Reference Card

Feature Codes		Information Source Codes	
Archaeological Resource	A	Archaeological Impact Assessment	AiA
Culturally Modified Tree	CMT	Archaeological Overview Assessment	AOA
Cultural Plants	P	CMT survey	S - CMT
Cultural Trail	CT	Consultation/referral records	C
Ecological Features with Cultural Significance	EF	FRA/FRO Areas of Interest	FRA or FRO
Traditional Use, Spiritual, or Ceremonial Sites or Features	TUA	Personal Communication	PC
Area of Potential	AOP	<i>(please specify in comments)</i>	
High Potential Zone	HPZ	Preliminary Field Reconnaissance	PFR
Other	O	Pre-harvest CHR survey or assessment report	S - PH
		Site Plan or Silviculture Prescription	SP (1) or SP (2)
		Traditional Use Study	TUS
		Other	O

Reserve Codes ( reserve type )		
PR	Patch riparian	Treed patch left within a riparian management area. Use riparian designation regardless of patch being classified as WTP on site map.
PW	Patch wildlife	Treed patch left outside of RMA and designated as a wildlife tree patch.
PO	Patch other	Tree patch left outside of RMA for purpose other than PR, PW and anticipated to remain for the full rotation.
PT	Patch Temporary	Treed patch that will likely be harvested before rotation end (e.g., indication on map that this is a temporary deferred area).
PU	Patch unidentified	A patch found in the field but not mapped. No indication on map regarding patch purpose and patch not in RMA.
DR	Dispersed riparian	Dispersed trees left within a RMA. Use riparian designation regardless of other coding from map.
DW	Dispersed wildlife	Dispersed trees left outside of RMA and designated as wildlife trees.
DO	Dispersed other	Dispersed trees left outside of RMA for purpose other than DR, DW, and anticipated to remain for the full rotation.
DT	Dispersed temporary	Dispersed trees that will likely be harvested before rotation end (e.g., indication on map that trees are left as part of a commercial thin or shelterwood).
CC	Clearcut	Zero retention stratum.
AOP	Area of potential	Expected areas of potential CHR values, identified by archaeologist or First Nations, that have not been field-tested or confirmed.
HPZ	High Potential Zone	

Opening ID

Feature ID(s) (from Form A)

**4. Site or Feature Description**  Individual feature  Composite site or feature: Composite ID# \_\_\_\_\_ (please assign)

Cultural trail - designated  Burial site  Nest (eagle, goshawk, other)  
 Cultural trail - undesignated  Cremation site  Den (bear, cougar, coyote, other)  
 \_\_\_\_\_ CMTs  Ceremonial site  Cave or other Karst feature  
 Traditional use site  Cedar bark strip area  Rock outcrop  
 Spiritual site  Individual monumental cedar  Other (describe): \_\_\_\_\_  
 Cultural Depression  \_\_\_\_\_ monumental cedar  
 Lithics

Description of site or feature and location description:

Size of area influenced by site/feature area: Width \_\_\_\_\_ x Length \_\_\_\_\_ m OR Area \_\_\_\_\_ ha

Is this CHR a registered archaeological site?  Yes  No Borden #: \_\_\_\_\_

**5. Location** UTM Coordinate: Zone \_\_\_\_\_ E \_\_\_\_\_ N \_\_\_\_\_

Check all that apply, if known:  
 In harvested area  Adjacent to block  Adjacent to, or in close proximity to water  Other  
 Entire cutblock area  In reserve - type: \_\_\_\_\_ (see references)

**6. Age** Check all that apply:  Pre-1846  Post-1846  Age unknown  Historical use

**7. Management Planning**

	Recommendation(s) by First Nation(s) (specify First Nation(s))	Recommendation(s) in AIA or site alteration permit	Identified in site plan
<b>Management Strategy</b>	<input type="checkbox"/> No First Nations provided management recommendations	<input type="checkbox"/> No permit issued <input type="checkbox"/> Yes Permit # _____	<input type="checkbox"/> No management strategies noted in SP
Modify block boundary to avoid the feature	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Retain a buffer or _____ m around site or feature	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Retain in harvest area - no buffer	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Crown or stand modification	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Conserve in rotational reserve type: _____	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Conserve in temporary retention area type: _____	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Date the feature	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Stub (some/all) CMT(s) above scars	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Stub (some/all) non-CMT(s)	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Leave standing where safe to do so	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Alter silviculture activities	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Other: _____	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes
Other: _____	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes	<input type="radio"/> No <input type="radio"/> Yes

Additional comments on Form C

**8. Management Effectiveness (field portion)**  Unable to Locate the feature

For composite features:  
 One mgmt. strategy used for all features  Different mgmt. strategies used  N/A (Individual feature)

Check all that apply:

No management of the site or feature  Partially conserved in permanent reserve type: \_\_\_\_\_  
 Modified block boundary to avoid the feature  Fully conserved in permanent reserve type: \_\_\_\_\_  
 Retained a buffer of \_\_\_\_\_ m around site or feature  Partially conserved in temporary reserve type: \_\_\_\_\_  
 Completed crown or stand modification  Fully conserved in temporary reserve type: \_\_\_\_\_  
 Dated the feature  Retained in harvest area - no buffer  
 Left standing where safe to do so  Stubbed (some / all) CMT(s) above scars  
 Altered silviculture activities Other: \_\_\_\_\_

Q1 Is there evidence of damage to the site or feature?  Yes  No

Q2 Where damage has occurred, what is the most likely cause?  
 Harvesting activities  Recreation use  Wind throw  Industrial use  Fire  
 Silviculture activities  Road building  Site modification for safety reasons  Livestock  Other

Description of damage (where applicable):

Q3 Has the feature been irreversibly damaged or rendered unsuitable for continued use?  Yes  No  Don't know  
If yes, explain in Q7

Windthrow management  Was the retention area/trees windfirm?  Yes  No  
Est % windthrow \_\_\_\_\_ %

Windthrow management techniques applied: None  Retention buffer   
 Topping  Pruning  Feathering  Other:  If other please describe: \_\_\_\_\_

Trail Features:  Can the trail still be located?   
 With respect to management area Is there evidence of damage?   
 Has the trail been made less passable?   
 Estimated % of trail length in or adjacent to the block with evidence of damage: \_\_\_\_\_ %

**6. Feature Summary Observations**

Q4 Were there operational factors that limited CHR management options for this feature?  Yes  No

Q5 Were there management strategies and/or practices used for this feature that were particularly effective?  
 Yes  No

Q6 Are there management strategies and/or practices that could have been used to reduce the impact on this CHR feature?  
 Yes  No

Q7 To what extent did practices for this feature maintain CHR value(s) given the recommendations and opportunities that were available?  Very poorly  Poorly  Moderately  Well  Very well  Don't know

Rationale:

Additional comments on Form C

**4. Block Summary ( complete only if more than one feature )**

**Q8** Were there operational factors that limited CHR management options on this block?

Yes  No      Description:

**Q9** Were there management strategies and/or practices used on this block that were particularly effective in managing CHR values?

Yes  No  N/A      Description:

**Q10** Are there management strategies and/or practices that could have been used to reduce impacts on CHR values on this block?

Yes  No  N/A      Description:

**Q11** To what extent did practices on this block maintain CHR values given the recommendations and opportunities available?

Very poorly  Moderately  Very well

Rationale:  Poorly  Well  Don't know
