

Growing Forward 2

A federal-provincial-territorial initiative

TRACEABILITY SPEAKER PROGRAM

Application for Advance Funding

The Traceability Speaker Program, funded under *Growing Forward 2*, a federal-provincial-territorial initiative, is available to agriculture organizations to educate their membership about traceability systems, practices, infrastructure and technologies through events such as workshops, seminars, presentations or demonstrations.

Advance or reimbursement funding is available to support traceability speakers at key industry events for BC agri-food industry organizations (including seafood) focusing on one or more of the following traceability components:

- General traceability
- Premises identification
- Movement reporting
- Product identification

The funding supports up to 100% of costs associated with the traceability speaker expenses, to a maximum of \$3,500 per event, or \$10,000 per sector. The advance funding process requires entering into a Shared Cost Arrangement that requires:

- a processing time of a minimum of ten business days;
- meeting the requirements of WorkSafe BC coverage;
- liability insurance, and
- completion of a claim form, and activity and performance reports.

The BC Traceability Speaker Program, administered by the BC Ministry of Agriculture, has limited funding. Funding is available on a first-come, first-served basis and may be altered or discontinued without notice. Program funding must be acknowledged using the appropriate *Growing Forward 2* standards, which will be provided to successful applicants. For confirmation and evaluation purposes, Ministry of Agriculture staff must be allowed access to the event.

Forward the completed, signed application and supporting documentation to:

Tiffany Guan

ELIGIBLE COSTS FOR BC TRACEABILITY SPEAKER EVENT

1. **Speaker Fee** – the fee that an expert on traceability will charge your organization to speak at your event. In order to be eligible for reimbursement through this program, the organization must provide to the Province a paid invoice from the speaker as supporting documentation.
2. **Travel Costs** – these are the costs associated with the speaker’s travel to and from the event. These costs must be supported by receipts and/or travel claim documentation such as vehicle mileage records if applicable. Note: the maximum mileage rate that may be reimbursed by the Province is \$0.52/km. If a mileage rate is chosen as the reimbursement method, fuel costs are ineligible as the mileage rate includes this cost.
3. **Lodging/accommodation** – these are the costs associated with the speaker’s lodging/accommodation while participating in the event. Note: it is expected that organizations will ensure that speakers select the most cost effective accommodations that meet business requirements, considering the basic room cost and any supplementary costs (e.g. internet access, parking, etc.). In order to be eligible for reimbursement, these costs must be supported by receipts.
4. **Facility and Equipment Rental** – the costs associated with a facility and the equipment necessary to deliver the speaker event. Note: if the event includes other activities and/or speakers that are not supported through this program, these costs should be appropriately pro-rated. In order to be eligible for reimbursement, these costs must be supported by receipts or paid invoices.
5. **Advertising and Communications (including hand-out materials)** – the costs associated with promoting the event and providing event participants with materials related to the speaker(s) and topic. Note: if the event includes other activities and/or speakers that are not supported through this program, these costs should be appropriately pro-rated. In order to be eligible for reimbursement, these costs must be supported by receipts.
6. **Recipient Administration Costs** – these are costs that your organization incurs in order to facilitate the speaker event. Costs may include project management costs, bookkeeping costs, and/or employee wages. Note: if the event includes other activities and/or speakers that are not supported through this program, these costs should be appropriately pro-rated. In order to be eligible for reimbursement, these costs must be supported by receipts, paid invoices and/or payroll records.

Examples of Ineligible Costs

- Costs associated with fundraising activities
- Canada Revenue Agency or payroll penalties

BC TRACEABILITY SPEAKER PROGRAM

Growing Forward 2

A federal-provincial-territorial initiative

- Parking tickets
- Fines or penalties
- Entertainment costs including food and beverage for event participants
- Depreciation on fixed assets
- Board membership fees
