## **2024 Coast Crown Tenure Management Cost Survey**

Date: March 28, 2024

A) Re: Schedule B.14 Root Disease Control with Biogeoclimatic Ecosystem Classification

Note that this operation is now a Tenure Obligation Adjustment (TOA), rather than a Specified Operation (SO).

The data request remains unchanged.

B) Page 47 refers to Barging and Towing as Schedule B12. This should read Schedule B10.
