

## **Summary: Child and Family Practice Review of the Death of a Youth in the Care of the Director in 2022**

### Circumstances of the Fatality

The review examined the services provided to a youth who died. The youth received guardianship services at the time of the death.

### Findings

The ministry collaborated with the youth and the care team to develop plans to address the youth's needs. When a proposed plan by a community program did not appear to meet the youth's complex needs, the ministry advocated for alternative planning. Specific reports were not completed as required.

### Actions

The involved Service Delivery Area leadership and the Quality Assurance team developed an action plan to review with involved staff the policy related to completing specific reports.

**The review was completed in October 2023. The above action plan is due for full implementation in January 2024.**
