

## NOTES – TFL 18 Management Plan #10 Final Submission

### Changes in Final MP Submission:

1. Page 1, Section 1.1, first line: Changed draft MP to proposed MP.
2. Page 3, Bullet 1: Updated to identify incorporation in Information Package, as opposed to “Draft” Information Package.
3. Page 3, last line: Added analysis to balsam IU reference.
4. Page 4, Bullet 3: Updated to reflect that VQO polygons agreed to by Lakes Committee were modelled in the Timber Supply Analysis. Also explanatory footnote added.
5. Page 4, Last Bullet: Updated to reflect the change to Minimum Harvest Age approach to harvest scheduling.
6. Page 6, Line 1: Takeback volume amended from 70,000 to 60,000m<sup>3</sup>.
7. Page 8, Section 1.1, last paragraph: Updated to incorporate the “Acts and Regulations” direction.
8. Page 10, Section 3.1 Bullet 1: Updated to incorporate completion of VLI work on selected lakes in TFL 18.
9. Page 11, Section 4.1.1: Removed last line of paragraph 1, and added line discussing mountain pine beetle at the end of paragraph 2.
10. Page 12, Section 4.1.2 First paragraph: Objectives modified to address forest health priority modelled in analysis.
11. Page 14, Section 4.1.8: Priority 1 and 4 are modified to reflect emphasis on management of susceptible lodgepole pine stands.
12. Page 15, Section 4.1.12: Changed to reflect the proposed harvest level.
13. Page 15, Section 4.1.13: Changed to reflect the proposed harvest level information.
14. Page 16, Section 4.2.1, Last sentence. Removed due to changing and evolving legislation.
15. Page 17, Section 4.2.2, Bullet 3: Amended to show overriding priority of forest health on patch size management.
16. Page 18, Section 4.2.4, Third para, Last sentence: Modified for clarity.
17. Page 23, Section 4.2.10, Last para: Deleted as it duplicates previous commitments.
18. Page 26, Section 4.5.1, First para: Portion deleted regarding digital flight data. With the scale of infestation the cost of this activity does not provide value.
19. Page 37, Second para: Deleted as not of value due to the focus and scale of forest health specific development.
20. Page 46, Section 9.1: Modified to reflect MP implications.
21. Page 46, Section 9.2: Modified to reflect MP implications.
22. Page 51, Section 12: Updated.
23. Appendices updated with correspondence since draft plan was advertised.
