Abstracts Service (CAS) registry number 108–78–01, molecular formula C<sub>3</sub>H<sub>6</sub>N<sub>6</sub>). Melamine is also known as 2,4,6-triamino-s-triazine; 1,3,5-Triazine-2,4,6-triamine; Cyanurotriamide; Cyanurotriamine; Cyanuramide; and by various brand names. Melamine is a crystalline powder or granule. All melamine is covered by the scope of this investigation irrespective of purity, particle size, or physical form. Melamine that has been blended with other products is included within this scope when such blends include constituent parts that have been intermingled, but that have not been chemically reacted with each other to produce a different product. For such blends, only the melamine component of the mixture is covered by the scope of this investigation. Melamine that is otherwise subject to this investigation is not excluded when commingled with melamine from sources not subject to this investigation. Only the subject component of such commingled products is covered by the scope of this investigation.

The subject merchandise is provided for in subheading 2933.61.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading and CAS registry number are provided for convenience and customs purposes, the written description of the scope is dispositive.

#### Certain Softwood Lumber Products From Canada: Amended Final Results of Antidumping Duty Administrative Review in Part; 2022

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) is amending the final results of the administrative review of the antidumping duty (AD) order on certain softwood lumber products (softwood lumber) from Canada to correct certain ministerial errors. The period of review (POR) is January 1, 2022, through December 31, 2022.

**DATES:** Applicable September 24, 2024.

**FOR FURTHER INFORMATION CONTACT:** Maisha Cryor, AD/CVD Operations,

Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–5831.

### SUPPLEMENTARY INFORMATION:

#### Background

On August 19, 2024, Commerce published, in the **Federal Register**, the final results of the administrative review of the AD order on softwood lumber from Canada for the POR.<sup>1</sup> On August 21, 2024, we received a timely submitted ministerial error allegation from West Fraser Mills, Ltd. (West Fraser), a mandatory respondent in this administrative review.<sup>2</sup> We are amending the *Final Results* to correct the ministerial error alleged by West Fraser.<sup>3</sup>

#### Legal Framework

Section 751(h) of the Tariff Act of 1930, as amended (the Act), defines a “ministerial error” as including “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other unintentional error which the administering authority considers ministerial.”<sup>4</sup> With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce “will analyze any comments received and, if appropriate, correct any . . . ministerial error by amending the final results of review . . .”

#### Ministerial Errors

In the *Final Results*, we made certain revisions to our preliminary results calculations for West Fraser, including setting the stage of the proceeding in the comparison market program to final.<sup>5</sup> In its ministerial error comments, West Fraser alleged that Commerce failed to make the same adjustment in the corresponding margin calculation

<sup>1</sup> See *Certain Softwood Lumber Products from Canada: Final Results of Antidumping Duty Administrative Review, Partial Rescission of Administrative Review and Final Determination of No Shipments; 2022*, 89 FR 67067 (August 19, 2024) (*Final Results*), and accompanying Issues and Decision Memorandum (IDM).

<sup>2</sup> See West Fraser's Letter, “Request for Correction of Ministerial Errors in the Antidumping Duty Administrative Review Calculations,” dated August 21, 2024, at Attachment I (West Fraser Ministerial Error Allegation).

<sup>3</sup> See Memorandum, “Antidumping Duty Administrative Review of Certain Softwood Lumber Products from Canada: Analysis of Ministerial Error Allegations,” dated concurrently with this notice (Ministerial Error Memorandum).

program, *i.e.*, setting the stage of the review segment in the margin program to “final.”<sup>6</sup> West Fraser alleged that by failing to set the stage of the review segment to final (instead of preliminary) in the margin calculation program, Commerce inadvertently accessed certain databases from the preliminary results margin program.<sup>7</sup> West Fraser also alleged that the preliminary results margin program databases at issue did not incorporate the calculation changes that Commerce made for the *Final Results*.<sup>8</sup>

We agree with West Fraser that we made a ministerial error in the *Final Results*, pursuant to section 751(h) of the Act and 19 CFR 351.224(f), and have amended our calculations to correct the stage of the review segment section of the margin program.<sup>9</sup> As a result, we also revised our calculation of the dumping margin for the non-selected companies.<sup>10</sup>

