This statement reflects the cut control position of the licence to the end of December 31, 2024. The tenure holder must ensure the licence is compliant with provisions under Division 3.1 of Part 4 of the Forest Act by not exceeding the cut control limit at anytime. Failure to remain within the legislated cut control limits will result in a penalty assessment. Be advised that a licence is not eligible for an attribution if the cut control limit is exceeded. If this statement follows the licence term or cut control period, as described under section 75.1(1) of the Forest Act, then this statement will be deemed final 30 days after the issued date, unless the Coast Area office is notified of an error or omission.

Percent Harvest of Maximum Volume Available under Licence						0.00%	

This statement reflects the cut control position of the licence to the end of December 31, 2024. The tenure holder must ensure the licence is compliant with provisions under Division 3.1 of Part 4 of the Forest Act by not exceeding the cut control limit at anytime. Failure to remain within the legislated cut control limits will result in a penalty assessment. Be advised that a licence is not eligible for an attribution if the cut control limit is exceeded. If this statement follows the licence term or cut control period, as described under section 75.1(1) of the Forest Act, then this statement will be deemed final 30 days after the issued date, unless the Coast Area office is notified of an error or omission.
