March 5, 2026

SUBMIT YOUR ANNUAL FISHERIES PRODUCTION SCHEDULE (AFPS) BY MARCH 31st, 2026

To:

Your company has been identified as having utilized the services of a provincially licensed or federally registered B.C. fish processing and/or cold storage facility in 2025. From available information, it appears that your production is not included in any of the annual reports submitted by these companies.

All B.C. seafood producers and receivers are required to provide the Ministry of Agriculture & Food with a report on their seafood production and selling activities under the *Fish and Seafood Act*. Data from all processors, receivers, vendors, and seafood marketers are combined and used for:

- Economic analyses
- Sector funding decisions
- Program and policy development
- International fisheries treaty negotiations

How to Submit Your AFPS

Please submit your AFPS electronically using the new and improved **WEB FORM.**
As per Ministerial Order M10/2025, please refrain from submitting paper forms, PDFs, or images.

Before You Fill Out the Web Form

- Ensure you have a **BASIC** BCeID. If you don't already have one, you can obtain one in just a few minutes by following these instructions. Note: a business BCeID will also work, but please refrain from registering for a new business BCeID as this process can take weeks.
- Refer to the **GUIDE** for instructions and tips on completing this AFPS.

The Ministry of Agriculture & Food will aggregate data across three or more companies for any public output.

If you have any questions, please email fishstats@gov.bc.ca. Thank you in advance for your participation!

Best regards,

Jonathon Vieira
Seafood Statistics & Research Officer
British Columbia Ministry of Agriculture & Food

See your data in action in our seafood publications and data tables.
