

Table of Contents

1. Introduction	1	6. Prevention and Cultural Methods for Pest Management	25
How to use this guide	1	Site Planning and Design	25
2. Identification of Plant Problems	3	Plant Hardiness Zone.....	26
Submitting Samples for Laboratory Diagnosis.....	4	Plant Diversity.....	26
3. Quarantine and Regulated Pests	7	Resistant Cultivars	26
Invasive Alien Species - No Rest from New Pests.....	7	Time of Planting and Harvesting.....	26
What you can do.....	8	Cover Crops and Trap Crops.....	27
Some Examples of Invasive Alien Pests and Their Impact.....	9	Crop Rotation.....	27
Invasive Alien Species – Diseases.....	9	Attracting Beneficials	27
Invasive Alien Species – Insects.....	10	Certified Pest-Free Plants and Seeds.....	27
Reducing the Impact of Invasive Plants	12	Application of Fertilizers.....	27
Invasive Alien Weeds	13	Irrigation Practices.....	27
4. Integrated Pest Management....	17	Handling Crop Residues / Sanitation / Weed Control.....	27
What is it?	17	Greenhouse Sanitation	28
Components of an IPM Program	18	Tillage	28
Prevention	18	Mulches	28
Identification.....	18	Landscape Fabric.....	28
Monitoring	18	Soil Solarization.....	29
Action Threshold.....	18	Row Covers	29
Management Options.....	19	Netting	29
Evaluation.....	19	Boiling Water	29
5. Gardening Journals	21	Hand Picking Insects.....	29
		Staking	30
		Vacuuming	30
		Pruning for Pest Management	30
		Pruning Guidelines.....	30
		The Pruning Groups.....	30
		How and Why to Prune	30
		General Points to Remember	30
		Traps for Insect Monitoring and Management.....	31
		Pheromone Traps	32
		Sticky Bands and Traps.....	32
		Other Traps.....	32

7. Beneficial Organisms and Biological Control Agents	33	Selecting Pesticides	55
Beneficial Insects	34	Pesticide Formulations	56
Predators	34	Reading the Pesticide Label	57
Parasites.....	34	Buying Pesticides	58
Pollinators.....	34	Pesticide Products Available	
Biological control agents.....	34	for Home Gardeners.....	58
Promoting Beneficials	35	Measuring and Mixing Pesticides.....	71
Protecting Insect Pollinators	36	Ready-to-Use Pesticides	71
		Pesticides Needing Mixing.....	72
		Helpful Pesticide Measurements	73
		Applying Pesticides Safely	73
		Protect Yourself.....	73
		Protect Others	74
		Protect the Environment	74
		After Applying Pesticides.....	74
		Poisoning and First Aid	74
		Pesticide Spills.....	75
		Storing Pesticides Safely	75
		Disposing of Pesticides and Containers ...	75
		Pesticide Application Equipment.....	76
		Adjusting and Calibrating Application	
		Equipment.....	77
		Hose-End Sprayers.....	77
		Compressed Air or Pressure Sprayers .	77
		Granular Applicators.....	78
		Dormant Spraying	79
		Wood Preservatives in the Garden.....	80
		Being a Good Neighbour: Notifying	
		Neighbours and Minimizing Drift	80
		Choosing a Pest Control Company	81
8. Soil Management and Composting.....	39	10. Plant Disorders Not Caused by Pests (Abiotic Disorders)	83
Organic Matter	39	Chemical Injury	83
Composting.....	40	Drought	83
Compost Preparation.....	40	Frost and Cold Injury	84
Composting Pest Problems.....	41	Frost Crack.....	84
Compost Tea: A Growing Concern.....	41	Winter Injury and Southwest Injury	84
Lime and Soil pH.....	42	Needle Drop of Conifers	84
Fertilizers.....	43	Desiccation Injury to Evergreens.....	85
Manures and Composts	43	Leaf Scorch and Heat Stress.....	85
Commercial Fertilizers	43	Mechanical or Physical Injury	85
Organic fertilizers	43	Relative Humidity	86
Slow-release fertilizers	44	Wind Injury	86
Chemical Fertilizers.....	44	Allelopathy.....	86
Composition of Fertilizers	44	Nutrient Deficiency or	
What Fertilizer to use and		Excess (Imbalances)	86
how much?.....	44	Soil Problems	86
Fertilizing Vegetables	45	Salt Injury	87
Fertilizing Lawns	45	Reversion.....	87
Fertilizing Flower Beds, Ornamental			
Trees and Shrub Borders.....	45		
Micronutrients.....	46		
Boron.....	46		
Calcium.....	47		
Iron	47		
Magnesium.....	47		
Zinc	47		
Common Plant Nutrient Deficiency			
Symptoms.....	48		
Organic Fertilizers De-mystified.....	49		
Soil Salinity	51		
Irrigation	51		
Home Lawn and Gardening			
Watering Guide.....	51		
Selecting the irrigation for the			
right job.....	52		
Quick facts on watering	52		
9. Using Pesticides to Manage Pests.....	53	Colour Photos.....	89
Understanding Pesticides.....	53	Beneficial Insect	89
Home Remedies	54	Insect Pests.....	92
Deciding When to Use a Pesticide.....	54	Plant Diseases	101
Avoiding Overuse of Pesticides.....	55	Weeds.....	109

