**Legend**

- |   |  |
|---|--|
| #1 - Number of colonies                       | #18 - Number of honey bee queens raised in BC                          |
| #2 - Honey yield by region in Kg.             | #19 - Number of BC queens sold   |
| #3 - Average Yield per colony in Kg.          | #20 - Number of packages / nuclei colonies raised in BC                |
| #4 - Percentage of total yield sold wholesale | #21 - Number of BC-raised packages / nuclei colonies sold              |
| #5 - Total weight of honey sold wholesale     | #22 - Number of BC-raised queens purchased                             |
| #6 - Average wholesale price per Kg.          | #23 - Number of Imported queens purchased                              |
| #7 - Total income of wholesale honey          | #24 - Number of BC-raised packages / nucleus colonies purchased        |
| #8 - Percentage of total yield sold retail    | #25 - Number of imported packages / nuclei purchased                   |
| #9 - Total weight of honey sold as retail     | #26 - Number of colonies used for contract pollination                 |
| #10 - Average retail honey price per Kg.      | #27 - Number of pollination contracts for each colony                  |
| #11 - Total income of retail honey            | #28 - Total number of colony units used for crop pollination contracts |
| #12 - Total beeswax production in Kg.         | #29 - Average pollination fee per colony                               |
| #13 - Average price of beeswax per Kg.        | #30 - Total estimated income from crop pollination contracts           |
| #14 - Total income from beeswax               |  |
| #15 - Total pollen production in Kg.          |  |
| #16 - Average price of pollen per Kg.         |  |
| #17 - Total income from pollen sales          |  |