Pursuant to 19 CFR 351.224(e), we are amending the *Final Results* to correct this ministerial error in the calculation of the weighted-average dumping margin for West Fraser, which changes from 5.32 percent to 5.04 percent.<sup>11</sup> Furthermore, we are also amending the rate for the companies not selected for individual examination in this review based on the weighted-average dumping margins calculated for the mandatory respondents,<sup>12</sup> which changes from 7.80 percent to 7.66 percent.<sup>13</sup> For a complete discussion of the ministerial error allegation, as well as Commerce’s analysis, see the accompanying Ministerial Error Memorandum.<sup>14</sup> The Ministerial Error Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).

<sup>11</sup> See Ministerial Error Memorandum; see also WF Amended Final Calculation Memorandum.

<sup>12</sup> The margin for the other mandatory respondent, Canfor Corporation, remains unchanged from the *Final Results* and continues to be 10.44 percent.

### Amended Final Results of Review

As a result of correcting the ministerial errors described above, we determine the following estimated weighted-average dumping margins for the period January 1, 2022, through December 31, 2022:

Exporter or producer	Weighted-average dumping margin (percent)
West Fraser Mills, Ltd .....	5.04
Companies Not Selected for Individual Review <sup>15</sup> .....	7.66

### Disclosure

We intend to disclose the calculations performed in connection with these amended final results of review to parties in this review within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

### Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the amended final results of this review.

We intend to calculate importer- (or customer-) specific assessment rates on the basis of the ratio of the total amount of antidumping duties calculated for each importer’s (or customer’s) examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific rate is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the companies not selected for individual review, we used an assessment rate based on the weighted average dumping margins of the mandatory respondents, based on their publicly ranged sales data.<sup>16</sup> The amended final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the amended final results of this review and for the future deposits of estimated duties where applicable.<sup>17</sup>

<sup>15</sup> See Appendix.

<sup>16</sup> See Non-Selected Rate Analysis Memorandum.

<sup>17</sup> See section 751(a)(2)(C) of the Act.

Commerce’s “reseller policy” will apply to entries of subject merchandise during the POR produced by companies included in these final results of review for which the reviewed companies did not know that the merchandise they sold to the intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.<sup>18</sup>

Commerce intends to issue assessment instructions to CBP no earlier than 41 days after the date of publication of the amended final results of this review in the **Federal Register** in accordance with 19 CFR 356.8(a). If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

### Cash Deposit Requirements

The following amended cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after August 19, 2024, the publication date of the *Final Results*, as provided by section 751(a)(2)(C) of the Act: (1) the amended cash deposit rate for the companies listed above will be equal to the weighted-average dumping margin established in these amended final results of review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 6.04 percent *ad valorem*, the all-others rate established in the less-than-fair-value

<sup>18</sup> For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

investigation.<sup>19</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

### Notice Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

### Notification to Interested Parties

We are issuing and publishing these amended final results of review in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 351.224(e).

Dated: September 18, 2024.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) preliminarily determines that melamine from the Netherlands is being, or is likely to be, sold in the United States at less than fair value (LTFV). The period of investigation is January 1, 2023, through December 31, 2023. Interested parties are invited to comment on this preliminary determination.

<sup>26</sup> In *Softwood Lumber from Canada AR4*, we determined that it was appropriate to treat Interfor Corporation and Interfor Sales & Marketing Ltd. as one entity. See *Certain Softwood Lumber Products from Canada: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2021*, 88 FR 50106 (August 1, 2023) (*Softwood Lumber from Canada AR4*), at Appendix II. Thus, we have removed from the ACE module case number for Interfor Corporation and Interfor Sales & Marketing Ltd. under the ACE module case number for Interfor Corporation and Interfor Sales & Marketing Ltd. (A-122-857-118).

<sup>27</sup> The ACE module contains separate case numbers for T.G. Wood Products Ltd. Wood Products and TG Wood Products as separate companies; rather we named T.G. Wood Products Ltd. as the sole respondent in the first and second administrative reviews of this proceeding and TG Wood Products.
