

2021 Coast Crown Tenure Mangement Cost Survey - All Surveys

Notice #3

Update On Survey Certification Requirements For Years 2017, 2018, 2019, 2020

Date: February 19, 2021

For Community Forest Agreements, Woodlot Licenses and reporting entities with less than 50,000 cubic meters of harvest volume for the reporting year, the minimum survey certification requirement is as follows:

A single certification from either of:

- Owner of the reporting entity
- President, Chief Executive, Chief Operating Officer or Chief Financial Officer
- British Columbia Chartered Professional Accountant

For reporting entities with greater than 50,000 cubic meters of harvest volume for the reporting year, the minimum survey certification requirements are as follows:

A dual certification from:

- British Columbia Chartered Professional Accountant
and
- British Columbia Registered Professional Forester or an Executive Operating Officer of the company.
