application are supplied and submitted at the time of Application and during the rectification process (see Appendix A, 8.15). The ministry is under no obligation to inform the Applicant of any missing documents after the initial notification of deficiencies has been provided, if applicable

### **8.7 Applicants to Review All Documents**

It is the sole responsibility of the Applicant to examine all documents comprising the ChildCareBC New Spaces Fund for Major Capital Grants Application and to report any errors, omissions, or ambiguities and seek additional information by contacting the ministry.

### **8.8 No Liability for Errors**

While the ministry has used reasonable efforts to ensure the accurate representation of information in these funding guidelines, the ministry does not warrant or guarantee the accuracy of such information, nor is such information necessarily comprehensive or exhaustive. Nothing in this application process is intended to relieve Applicants from the obligation to conduct their own due diligence, form their own opinions, and reach their own conclusions at all stages of the application process.

### **8.9 Funding Not Guaranteed**

The ministry cannot guarantee any Applicant that the submission of an Application will lead to the ministry providing funding under a New Spaces Fund Funding Agreement. Further, the

ministry may close the application call, in whole or in part, at any time in its sole discretion and without liability or without entering into a Funding Agreement under this application process.

### **8.10 No Incorporation by Reference**

The entire content of an Application should be contained within the Application submission. The content of websites, or other external documents referred to in the Application, will not be considered as part of the submission. The ministry is under no obligation to seek out information not contained in an Application.

### **8.11 Working Language of the Ministry**

All Applications should be submitted in English. The ministry is under no obligation to translate any Application or any part thereof from any language into English; and the ministry is under no obligation to review any Application or any part thereof, in a language other than English.

### **8.12 Applications from a Single Entity**

The ministry will only accept Applications from a single legal entity that will act as the main contact to the ministry in respect to the Project selection process.

### **8.13 Changes to Application or Supporting Documentation**

By submission of a clear and detailed written notice to the program by email, an Applicant may withdraw their Application at any time before entering into a New Spaces Fund Funding Agreement.

### **8.14 Late Applications**

### **8.15 Rectification**

The ministry may at its discretion offer a rectification process to allow Applicants to correct deficiencies (i.e., missing information) in their Application and/or supporting documentation. Applicants that are notified of deficiencies will be provided with an opportunity to address the deficiencies. It is the sole responsibility of the Applicant to correct deficiencies within the designated rectification period allowed by the ministry. To ensure administrative fairness for all Applicants, the ministry will not provide direct support to Applicants during the rectification period apart from clarification of deficiencies. Applicants failing to respond to the notification of deficiencies will have their Application and most updated supporting documents reviewed which may result in their Application being rejected. An Application is not considered complete until the rectification period has ended and all requested information has been received.

### **8.16 Additional Information**

The ministry may change and/or update portions of these funding guidelines at any time. All Ministry-prescribed modifications to the application process will be posted to the program web page where the original documents are available to Applicants. It is the sole responsibility of the Applicant to check for modifications on the web page.

### **8.17 Conflict of Interest and Lobbying**

An Application may be rejected if the Applicant's current or past corporate or other interests or activities (including those of its directors and officers), may, in the ministry's opinion, give rise to an actual, potential, or perceived conflict of interest in connection with the ChildCareBC New Spaces Fund for Major Capital Grants. This includes, but is not limited to, the involvement of any employee, contractor, or representative of the ministry, excluding the ministry's Child Care Development Team, in the preparation of the Application. If an Applicant is in doubt as to whether there might be a conflict of interest, the Applicant should consult with the program prior to applying. By applying, the Applicant affirms that it is not aware of any circumstances that would give rise to a conflict of interest that is actual, potential, or perceived in respect to the call for applications.

### **8.18 Project Viability**

The ministry may reject an Application if the Project's viability is unsubstantiated, as determined by the ministry. A Project's viability may be in question for reasons such as, but not limited to, financial viability, long-term sustainability, non-compliance with the Child Care Licensing Regulation, ministry-assessed risks, unmitigated risks, and additional deficiencies that may limit the Project's ability to meet the province's objectives (see Appendix A, 8.19).

