PART 2: CALCULATION OF RELIEF GRANT

Complete if your greenhouse was in production from January to March 2023

January 1 – March 31, 2023		
	Natural Gas (GJ)	Propane (litres)
FUEL USED ¹		
Non-Eligible Fuel ²		
Eligible Fuel		
Carbon Tax Paid		
Total Carbon Tax Paid		
Carbon Tax Relief Grant		

¹ Where fuel summary or invoices include days in 2022, the amount claimed for 2023 should be prorated.

² Non-eligible fuel includes fuel burnt to heat a private residence, office or non-production area, or fuel used to run a CHP engine for electrical production or vehicles, including forklifts. This amount may be adjusted by Ministry staff.

Note that 100 GJ's is a reasonable estimate of annual fuel use by a residence.

PART 3: INTENDED USE OF THE GREENHOUSE CARBON TAX RELIEF GRANT

How will you use the 2023 Greenhouse Carbon Tax Relief Grant in your operation?

Remember to:

Complete all three sections of the form:

- Part 1: Applicant Details;
- Part 2: Calculation of Relief Grant;
- Part 3: Intended use of the Greenhouse Carbon Tax Relief Grant.

Contact your natural gas and/or propane provider for a January to March 2023 fuel summary (1 or 2 pages, note FortisBC's summary is 2 pages.) The summary must have a logo or other identifying marks. The Ministry will not accept the spreadsheet downloaded from FortisBC.

Scan and submit the application and fuel summary or invoices to: CTreliefgrant@gov.bc.ca.
