**Legend**

**Columns**

- #1 - Number of colonies
- #2 - Honey yield by region in Kg.
- #3 - Average Yield per colony in Kg.
- #4 - Percentage of total yield sold wholesale
- #5 - Total weight of honey sold wholesale
- #6 - Average wholesale price per Kg.
- #7 - Total income of wholesale honey
- #8 - Percentage of total yield sold retail
- #9 - Total weight of honey sold as retail
- #10 - Average retail honey price per Kg.
- #11 - Total income of retail honey
- #12 - Total beeswax production in Kg.
- #13 - Average price of beeswax per Kg.
- #14 - Total income from beeswax
- #15 - Total pollen production in Kg.
- #16 - Average price of pollen per Kg.
- #17 - Total income from pollen sales

- #18 - Number of honey bee queens raised in BC
- #19 - Number of BC queens sold
- #20 - Number of packages / nuclei colonies raised in BC
- #21 - Number of BC-raised packages / nuclei colonies sold
- #22 - Number of BC-raised queens purchased
- #23 - Number of Imported queens purchased
- #24 - Number of BC-raised packages / nucleus colonies purchased
- #25 - Number of imported packages / nuclei purchased
- #26 - Number of colonies used for contract pollination
- #27 - Number of pollination contracts for each colony
- #28 - Total number of colony units used for crop pollination contracts
- #29 - Average pollination fee per colony
- #30 - Total estimated income from crop pollination contracts