11. Pests of Berries and Grapes 119

Pests Affecting Many Berry and Grape Crops	119
Insects	119
Pests of Specific Berry Crops	122
Blueberries.....	122
Currants and Gooseberries.....	125
Raspberries, Loganberries and Blackberries	127
Strawberries	131
Grapes.....	136

12. Pests of Fruit and Nut Trees..... 141

Pests Affecting Many Tree Fruit and Nut Crops	141
Insects	141
Scale Insects.....	144
Mites	145
Diseases.....	146
Other Disorders	146
Pests of Specific Crops	147
Apples and Pears.....	147
Stone Fruit.....	156
Hazelnuts (Filberts)	163
Walnuts.....	164

13. Pests of Vegetables 165

Pests Affecting Many Vegetable Crops ..	165
Insects	165
Diseases.....	170
Other Pests	170
Pests Affecting Specific Crops	172
Asparagus	172
Beans.....	174
Beets	175
Carrots	176
Cole Crops.....	178
Corn	182
Cucurbits (cucumbers, melons, squash, pumpkins, zucchini).....	183
Lettuce	185
Onions, Garlic, Leeks, Shallots.....	186
Parsnips.....	189
Peas.....	189
Peppers	190
Potatoes.....	192
Radishes	197
Spinach and Swiss Chard	197
Tomatoes	198
Turnips and Rutabagas	201

14. Pests of Ornamentals..... 203

Pests Affecting Many Ornamental Plants	203
Insects	203
Diseases.....	207
Other Pests	211
Pests of Specific Ornamentals	213
Ash	213
Aspen	213
Azalea	214
Birch.....	215
Camellia	216
Chamaecyparis (yellow cedar).....	217
Cherry	218
Clematis	219
Cotoneaster	219
Crabapple	220
Daffodil.....	221
Dogwood.....	222
Douglas-Fir	223
Elm	224
Fir or Balsam.....	224
Firethorn.....	225
Forsythia	225
Geranium.....	225
Gladiolus.....	226
Hawthorn	226
Hellebores.....	227
Heuchera	228
Holly.....	228
Hollyhock.....	230
Honey Locust	230
Horse Chestnut.....	230
Juniper	231
Laurel	233
Lilac.....	233
London Plane	234
Maple.....	235
Mountain Ash.....	236
Oak.....	237
Peony	239
Photinia, Christmas Berry	239
Pieris, Andromeda.....	239
Pine	240
Poplar and Aspen (Cottonwood)	244
Rhododendron	246
Rose.....	248
Snapdragon	251
Spruce	251
Red Cedars, Arborvitae	253
Tulip	255
Viburnum.....	256
Willow.....	256
Wisteria.....	258

15. Pests of Lawns 259

Guidelines for a Healthy Lawn 259
Endophyte-Enhanced Turfgrass..... 260
Diagnosis of Lawn Problems..... 260
Insects..... 261
Diseases..... 263
Other Pests..... 266

16. Pests of House Plants 269

Insects..... 269
Diseases..... 272
Other Disorders 274

17. Insects Around the Home 275

General Pest-proofing Methods Used

Around the Home..... 275
Ants..... 276
Bean Weevils 276
Bedbugs..... 276
Boxelder Bug..... 277
Carpenter Ants..... 278
Carpet Beetles 278
Centipedes and Millipedes 279
Fleas 279
Flies 279
Grain/Flour Moths 280
Hornets and Yellowjacket Wasps..... 280
European Paper Wasp 281
Ladybugs..... 281
Mosquitos..... 281
Red Flour Beetle and Confused
Flour Beetle 282
Silverfish and Firebrats 282
Sowbugs 283
Spiders 283
Termites 284

**18. Birds and Mammals Around
the Home 285**

Prevention and Management of

Bird Damage to Plants and Homes..... 286
Crows 286
House Finch 286
American Robin..... 286
Sapsuckers 287
Other Woodpeckers..... 287
European Starling 288
Rock Pigeon..... 288

Prevention and Management of Mammal

Damage to Plants and Homes 289
Bats 289
American Beaver 289
Black Bears..... 290
Deer 291
Field Mice 294
Moles 294
Pocket Gophers 295
Rabbits..... 295
Raccoons..... 296
Rats, Wood Rats and Mice..... 296
Skunks..... 298
Yellow-bellied Marmot..... 298
Species at Risk..... 299
Reptiles 300
Mammals 301
Birds 301
Amphibians 302

**19. Integrated Weed
Management 303**

Identification..... 303
Prevention 303
Cultivation and hand-weeding..... 304
Mulches 304
Chemical Control 304
Integrated Weed Management
in Lawns 305
Prevention 305
Chemical Control..... 305
Warnings 305
Lawn Weed Chemical Chart 306
Weed Management in
Vegetable Garden..... 307
Weed Management in the
Home Landscape..... 307
Trees and Shrub Beds, Annual and
Perennial Flowerbeds 307
Information on Some Hard-To-Manage
Perennial Weeds 308
Japanese Knotweed..... 308
Morning Glory..... 308
Horsetail 308
Blackberry..... 309
Weeds on Driveways, Paths
and Fencelines 309
BC Weed Control Act and Noxious
Weed List..... 310
Provincial Weeds 310
Regional Weeds..... 310

20. Poisonous Plants..... 313

Indoor Plants..... 313
Outdoor plants 315

Appendices 319

- Diagnostic and Testing Services 319**
- Some Biological Control Suppliers
in British Columbia 320**
- Aids to Calculation and Measurement... 321**
- Glossary..... 323**
