

## **What's New for Version 4.14 - October 31<sup>st</sup>, 2018**

The following recent upgrades have been made to the ECAS application:

1. INTERIOR - Removed the submit validation for the old Camps variable for Appraisals on or after July 1, 2018.
2. INTERIOR – Fixed issue with the ECAS ADS reports showing incorrect data for enhanced silviculture.
3. INTERIOR – Removed two old data fields, "Rate Calculation Method" and "Comparative Cruise" from the ADS reports.
4. INTERIOR – Added fields for Applicable Volume in the Water Transportation, Special Transportation and Administration (Camps) sections of the Log Transportation / Administration screen.
5. INTERIOR - Added a new field for applicable volume on the Specified Operations screen.
6. COAST & INTERIOR – fixed the issue with appraisals becoming uncertified when district receives ADS. In addition, will now have warnings & confirmations for any de-certifications.
7. COAST & INTERIOR - Fixed the error below that causes the BCTS XML Uploads to be rejected.  
“the record in table APPRAISAL\_DATA\_SUBMISSION has been previously modified by package/procedure  
PKG\_ECAS69\_BC\_TIMBER\_SALES,UPDATE\_ADS.”
