### \*Avian test by ELISA

\$10.00 will be charged for the first sample for each test. Additional samples for the same test will be charged at 3 samples for \$10.00.

After the first sample, it is most cost effective to submit subsequent samples in groups of 3.

For example, the per test charge for 10 bloods would be as follows:

\$10.00 for the first sample and 9 samples @ \$30.00 (\$10.00 per 3 samples) = \$40.00 per test. Multiply this by the number of tests requested for your total charge.
