

Cascades Natural Resource District Small Scale Salvage Program Professional Application Checklist

The following list specifies the requirements of a “Professional Application Package” for a Licence under the Small Scale Salvage Program; incomplete packages will not be accepted.

- Pre-Plan Approval Document (signed by SSS Coordinator)
- Cover Letter (includes project overview, proposed Term of Licence, Legal Company Name or individual, FOR Client# or Client Form Completed, Worksafe BC #, request signed by applicant or authorized person.)
- Professional Site Plan (standardized format, includes map)
- First Nations Referral Summary (attach applicable Preliminary Field Review (PFR) or assessment.)
- Completed Referral Package (including but not limited to First Nations, Range Licensees, Major Licensees, BCTS, Recreation Sites and Trails Program, Highways, etc. indicating no issues with proposed development.)
- Two 1:10,000 PDF maps indicating harvest area(s)
- Verification of Land Status and ownership (e.g. review of Mapview or iMap)
- Road Use Agreements identified (attach copy of agreements)
- ESF digital submission to FTA and RESULTS
- Stumpage Rate Request Form
- List of Active Sales held and/or Pre-Plan Approved projects
