

Certificate of Registration

This is to confirm that KPMG Performance Registrar Inc. has registered
the Sustainable Forest Management System of

BC Timber Sales – Kamloops Business Area

Kamloops Timber Sales Office, 1265 Dalhousie Drive, Kamloops, British Columbia V2C 5Z5

to the Sustainable Forest Management System Standard

CAN/CSA – Z809-08

The Sustainable Forest Management System (including the organization's public participation process, SFM Plan, roads, harvesting and silviculture practices)
applies to the following defined forest area

Forestry operations on Crown forest land including planning and performance on active and completed timber sales as well as SFM system conformance by
individual participating BCTS licensees, permittees and contractors within the Nicola Thompson Fraser Defined Forest Area (BCTS operations within the
Kamloops, Merritt and Lillooet TSAs and Tree Farm Licence 18).

This registration is given subject to the terms and conditions governing the use of this certificate as described in the agreement between KPMG Performance Registrar Inc. and the holder thereof.
Registration does not assure the effectiveness of the Sustainable Forest Management System or continued compliance with relevant forest and environmental legislation and regulations.

Certificate No. 2265.16
Issue Date: January 04, 2006
Renewal Date: November 7, 2017
Expiry Date: September 15, 2018
