Dear Independent Taskforce:

Re: Independent Taskforce  
Independent Review of the British Columbia Utilities Commission

On July 15, 2014, Minister Bennett issued a letter to the Taskforce regarding the review of the British Columbia Utilities Commission (Commission). In that letter, some additional matters were raised for consideration and comment. Regarding the Commission's involvement in water regulation, it should be noted that in the past decade, at the direction of the Provincial Government, the Commission made preparations to take on responsibility for water utility regulation. However, before a transfer of duties occurred, the Provincial Government decided to maintain the status quo. We would be happy to share more information about this matter at your convenience.

At this time, the Commission has no further submissions to make on the items raised. We appreciate the opportunity to provide comments and look forward to further advancements in this process.

Kind Regards,

A handwritten signature in black ink, appearing to read "Len Kelsey".
