Qualified Business Consultants

Qualified Business Consultants are eligible to provide services to applicants of the B.C. Indigenous Agriculture Development Program. Consultants on this list were reviewed and pre-qualified based on professional experience and qualifications.

Applicants are responsible for selecting their own consultant. Information on how to select a Qualified Business Consultant is available courtesy of Alberta Agriculture at: Choose a Consultant

Consultants are listed according to the region where they are located, however, many consultants will provide remote services or are willing to travel outside their region. If you have any questions about a consultant’s willingness to travel to your region, please contact them directly.
