

Ministry of Children and Family Development

Proposed Regulation Change
Post Adoption Assistance Maintenance Rate Increase
April 4, 2023

Change Description

Budget 2023 increased the financial support for those caring for vulnerable children and youth in British Columbia. Included in that increase are the Post Adoption Assistance (PAA) Maintenance Rates that are set in the Adoption Regulation.

To increase the Post Adoption Assistance rates, the Ministry of Children and Family Development will need to prepare an Order in Council (OIC) to amend the Post Adoption Assistance rate table in the [Adoption Regulation](#).

Feedback provided will help to inform the Order in Council development.

CONTACT US

Feedback on the Post Adoption Assistance Maintenance Rate increase will be accepted until **May 4, 2023**.
