## **Re: Transition to new Wet Weather Shutdown Guidelines**

### **Attention: BCTS TSG Licensees and Contractors**

BC Timber Sales Strait of Georgia Business Area implemented new TCH/TSG Wet Weather Safety Shutdown Guidelines for all Timber Sales Licenses (TSL) formally sold after April 1, 2019.

Pre-existing TSLs sold before April 1, 2019 should continue to adhere to directions as specified by the project Terrain Stability Assessment, Site Plan and Harvest Plan or the 2006 TSG Wet Weather Shutdown Procedures. Otherwise, Licensees and Contractors may opt to use the new Wet Weather Shutdown Guidelines if it provides a higher level or more restrictive safety control.

To get a copy of the 2006 TSG Wet Weather Shutdown Procedures if they apply to your project please contact your BCTS representative.

**SUSTAINABLE FORESTRY INITIATIVE**
