Snowden Demonstration Forest

Trails and Routes

The Snowden Demonstration Forest is a working forest managed by BC Timber Sales. Here you will find active harvest development, various silviculture methods, forest research installations along with many recreational opportunities. This area is frequented by a variety of user groups for its economic, cultural, recreational, fish and wildlife values. Trails are designated recreational features recognized by government agencies and are maintained as such. Routes are not designated recreational features recognized by government agencies. Both are subject to change. For your safety, please respect any posted temporary closure signs.

Suggested Trail Loops

Beginner: 7.8 km

Lost Frog Loop. Starting from the Lost Frog Parking area this is rideable clock wise or counter clockwise. Enjoy the flowy trails, creek draws and large second growth Douglas-Fir.

Intermediate: 14 km

Start at the Lost Lake Parking Lot. Follow Lost Lake trail to the Trimac Connector (on left). From Trimac turn right onto Riley Lake trail. Follow Riley Lake until it hits access road then turn right and climb this road until Wiley's Wood on the left. Follow Wiley's Wood to Enchanted Forest and turn left. Follow Enchanted until it meets with Lookout Loop Access Road. Turn right and travel the road to Frog Legs on the right. Take Frog Legs to Frog Lake Road and turn right. Follow Frog Lake Road then turn left at Escargot. Descend Escargot to Frog Lake Road, turn left, then at approx 40m turn right on access grade to Lower Lost Frog Loop. Turn right at junction and climb switchbacks to Upper Lost Frog. Follow Upper Lost Frog to junction with Lost Lake Loop. Stay to the right and follow slight climb until you reach Riley Lake. Turn Left on Riley Lake, then left on Trimac, then right onto Lost Lake back to the Lost Lake Parking Lot.

Advanced: 25+ km

Follow the 50km Trail Challenge Course for a true cross country trail workout. This route samples some of the best technical trails the Snowden Demonstration Forest has to offer.

Snowden Demonstration Forest

Trail Liability

Mountain Biking is an inherently dangerous sport. Know your limits and ride within them. Trails are natural environments and can change due to weather and use. Be aware that new trail hazards may develop over time. Always inspect the terrain before attempting to ride. Ride at your own risk.

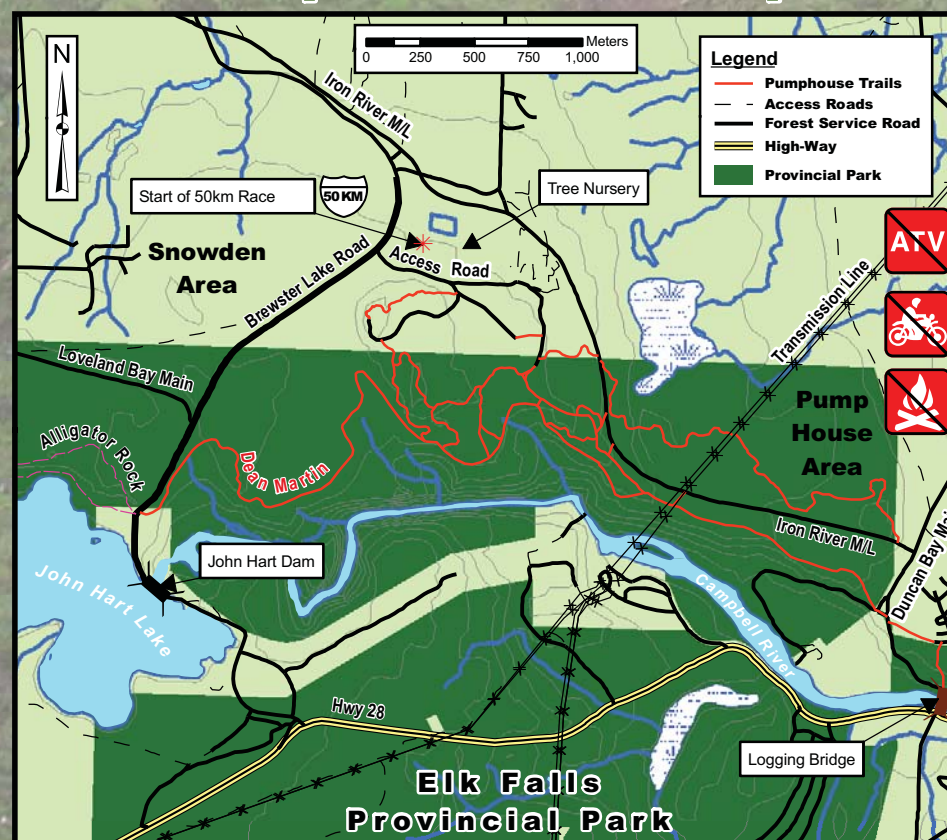

Trail Etiquette

- Ride, don't slide! Skidding damages trails.
- Travel at a safe pace for conditions, control your speed.
- Know your limits and ride within them.
- Yield to pedestrians and horse riders.
- Share the trail, don't impede other users.
- Pass with care and only when safe to do so.
- When stopping, pull off to the side of the trail.
- Pack out your garbage-leave no trace!
- Avoid riding during muddy conditions, consider other options.
- Stay on the trail and do not create braids.
- Support your local trail maintenance crew!
- Bring a First Aid Kit and know how to use it.
- Expect the unexpected, be prepared and self sufficient.
- John Hart Lake is in a Community Watershed-No swimming or dogs allowed.

Trail Ratings

- **Class: Very Easy/Easy**
Description:
 Smooth trail surface. Any obstacles such as small exposed rocks or roots are easily avoided or ridden over.
 May Contain: Small roots, exposed rock, grades up to 15%.
- **Class: Intermediate/Difficult**
Description:
 Challenging riding with steep slopes and/or obstacles. Possibly on a narrow trail with poor traction. Requires riding experience.
 May Contain: Rollable drops, larger roots, larger exposed rocks, loose rocks, logs across trail and loose surface.
- ◆ **Class: Very Difficult/ Advanced**
Description:
 Very Difficult rocky and rooty sections with numerous natural technical features to avoid or ride over. Experienced riders only.
 May Contain: Very steep slopes, rough uneven terrain, sharp corners, steep rock faces, logs across trail.
