

**Field Card use for LPC supervisors to support worker EMS tailgate training  
BEFORE STARTING WORK KNOW ABOUT:**

**1. Environmental and Sustainable Forest Management Policies**

- Complying with the law.
- Prevent / minimize impacts on the environment.
- Practice of sustainable forestry.
- Continual improvement.

**2. Emergency Response Plan**

- Know your eERP roles and responsibilities.
- Be prepared for emergencies i.e. fire, spills and erosion events.
- Know location of applicable ER equipment (spill kit, hand tools, fire suppression).

**3. Environmental Field Procedures**

- EFP #1 “General” applies to all workers.
- EFP #2 “Supervisors” applies to project and/or onsite supervisors.
- EFP #3 “Developing & Planning” applies to planning & development activities.
- EFP #4 “Roads Bridges and Major Culverts” applies road construction, maintenance, inspections and deactivation activities.
- EFP #5 “Harvesting” applies to all phases of harvesting activities.
- EFP #6 “Fuel Handling” applies to fuel handling activities.
- EFP #7 “Dryland Sort” applies to dryland sort activities.
- EFP #8 “Marine Log Handling Facilities” applies to construction & operations of log dumps, helicopter water drop zones, and direct barge-loading facilities.

*Know which EFPs apply to your job, and review them on your own and with your supervisor before starting work. Copies available from your supervisor or BCTS representative.*

**4. Stop Work Procedures (See EFPs)**

If not sure, Stop Work and contact your project supervisor or BCTS representative.

**5. What to report to Supervisor and BCTS**

- Hazardous Material Spills, Uncontrolled Fires & Erosion / Landslide Events.
- Potential non-compliances and non-conformances.
- Unidentified resource features, values or sensitive areas.
- Species at Risk sightings.
- Changes to project plan.
- Safety hazards, close calls/near misses or accidents.