### **8.19 Alignment with Provincial Objectives**

The ChildCareBC New Spaces Fund for Major Capital Grants is instrumental in supporting the Province's ChildCareBC Plan. The ChildCareBC Plan is a strategic initiative to ensure British Columbian families have access to affordable, quality, culturally-safe, and inclusive child care as a core service that meets their needs. The program is delivered in a manner that is in line with and consistent with the objectives of the ChildCareBC Plan, ensuring that the ministry is investing in Projects creating new licensed Child Care Spaces that meet the province's child care objectives. The ministry may in its sole discretion reject the Application if the Project does not align with the province's objective of creating accessible, affordable, quality, and inclusive child care, as determined by the ministry. The ministry is under no obligation to support or fund Applicants and/or Projects that do not align with provincial objectives.

## **8.20 Costs of Process**

The Applicant and the ministry will each bear their own costs associated with or incurred throughout the Project selection process, including any costs arising out of: (a) the preparation and publication by the ministry of these funding guidelines and other written documents and website material; (b) the preparation and submission of an Application; (c) the evaluation process; and (d) participation in due diligence activities, interviews, demonstrations, discussions, presentations, negotiations, or any other related activities.

The Applicant may request a review and reconsideration of a funding decision or rejection of an Application by submitting written notice to the Child Care Capital and Community Services branch at [CCCF@gov.bc.ca](mailto:CCCF@gov.bc.ca) with the following subject: "Review." The written notice must include reasons why the funding decision or rejection of an Application should be reconsidered and include supporting documentation or new documentation/information. The request will be reviewed by senior level management, who will contact the Applicant once the review is complete.

Following the review, if an Applicant has additional questions or concerns regarding the outcome of the review, they can submit a complaint to the [Office of the Ombudsperson](#). The Office of the Ombudsperson is an independent statutory office of the provincial legislature that impartially investigates individual complaints about potential unfair administrative actions by provincial public authorities.

# Appendix B – Project Funding Example

The following table provides an example of how the Provincial Funding Amount and the Required Organization Contribution (if applicable) may be determined by the ministry.

Table 6 below presents an example of a Not-For-Profit proposing a space creation Project with total Project Costs of \$3,000,000. As a Not-For-Profit, the minimum Required Organization Contribution is 10% of the total Project Costs.

Table 2: Project Funding Example for Not-For-Profits

The Applicant provides a Project Budget based on a class D cost estimate or better, including a contingency amount accounting for Identified Site-Specific Conditions and Risk and all eligible and ineligible costs related to the Project.	Total Project Costs	\$3,000,000
The ministry reviews the Project Budget and confirms eligible and ineligible costs (see <a href="#">Section 4</a> ). Eligible costs include the contingency amount for Identified Site-Specific Conditions and Risk.	Total eligible costs	\$2,900,000
	Total ineligible costs	\$100,000
If applicable, the ministry will then determine the Required Organization Contribution (see <a href="#">Section 3.1.3</a> ), as a percentage of the total Project Costs.	Required Organization Contribution	\$300,000
Based on the determined eligible and ineligible costs, the ministry determines the total Provincial Funding Amount, and the organizations' financial commitment to the project, if applicable.	Provincial Funding Amount (90% of total eligible costs)	\$2,610,000
	Total Organization Financial Commitment to the Project (evidence, such as source and proof, required) (total Project Costs minus total Provincial Funding Amount)	\$390,000 (of this amount, \$300,000 accounts for the Required Organization Contribution of 10% and \$90,000 accounts for the remaining Project Costs that must be committed by the organization) <sup>39</sup>

---

<sup>39</sup> The Required Organization Contribution must come directly from the Applicant. Once the minimum Required Organization Contribution has been met, additional contributions to the remaining Project Costs may be made in the form of additional funding sources, such as monetary gifts, and in-kind contributions.
