

## **Summary: Child and Family Practice Review of the Critical Injury of a Child in the Care of the Director in 2022**

### Circumstances of the Critical Injury

The review examined the services provided to a child who was critically injured. The child received guardianship and support services at the time of the critical injury.

### Findings

The child's information was collected, and consultation was provided without the child's consent. Assessment and planning related to a specific concern were not completed; additionally, clinical supervision did not occur as required.

Prior to the review being finalised, policies and practice directives related to issues identified were reviewed and practice expectations clarified.

### Actions

No further actions were required to address the findings of the review.

**The review was completed in January 2023.**
