Advent Technologies Inc. CompMate	2023.00 or 2024.00	July 1, 2023	I

C = Coast
I = Interior
S = Stump

A cruise must be compiled using the version in effect at the time that it is compiled. Cruises that were already compiled using the previous compilation version may be submitted in an appraisal up to three months following the effective date of the new version.

* There were no required compilation changes in 2024. Either versions 2023.00 or 2024.00 shown above are acceptable, which will both produce identical cruise summaries.
